

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y.

The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Nineteen Deputies Are Discharged by W. A. Storey Through His Disappointment.

Portland, March 23.—Nineteen deputies in the sheriff's office are to lose their heads over the failure of W. A. Storey to secure a renomination for the office of sheriff.

The opposition to Mr. Storey was headed by the Jack Matthews faction. After Mr. Storey failed to secure the regular republican nomination he began feeling of the sentiment of his deputies on his candidacy on an independent ticket, and found that they were practically all against his plan.

He at once posted notices discharging 17 men, and two more of the chief deputies are to be discharged in a few days.

FALLS ON TAXPAYERS.

Malheur County Must Dig Up \$14,000 in Cash for Cancelled Warrants.

Baker City, March 23.—Malheur county will now have to dig up, according to the findings of the circuit court at Vale last Saturday.

The county court cancelled \$14,000 worth of county warrants last year as being illegal and the warrant holders took the matter into the circuit court and won out Saturday.

Everett Hicks, of the firm of Hicks & Davis, lawyers, at Canyon City, returned from Vale last evening where he had been in attendance upon the circuit court in behalf of the warrant holders, and in which case he won out for his clients. The case will probably be taken to the supreme court, but Mr. Hicks says he is confident he will win in the end.

This increase of indebtedness will fall heavily upon the taxpayers of the "Calamity" county, which has had so much trouble over her county seat affairs in the past two years.

Printing Without Type.

There are three companies in New York and Brooklyn that are about to put on the market devices for printing without types. One is capitalized at \$10,000,000. The process is as simple as a-b-c. To begin with, a typewriter with the standard keyboard is used to "set up" the copy, not in letters, but in perforations in an endless strip of paper. The completed tape looks somewhat like the music used in automations that play the piano. The strip of paper is passed through a machine which prints, with justification, sheet after sheet of matter of the required size—a book page or a newspaper. Impressions of this printed stuff are then made upon aluminum or zinc plates as thin as ordinary sheet iron, which are placed with equal facility upon both the bed and platen and the cylinder presses.
