DEPOT BUILDING

WHERE WILL W. & C. R. HEADQUARTERS BE?

Possibly in the New Martin Building. Though it is Probable That the Company Will Build at the Southwest Corner of Webb and Garden Streets—General Manager McCabe Will Be in Town Tomorrow.

Joseph McCabe, vice-president and general manager of the W. & C. R., will be in town tomorrow, when he will look over the ground and decide what will be done in relation to a passenger depot for the company here. Since the present location has been leased for a general merchandise store and the company has to vacate inside of a month, the question of a future headquarters is a serious one.

It was thought that the company would get a location in the new Martin building on Webb street, and this may be done yet, but the present tendency seems to be to build a permanent depot on the company's property just across Garden street, west of the Hotel Eastern.

The company owns several lots at the corner of Webb and Garden, and it is thought that Mr. McCabe will decide to build there. What plan of a building would be erected is as yet a matter of conjecture. The location is just outside of the fire limits and therefore a wooden depot building could be built if desired.

The matter will be decided when Mr. McCabe arrives tomorrow, and arrangements for the change, whatever it may be, will be completed when he leaves the city.

PEOPLES WAREHOUSE OPENS.

Immense Stock of Goods Was Badly Damaged and Much of It Consigned to Garbage Heaps.

After having been closed by a disastrous fire for 10 days, the Peoples Warehouse will open its doors for business again on Saturday morning, April 9, at 8 o'clock.

The immense stock of spring goods was damaged badly and much of the finest lines will be consigned to the garbage heaps. The force in the store will be doubled to handle the trade following the opening, and the damaged stock, which is salable, will be disposed of at once to make room for the enormous shipments of

WOOL AND MARKET

250,000 LBS. NEW CLIP BOUGHT AT NORTH YAKIMA

Twelve and Twelve and a Half Cents Was Paid by a Buyer From the Pendleton Mills—Growers Are All Very Skeptical About Claims by Eastern Buyers That Prices Cannot Be Maintained—Opening Prices Are Very Encouraging.

The Pendleton Wool Scouring Mills has made the first buy of the season by investing in about 250,000 pounds of the clip now being taken at North Yakima.

The shearing has just begun in that part of the wool country, and the Pendleton mills had their buyer on the ground. He bought 40,000 pounds of the clip of Cameron brothers for 12 1/2 cents a pound, and the Donald clip of 100 sacks at 12 cents. Coffin Brothers also sold 48,000 pounds at the same time, to the Oregon City mills for 12 cents.

This is the first buy of any size that has been made this year, and from the prices made it will be seen that wool will bring as good a figure this year as it did last, if not better, before the season closes. The Yakima wool is not of so good a grade as that from this vicinity, as the shrinkage is greater and the wool is dirtier, so that 12 and 12 1/2 cents for that wool is equivalent to a little higher figure here, everything else being equal.

The fact of the matter is that the market will be as good this year as it has been in the past, and it is thought that it will be better in some parts of the country. The Eastern wool papers quoted some time ago that the wool would grade from 1 to 1 1/4 cents lower this year than it was last year. The wool men of this country did not like that idea at all, but are now comforted by assurances from the same sources that the indications are that the market will not open higher than it did last year, which would seem to lead to the conclusion that the market might be higher this year than it was last.

The opinion of local men who are informed on the subject seems to be that there is a chance for a better market instead of worse, as the wool is of better grade, cleaner and livelier than it was last year. There is no reason, judging from the conditions of things in the Eastern market, why the demand should not be as good, if not better, than it was last year. It is the suspicion of the growers that the rumors of an overstocked market and of the cries that the buyers made no money last season, are sent up more to pull the market down than from any reason in verity.

The high prices being paid at the opening of the season for dirty wool would also make this impression, and so the large wool holders will do their best to get all they are able to out of their clips when the sales days come.

DECLAMATORY CONTEST.

Annual Event of the Pendleton Academy at Presbyterian Church on April 12.

The annual declamatory contest of Pendleton Academy will be held on April 12, at the Presbyterian church, in which eight pupils of the academy from the academic and preparatory departments, will take part. The contestants from the academic department are Odessa Porter, Pearl Porter, Emma Cruikshank and Vera Marsten.

Those from the preparatory department are Lottie McLeod, Alpha Black, Anna Cate and Weltha Navman. Judges of the contest will be announced later. The prizes are \$5 for the first and \$3 for the second prize in each department. The contest is a regular event, provided for by the management of the academy and the winner in the contest is entitled to a place in any Inland Empire declamatory contest between secondary schools, such as Whitman College, Columbia College and Pendleton Academy.

CATHOLIC JUBILEE.

Fiftieth Anniversary of the Dogma of the Immaculate Conception.

On December 8, 1904, will be celebrated the 50th anniversary of the proclamation of the dogma of the Immaculate Conception of the Blessed Virgin Mary, by Pope Pius IX. The present pope desires to have this feast observed the world over, with especial solemnity. In order to properly celebrate it the pope has designated the 8th of each month, as a day of jubilee in every Catholic church, in honor of this event. In accordance with his wish, there will be special services at St. Mary's church tomorrow morning at 8 o'clock, at which high mass will be celebrated and in the evening at 7:30 the rosary and benediction will be said.

OLDEST ENGINEER.

Oscar Moon, of La Grande, Passes Satisfactory Examination.

