SHOT IN THE LUNG

CAUSED BY STRIKING GUN ON THE WAGONBED.

Bullet Penetrated the Body, Where it Now Is—Struck the Left Breast Over the Heart, Ranging to the Right—Young Man Drove Several Miles, Hitched a Team and Came to Town.

Bernie Bowman, aged 20, a brother of Dan Bowman, of this city, was shot in the breast yesterday afternoon about 4 o'clock, near his home on McKay creek, and is now at the home of his brother in this city, with a bullet in his right lung.

Bowman was hauling wheat and his small brother was driving the team, while Bernie sat in the back of the wagon on the sacks, shooting at squirrels with a 22-calibre rifle. Becoming tired of the sport he started to climb into the wagon seat, and stumbled over a sack in the bottom of the wagon. He was holding the gun by the barrel and when he stumbled forward the hammer caught on the side of the box and discharged the load into his breast.

The bullet entered just over the heart, passed under the breast bone and lodged in the right lung. At first it was thought the wound was serious, but it is not thought to be dangerous unless complications set in.

After being shot young Bowman

MRS. MARY P. SAVILLE DEAD.

Aged Woman Passes Away at St. Anthony's Hospital With Pneumonia.

Mrs. Mary P. Saville, aged 65 years, died of pleuro-pneumonia, at St. Vincent's hospital, at midnight, last night, after an illness of two weeks.

She was taken to the hospital yesterday morning, but was very low at the time, and the fatal disease could not be checked. She was an aunt of P. Saville, the well known collector of this city, and had kept house for him since his childhood. She came from Skagway, Alaska, to Pendleton, about a year ago. The funeral will be held at the Catholic church, at 9 o'clock tomorrow morning, and the interment will take place at Olney cemetery at 10 o'clock.

MRS. CAMERON TO PORTLAND.

Left Last Night for the Bedside of Her Husband, Who Was Reported Worse.

Mrs. C. A. Cameron, accompanied by her son, Charles, left last night for Portland, in answer to a message from Nellie, who has been at the bedside of her father for several days, stating that he was worse.

Mr. Cameron has been in St. Vincent's hospital for several weeks, and while his condition has not been considered serious, he is not improving as rapidly as was hoped. A message from Portland this morning brings the news that he was resting much easier than last night, when Mrs. Cameron was summoned to Portland.

It makes a woman furious to have her husband treasure an old pipe as if it were the first pair of shoes the baby ever wore.

SCHOOL ATHLETICS

GOOD, STRONG TEAMS IN EVERY DIRECTION.

Positions Are Not Assigned, But the Work is Progressing Finely—Expect to Add a New Event—Distance Class is Large, But Jumpers Are Not so Numerous—Seven Are Handling Weights.

Football times has passed with the boys at the high school, and basketball with the girls, and now all the athletic interest of the school is turned toward the track team and what is expected of it as the spring meet during commencement week, or perhaps a little before that time.

Captain Will Wyrick is getting his men into line and practice work has commenced. At the present time there are no certainties on the team as far as position is concerned, but the men will train around the circle until all have been tried in the different events, and when a man is found to fit in the place he will be kept where he can do the most good to the team. It is not the preference of the athletes so much as the good of the team that is troubling the captain at this stage of the game, and he will see that the men are trained for the right events by the time the field days come into sight.

There are some good men among the squad that is now beginning to limber up of an evening, and the rooters for the school are hopeful that they will be on the winning side this year when Baker City and the other old enemies come for their dressing down.

Will Add New Event.

It is thought that one new event will be added to the program this spring, and the Pendleton boys would like to have it for one, as they have some fast ones among their short distance men. In the past 100 yards has been the shortest sprint in the list, and this year an effort will be made to add the 50-yard dash to the program.

In the sprints Will and Guy Wyrick, Fred Hartman, Dell McCarty, Clarence Bolleman and George Strand will strive for the honors for the local team.

The distance class is a large one and nearly all of the men who are on the track at this time are training in the bunch, not only that they may gain wind and time, but that they may perchance learn things about their speed and endurance which they have not known heretofore, and so be able to take some of the points when the day of trial comes. Among the string now taking their daily turns are Roy Leezer, George Strand, Fred Milne, E. Boynton, A. Warner, See Williams, F. Pierce, B. Bolleman, the Cresswell brothers, Roy Alexander, James Reeves, Orville Reeves, J. Harvey, A. Carney and Fred Vincent.

Different Jumping Events.

The jumping events are not so overcrowded, but those who are trying to put themselves in trim are good at their business and will make a showing. They are Lester Cronin, E. Boynton, J. Reeves and O. Jay.

The hurdle events claim Se Williams, J. Reeves, E. Boynton and C. Turner as their victims, and the men are training hard for the yearly trip to the altar.

The pole vault is another light list, but has some men who have good records behind them. Those who will try for the event are O. Jay, L. Ordain, E. Boynton and Roy Leezer.

O. Reeves, Cronin, Boynton, Hartman, Glen Scott, G. Strand and O. Jay will train for the weights.

Strong All-Round Team.

