

AMONG THE EXCHANGES OF THE INLAND EMPIRE

Reclaiming the Desert.
The stockholders of the Deschutes Irrigation and Reclamation Company held their annual meeting at Pendleton last Saturday. New officers were elected for the coming year and the policy of the company for the next season was discussed. Frank Glass was elected president, William Johnson was made secretary and treasurer. The work on the reclamation of the land to be used in cultivation this year. This company has worked at its project for many years and will probably be able to show to the doubtful what Deschutes valley will do under primeval review.

Needle in Child's Breast.
The small child of G. M. Irvine of this city was brought to town Monday to have some foreign substance removed from its breast. The parents of the child were of the opinion that the something was a needle which at a loss to account for its presence. The next morning Dr. L. H. Ripper made an examination and detected that a needle it was. He made an incision and removed a needle from an inch and a half in length from the child's breast. The needle was covered until it was as black as ebony, but strange to relate no effects had been observed from its presence. Its position was near the skin and it was lying laterally in the chest.—Grant County News.

Deep Snow in the Mountains.
G. W. Ellis, the stockman, was in Rock Wednesday. He recently returned from Camas Prairie, where he had gone with some horses, and returns this week with his stock. He says he will spend the summer collecting his dairy. He winters

near Pilot Rock and spends the summer months in Camas Prairie. He informs the Record that not within the last 25 years has the snow been so deep as now in the mountains. He reports four feet on top of the Yellow Jacket, and 14 inches on the level at Alba. He expects to see all this snow go in about three weeks. His stock has wintered finely and says the winter has been all that any stockman could wish for.—Pilot Rock Record.

Civilization's Burdens Multiply.
The city council made three important moves in municipal matters last evening, but left a great many things undone which should have been attended to, and which it was expected would come up. The mayor in a communication called attention to a new bond issue as stated in the Capital News last evening. The Chinese temple, which has become a source of annoyance because of its character, came up in the form of a petition which was referred to the police committee, and the finance committee was clothed with authority to purchase a team for the street sweeper if they deemed it necessary.—Boise Capital News.

Case of Black Tongue.
E. Ripper lost a valuable Short-horn yearling heifer last Sunday which died from what is known as "black tongue." This is an infectious disease and cattlemen had better look out. Mr. Ripper has taken every precaution against the spread of the disease, having thoroughly disinfected his premises. From the papers we learn that the disease is prevalent in the Walla Walla and Freewater countries under the name of "dropy." But Frank Spike, who is an authority on diseases of stock, has diagnosed it as "black tongue."—Echo News.

POSTAL CONGRESS

INTERNATIONAL IN ITS SCOPE AND ORGANIZATION.
Comprises Europe and All English-Speaking Countries—Effort to Secure Universal Penny Postage—This Measure, Adopted by New Zealand, Will Be Proposed for General Use, and Has Many Advocates.

London, March 21.—Advices from Rome say that the proceedings of the World Postal Congress scheduled to begin in that city today may be delayed a few days to await the arrival of some of the foreign delegates. The congress will be attended by representatives of all the countries within the Postal Union in Europe, America and Australia. Former Congressman Loud, of California, has been designated to represent the United States government.

A determined attempt will be made at the congress to obtain acceptance of the principle of universal penny postage. Sir Joseph Ward, postmaster-general of New Zealand, will move a resolution declaring its desirability. He will be able to speak with the authority of personal and official experience, New Zealand having long established for itself penny postage, not only within its own borders, but by sea-borne mails.

Five years ago, when the last postal conference took place at Washington, the representative of Great Britain proposed a universal two-penny postage. This failed to gain general acquiescence, but the apostles of universal penny postage now look forward with sanguine hope to the result of the Rome conference.

LAKE ERIE LONGSHOREMEN.

Discussing Wage Scale and Conditions of Labor.
Cleveland, O., March 21.—About 100 delegates representing all the ports on both sides of Lake Erie, were present today at the opening of the conference of the International Longshoremen, Marine and Transport Workers' Association. The meeting is for the purpose of discussing the wage scale and conditions of labor for the coming season. The results of the conference will be submitted for agreement to the dock managers at the joint conference here next week. The association expects little difficulty in reaching an amicable agreement with the managers.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver and kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run-down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by Tallman & Co., druggists.

The republicans of the 10th Georgia district certainly have the courage of a full set of convictions on the race question. They have nominated Slim Walton, a negro barber of Augusta, for congress.

HERE AT HOME.
Pendleton Citizens Gladly Testify.
It is testimony like the following that has placed "the old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Pendleton citizen.
Charles W. Beale, expressman, living at 300 West Tustin street, corner of Aura street, and well known to every resident of Pendleton, says: "For four years past I have been troubled with kidney disorders, caused, I think, by heavy lifting required by my occupation. The strain was such that I was unable to stoop or rise without pain and effort. The kidney secretions were irregular, especially at night and caused me much discomfort. When I first heard of Doan's Kidney Pills I decided to try them and got a box at Brock & McLeod's drug store. They have relieved me to a very great extent, and I have the greatest confidence in them."
Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. For sale by all dealers.
Remember the name—DOAN'S—and take no other.
