## SHEARING BEGINS

UMATILLA COUNTY CREWS  
START TO WASHINGTON.

Champion Shearers of the Coast in Umatilla County—Twelve Men in One Crew Will Average 110 Head Each Per Day—Shearers Prefer Rambouillet to Old Class Merino—Prices in Washington to Be 7 Cents and Board.

Sheepshearing will begin in Washington on April 1, and already the large crews from this county are starting to that state. The Johnston and Porter crew, consisting of 12 first-class shearers, leaves tonight for Eltopia, where they have about 40,000 head now engaged for the season's run. The price there is to be 7 cents, including board, and perhaps 50 Umatilla county shearers will be found in the Eltopia and Sprague corrals.

The Johnston and Porter crew includes four of the champion shearers of the Pacific Coast, including W. H. Porter, Jap Gulliford, John Lightfoot and Dave Merry, who sheared 200 in a day on a test, in 1903, and who will average 110 per day in ordinary sheep. In fact, the crew of 12 men leaving tonight for Eltopia, expect to shear on an average of 110 head to the man, in favorable weather, and are all clean, careful, skillful men.

The run in the Washington sheep districts will last until May 1, when the boys expect to return to Umatilla county to begin the season run here.

There will be but little machine shearing in Washington or Oregon this season, and the Weiser machine plant is the only one in this entire district that will run on a large scale.

There will be fully a month's shearing in this county, after the crews finish in Washington, and the clip promises to be very good and the sheep clear of sand, which makes profit for the shearer and sheepman also.

Shearers prefer to shear the well-graded Rambouillet herds of this county to the old class Merino, on account of the round, plump body of

the Rambouillet and its freedom from wrinkles. While the sheep is larger the shearer can make better time than on the smaller, wrinkled sheep, and the work of the shearer shows up to more advantage on the smooth Rambouillet.

### THE FIRST SCHOOL.

Park Winans of Walla Walla, Was Umatilla's First School Teacher.

R. L. Dashiell, the old pioneer of Birch creek, in this county, who passed through yesterday, says in regard to the first school in Umatilla county, that Park Winans, now a citizen of Walla Walla, taught the very first school ever assembled in Umatilla county, at the residence of Judge Coombs, the first county judge of the county, at the old Coombs Canyon ranch, five miles west of town.

The school was a private school, and included only the members of Judge Coombs' family, and was taught in the winter of 1860-1.

### SLACK IN SHERIFF'S OFFICE.

Taxpayers Forget That a Penalty Attaches After April 4.

During the past few days the tax business in the sheriff's office has not been as brisk as it should have been. On Monday, April 4, taxes will be delinquent, and from present indications there will be a larger list this year than was left over last time. Not so many taxes have been paid to date as is generally the custom, and the ratio is not increasing as the days go on. After the taxes are declared delinquent a penalty of 10 per cent will be added to the original amount.

### THE BOYS' BAND.

Regular Place of Meeting at 507 Jackson Street.

W. D. Fletcher, who is organizing a boys' band, is fitting up a band room for them at his residence, at 507 West Jackson street, and in a short time will have it ready for the boys to practice in, when he will begin active instruction of the class. It is expected that by the last of the month the band will be in playing form, and that they will make their first appearance about the time of the May Day celebration.

### New Laundry Plant Arriving.

A carload of machinery arrived this morning over the W. & C. R. for the new steam laundry. It was shipped by the Troy Laundry Machinery Co., of Chicago, and consists of a big mangle and several tubs and washers for the use of the new plant. The machinery will be put in place at once, and in a few days the laundry will be able to handle any and all kinds of work.

### Irrigation Enthusiast.

Ezra Kelly, one of the irrigation enthusiasts of Milton, spent the day in the city looking after business interests. Mr. Kelly is interested in the case now being tried out in the circuit court between the Little Walla and the Hudson Bay Irrigation companies.

### Buoy With Sheep Interests.

Charles Cunningham has returned from his sheep camp near Pilot Rock, where he has been for some weeks. He will remain in the city for a time looking after business interests, when he will again visit his ranch to oversee the handling of his flocks during the lambing season.

### Echo Farm Sold.

Jonah Halton and wife have sold to J. Herbert Strohm and Gut Spencer the west half of the northwest quarter of section 18 in township 2, north of range 29 east, containing 112 acres, in the vicinity of Echo. The consideration was \$2,000.

### Returned From Walla Walla.

C. E. Troutman, the architect, has returned from a business trip to Walla Walla where he has been for the past week. He is at work on some plans for large improvements contemplated in that city during the summer building season.