Oscar Moon, the oldest locomotive engineer on the mountain division of the O. R. & N., passed a satisfactory physical examination at La Grande yesterday, his sight, hearing and general health being in first-class condition.

Mr. Moon is past 62 years of age and has been running a locomotive for 40 years. He was the first engineer to run an engine into La Grande when the road was completed to that city in the spring of 1884. He was

on the construction work when the road was built into Pendleton, but by accident failed to run the first engine into this city, that honor being left to John Matheson, who was on another engine in the construction train here.

Mr. Moon ran a passenger engine on the main line until the Elgin branch was constructed, when he took the Elgin run. He leaves home at 11 o'clock in the morning and returns at 4 p. m., the round trip making but 44 miles a day. There is no Sunday train on the branch, and that run is considered the "pension" of the mountain division.

BOYS COURT DEATH.

Incorrigible Youngsters Horrify Residents of the East End of Town.

Constant complaints reach this office in regard to the daily risks taken by small boys on the W. & C. R. steel bridge over the river in the east end of the city.

Large numbers of small boys are in the habit of climbing over the frame work of the bridge, and in running back and forth on top of the steel plates at least 35 to 40 feet above the water in the river.

Their antics have continued during the high water and if one of them should fall into the river with the water at the present stage, it would be certain drowning for him. Residents in that portion of the city are horrified every day to see very small boys clambering over these bridges, and it will perhaps be but a matter of a few days until an accident resulting in the death or fatal injury of some child will be reported from that source. It is not enough for the boys to risk their lives on the moving trains.

POLICE COURTINGS.

Five Drunks With Variations and Divers Sentences.

The police court had several cases this morning. John Doolan and John Welch were arrested last night for being drunk and disorderly, were brought before the court and each was fined \$5 but in default will spend a few days in the city jail.

John Echart had also been drunk, but when he was arrested he failed to come with the officers without a struggle, and was therefore fined a little extra for resisting an officer. He will spend five days in the jail.

John Woltzie, one of the old offenders, was up once more this morning and was fined \$10, which he paid.

Ed Mulveroney, a plumber, was out on a little time and while pretty drunk, fell in the river. He was pulled out with the assistance of several citizens, and was turned over to the police. This morning he was fined \$5 for having made the trouble, which amount he paid.

FRUIT NOT INJURED.

Milton and Freewater Orchards Escape the Biting Frosts That Have Fallen Lately.

Reports from the Milton and Freewater orchards say that they have escaped injury from frost so far, and it is now thought they will escape altogether, as the weather is more favorable and the nights are growing constantly warmer.

The peaches and apricots are in full bloom, and many orchards were protected by fires and smoke to prevent frost, but it was not deemed necessary, even at the time, by experienced fruitgrowers.

Elected Water Superintendent.

Engineer Harry Gilman, of the mountain division of the O. R. & N., who was thrown from his cab at Weatherby by the explosion of a fire box on a freight engine, several months ago, has just been elected water superintendent of La Grande. He has resigned his position on the road.

Gamekeeper Coming.

The next attraction to come to the Fraser is the "Gamekeeper," which is billed for April 13. The production comes highly recommended and has made a good record in the west this winter. It is now playing to good houses and Manager Taylor feels confident that it will be appreciated by Pendleton.

Spike for Commissioner.

Frank Spike of Echo, is said to be a candidate for county commissioner and will have the support of the full democratic delegation from that place. Echo demands representation on the ticket and it is conceded by democratic voters of Echo that Mr. Spike is the proper man for the office of commissioner.

Frank Konasek in Town.

Frank Konasek of Bingham Springs, is in town today for a short visit with his family here. Mr. Konasek is an old resident of Pendleton, and is employed by the O. R. & N. at Bingham, being in charge of the pumping station there.

Goconda Manager in Town.

James A. Howard, manager of the Goconda Mining Company of Sumpter, is in the city and will remain until after the sale of the Wade personal property on Friday, when there will be a few shares of the Goconda stock offered for sale.

Rev. Van Nuys Has Returned.

Rev. W. L. Van Nuys returned this morning from La Grande, where he has been for a short visit with his family and making arrangements for moving to this city, where he will have charge of the Presbyterian church.

Rev. Potwine Sails April 16.

Rev. W. E. Potwine and family will sail from San Francisco to Honolulu on April 16.

BIG DAY FOR ECHO.

Citizen's Association Will Hold Rousing Meeting Next Saturday.

Echo, April 7.—The next meeting of the Farmers' Club will be held here on Saturday, April 9, at which time A. LeRoy of the bureau of information of Portland, will address the club on the advantages of advertising this section of the state.

A representative of the Hazelwood Creamery, of Portland, will also be present and will deliver an address on dairying.

Col. R. C. Judson will be present, with a practical talk on farming and stockraising in an irrigated district, and the meeting promises to be the most interesting yet held under the auspices of the club.

Reception Tonight.

A public reception to Rev. G. L. Hall, the new Baptist minister, will be given tonight at the parlors of the First Baptist church. All the ministers of the city will participate. Everyone cordially invited to attend.

Frank Charles, of Redding, Cal., is under arrest for wife murder.

U. S. Supreme Court said

Whilst, as an unprejudiced oracular judiciary body, the court avoids all acknowledgment of stimulants insofar as they might palpably disturb the bounded equilibrium, we are still prone to attest the clarifying sobriety of coffee in reasonable uses; conformable to the best standards of customs in civilized societies these two hundred years upward.