Altogether the team this year will be as strong as it was last year at least, and perhaps will be stronger by the time the new material gets whipped into line and limbered up. From now on the training will be in earnest and it will be the effort of the management to get the team into shape so that a local tryout can be held some time before the main field day is held, in order that some choice may be made of the men who are trying for places and that the personnel of the team may be determined.

TO SAN FRANCISCO.

Dr. Mann Thinks of Locating in Panama, After Post-Graduate Studies.

Dr. and Mrs. E. A. Mann will leave in the morning for San Francisco, where they will remain for an indefinite time. For some time Mrs. Mann has been troubled with her ears, and is now slightly deaf, and while in San Francisco will put herself under the care of a specialist. While in the city Dr. Mann will take a post-graduate course in dentistry.

After visiting in California, Mr. and Mrs. Mann may go to Panama for a trip, and if a favorable opening presents itself the doctor may decide to remain there. Falling in this, however, it is possible that they may return to Pendleton.

GIBBS DISCHARGED.

All the Testimony Completely Exonerated Him.

Carlos Gibbs, who was held by the sheriff yesterday morning as a possible witness at the coroner's investigation into the death of Isaac Howard, the boy who fell from the train at Kamela yesterday morning, was released from custody in the afternoon on receipt of word from M. J. Buckley, the superintendent of the mountain division of the O. R. & N. Howard regained consciousness before he died, and exonerated the company from all blame. He said he was stealing a ride on the train

and lost his hold, falling under the wheels.

Gibbs bought a ticket yesterday afternoon for Seattle, where he is going to join a brother who resides in that city. He has evidently had all the stolen rides he wishes, for a time at least.

MEDAL CONTEST.

Miss Rader Received the Award—All Contestants Did Nicely.

The first of the Demorest medal contests which was held last evening at the Baptist church was a decided success. A large audience greeted the young contestants, and much enthusiasm was manifested during the meeting.

Mrs. E. P. Marshall, Mrs. S. A. Lowell and Prof. E. Ray Jones were selected as judges for the contest, and after a short conference, awarded the medal to Miss Lucile Rader, by a close margin. All of those who contested did their parts in a very creditable manner.

This was the first of the silver medal contests to be held under the auspices of the W. C. T. U., and was of such a gratifying nature that another will be arranged in a short time.

The musical part of the program, both instrumental and vocal, added variety and charm to the evening, and was much appreciated. The program as rendered was as follows:

- Invocation.
- Song, "Old Hundred"—Audience.
- Invocation.
- Vocal duet—Prof. Jones, Miss Jones.
- Recitation—Ames Stillman.
- Recitation—Gertrude Huffman.
- Piano solo—Mrs. Rubedeau.
- Recitation—Clara Pierce.
- Recitation—Roy Roland.
- Quartet—Messrs. Jones, Rader, Owen and Lundell.
- Recitation—Lucile Rader.
- Instrumental duet—Messrs. Scott and Owenhouse.
- Recitation—Eva Rothrock.
- Recitation—Laura McKee.
- Song, "America"—Audience.
- Presentation of medal.

DIED ON TRAIN.

Consumptive Tries to Reach His Old Home in the East.

Ed Setters, of Albany, died last night on passenger train No. 6, just this side of Arlington. Setters had been in Albany for some time, and was suffering from consumption. He knew that his life was to be short, and started to his old home at Anna, Ill., accompanied by E. A. Truelove. He grew rapidly worse as he reached the higher ground, and died between Bialocks and Arlington.

Mr. Truelove removed the body at Bialocks and had it prepared for burial, and with it will resume the journey as soon as the arrangements can be made.

WILL SOON MAKE BRICK.

Weston Yard Will Begin Season's Run About April 1, With a Force of Forty Men.

The Weston brickyard will begin the season's run about April 1, with a force of 50 men, by which date the last year's supply of brick will have all been shipped out.

The output of the yard this season will be about 4,000,000 brick, and the territory covered by Weston made brick extends from Eastern Washington points to Hesperia. Last year was the largest output ever turned out by the yards, the number of brick made during the season being somewhat over 3,000,000.

There are no orders in yet for any of the new brick, but the yard will furnish all the brick for the new school buildings in this city, beside several new store buildings contemplated.

OLD-FASHIONED TAFFY PULL.

Everybody Invited to Come, Friday Evening Next.

Rev. Mr. Diven, late pastor of the First Presbyterian church, of this city, invites all the young people, both married and single, in his former congregation, to come to his new residence on next Friday evening, March 25. Mr. Diven is quite proud of his new residence and wants it properly "dedicated" by an old-time taffy pull.

FUNERAL OF O. W. FEE.

Returned to Athens.

Rev. J. W. Jenkins, pastor of the Christian church of Athens, returned to his home this morning after a short visit in this city. He was accompanied here by his daughter, Miss Jenkins.

Herr Martin
The Naturalist

Says he bought a horse who "was thin, almost a skeleton, and so weak it could hardly walk," and began giving coffee, in the form of infusion of the roasted beans, sometimes ground and mixed with honey. After a few months Herr Martin refused \$250 for it. The German says he has brought round many horses since by the same treatment.

Coffee is better than horse feed put up in packages and called cereal coffee.