### Returned to Foster.

Miss Blanche Bailey, accompanied by her guest, Miss Maude Buxon, returned to her home near Foster this morning after a visit in Pendleton. Miss Buxon will in a few days visit with friends in The Dalles on her way to her home in the valley.

### Assistant Superintendent Here.

M. J. Buckley, assistant superintendent of the O. R. & N., with headquarters at La Grande, is in the city today on a tour of inspection over the line.

## POLICE COURTINGS

### CASE OF CRUELTY TO ANIMALS PUNISHED.

Left His Team Standing for Twelve Hours in the Sleet Without Blankets—Theft of a Case of Cognac From Swearingen Brothers. Will Go to the Circuit Court—Another Chapter in the Horseshoe Restaurant Incident.

G. A. Sweeney, a rancher in this vicinity, came into town yesterday afternoon on a short business trip. The business was pressing, however, and he did not finish until late at night. In the meantime his team was left standing in the rain, and about midnight the officers took pity on the sleet-covered horses and put them in a barn. When the owner came after his rig he met the guardian of the law instead, who escorted him to the city jail and locked him up on a charge of cruelty to animals. This morning he was fined \$5 which amount he paid.

G. T. Bennett, the waiter who had the trouble in the Horseshoe lunch counter yesterday morning, and whose case was continued for investigation, was called into court this morning and required to pay a fine of \$5 for disorderly conduct, the court having found that both of the men were intoxicated at the time the trouble commenced. Bennett paid his fine and was released.

August Becker and another hobo, who was too drunk to give his name, were arrested this morning in the saloon of Baker & Garrison for the larceny of a case of Cognac brandy from the Swearingen Brothers' saloon on Main street.

The two men have been around town for a couple of days, and have been drinking heavily. Last night, while the bartender was busy in front, they took a case of the brandy out of the back door. The liquor is worth about \$12.

They gave themselves away by inviting some of their friends to drink with them while in the Baker & Garrison saloon. When arrested one full bottle was found in their possession, all the rest having been either used or hidden during the night. The case will be taken to the circuit court, as the charge preferred, larceny from a building, is a penitentiary offense.

### PRESBYTERIAN AFFAIRS.

Many Changes Expected in Church Circles in Umatilla County.

Rev. W. L. Van Nuys, now of La Grande, but who has accepted the call of the Presbyterian church of this city, will preach his first sermon in this city on Sunday next, at which time he will conduct Easter services at the Presbyterian church. He will move into the parsonage next to the church on the following week, and after having settled everything in his new home here will send for Mrs. Van Nuys.

It is expected that Rev. B. F. Harper of Pendleton, will be called to the church at Milton to take the pulpit left vacant by the resignation of Rev. A. J. Adams, who was released at the last meeting of the Presbytery held in this city a short time ago. The change has not been definitely decided upon as yet, but is very probable. In the event of the change being made, Rev. Levi Johnson, formerly of Pendleton, but now of Portland, will come to this city as Sunday school missionary, the place now filled by Mr. Harper. The changes will all be made in the near future.

### Raining in Camas Prairie.

E. T. Wade received a telephone message from Camas Prairie, 40 miles south of Pendleton, this morning, stating that it had snowed hard all night, out there, but that the snow had changed into a warm rain, which fell all forenoon. There is a heavy fall of snow in the mountains of that district and high water is expected as soon as it begins to melt.

### Sacajawea Monument.

The ladies of the Woman's Club have pledged themselves to contribute so much money to this fund. They are to give the "Huskin' Bee" for this purpose. The object is a worthy one. Everyone should be loyal enough to assist the ladies. Make the "Huskin' Bee" a great success.

### Snow at Kamela.

About six inches of new snow fell last night at Kamela, and this morning the snow changed into a warm rain. The roads in the mountains which have been used by the wood-haulers all winter, have broken up now and it is impossible to use teams in the timber.

### Returned to Foster.

Miss Blanche Bailey, accompanied by her guest, Miss Maude Buxon, returned to her home near Foster this morning after a visit in Pendleton. Miss Buxon will in a few days visit with friends in The Dalles on her way to her home in the valley.

### Assistant Superintendent Here.

M. J. Buckley, assistant superintendent of the O. R. & N., with headquarters at La Grande, is in the city today on a tour of inspection over the line.

### SURPRISE PARTY.

With Variations, and Was a Most Enjoyable Affair.

Pauline Lodge No. 13, of the Rebekahs last night were having a regular meeting, when the lodge room was stormed by the members of Integrity Lodge No. 92, of the I. O. O. F., under the leadership of Past Grand Master B. E. Coon. The ladies of the Rebekahs were all captured by the invaders and taken as prisoners to the banquet hall, where a fine repast and program had been prepared.

A musical program under the leadership of C. E. Troutman was rendered, much to the delight of the prisoners and captors alike. C. P. Davis, the chief patriarch of Umatilla encampment, then commanded the attention of the gathering and in a few well chosen words presented to the ladies of Rebekah lodge four banners which had been procured by their brothers, the Odd Fellows, for the use of the ladies in their lodge work. After the program refreshments were served and the ladies departed with thanks to their captors.

## FOR ANOTHER TRAIN

### WALLA WALLA DESIRES DAYLIGHT SERVICE.

C. E. Roosevelt Will Confer With Walla Walla Commercial Association Looking to Daily Passenger Train Between These Two Points—Government Anxious for Better Mail Facilities—O. R. & N. Will Be Petitioned for New Train.

At a meeting of the board of managers of the Commercial Association at the association parlors last evening, C. E. Roosevelt was elected a committee of one to confer with the Walla Walla Commercial Association in reference to securing a local passenger train on the O. R. & N. between Walla Walla and this city.

The Walla Walla association has begun the agitation for a train to leave that city at 7:45 in the morning, to connect with No. 1 at 9:10 in this city, returning to Walla Walla at 6 p. m., after connecting with No. 2 here.

As it is at present, Walla Walla has no day train service to Portland, and her citizens have been complaining for a number of years about the night service. To remedy the matter, it is proposed to petition the O. R. & N. to put a regular passenger train on the branch, independent of the mixed freight train, to accommodate the large travel from Walla Walla to Pendleton, and from Spokane to Portland, with a day service.

The United States government is very anxious for the train to be put in service to facilitate the handling of mail, and give all the district tributary to Pendleton and Walla Walla the most prompt and frequent mail delivery possible. It is understood that the government will join in the petition for the train.

The traffic in Umatilla county, alone is increasing at a rapid rate, and the local business it is thought would justify the train. The passenger train run on a schedule of this kind would give all the country from Walla Walla to Pendleton a chance to take the day train to Portland, would do away with the passenger traffic on the mixed freight train, leaving it at liberty to run on any schedule to suit the freight work of the season.

### Death of Mrs. Tallman, Sr.

A telegram was received this morning stating that Mrs. I. R. Tallman of Watervliet, Michigan, and the mother of J. V. Tallman, died at her home this morning. Mr. Tallman left yesterday for the bedside of his mother, and is now on the way there.

## STARVED OUT.

Many a garrison has been forced to give up the fight and hang out the white flag of surrender, when lack of food has weakened the men past all power to continue the struggle.

Many a man is similarly starved out of business. His digestion is impaired. His food does not nourish him, and for lack of

strength to carry on the struggle he turns his store over to another.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength to weak, nervous, run-down men and women.

"About ten years ago I began to be afflicted with stomach trouble, also diarrhoea," writes Mr. Wm. Walters, of Astoria, Mo. "In warm weather it grew worse, until it would throw me into a cramping chill. I was troubled so often that I sometimes thought my end had come. Tried many remedies, but they gave only temporary relief. In November, 1899, I thought I would try Doctor Pierce's Golden Medical Discovery. I got six bottles and took five in succession, then I got one left. Soon found I had symptoms of the one I cured. I have enjoyed the best of health this summer, and the credit all belong to your 'Golden Medical Discovery.' I can express my many thanks to Dr. Pierce for his remedy, for it did so much for me. Would not express how severely I suffered. If any doubt the above statement let them address me, and I will take great pleasure in answering."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

### JOHN DAY HORSES.

C. J. Officer Will Negotiate With Japanese Buyer Now in Victoria.

C. J. Officer, a horse buyer of John Day is at the Hotel St. George. Mr. Officer last fall took a large shipment of horses into the Calgary country, and is now waiting to hear from some parties in Victoria, B. C., who are looking for horses for the Japanese army.

Mr. Officer thinks he has a large number of horses scattered over the ranges of the John Day country which would be just about right for the Jap cavalry, and will enter into negotiations with the Victoria man. He will leave in a short time for a conference with the buyer.

### Now at Hot Lake.

Douglas Johnson, the son of Rev. Levi Johnson, and who was a former resident of this city, is now at the sanatorium at Hot Lake, where he has gone to be treated for a severe attack of rheumatism.

### Der busiest man in der world is der fellow dot attends to udder people's pitzness.
