## WOODMEN WORLD

CELEBRATE THE CLOSE OF A GREAT CAMPAIGN.

One Hundred New Members Added to the Order in Pendleton—Celebration Was a Great Social and Fraternal Success, Live With Fine Speeches and a Splendid Banquet at the Hotel Bickers.

Pendleton Camp of the Woodmen of the World held a jollification in their hall on Saturday evening, celebrating the close of the membership campaign in this city, which has resulted in the addition of about 100 new members to the camp.

At the lodge hall early in the evening a most enthusiastic meeting was held, at which Head Banker C. V. Cooper, of Portland, gave an interesting talk on the finances of the order. Following him Professor W. C. Hawley, of Salem, gave the members a deeper insight into the workings of the equalization fund of the Woodmen, and spoke on the benefits of the order. Both of the addresses were very instructive and entertaining.

At the conclusion of the public meeting in the lodge hall the members adjourned to the dining room of the Hotel Bickers, where an elaborate banquet had been spread, and to which the guests did ample justice. While the cigars were being smoked the following toast program was carried out: "Our National Tri-Colors"—W. C. Hawley, of Salem.

### PEOPLES WAREHOUSE SALE.

Special Guards on Duty to Prevent the Crowds From Becoming Too Great in the Store.

Perhaps not in the history of the city of Pendleton has there been such a crowd collected on any ordinary occasion as thronged the Peoples Warehouse on Saturday, on the event of the fire sale.

The crowd had gathered at the door at 8 o'clock, the hour named for opening and from that time until 10 o'clock at night there was scarcely room to stand in the store. Special guards were placed on duty at the doors to prevent a jam and also to keep people outside until the crowds inside were diminished.

## DANGEROUSLY HURT

JESSE FAILING AND WIFE ARE INJURED IN RUNAWAY

High-Spirited Team Get Out of Control and Collide the Carriage With a Tree—Vehicle Was Demolished and Mr. Failing's Thigh Was Broken—Mrs. Failing's Wrist Was Dislocated.

A sad accident happened yesterday afternoon about 4 o'clock, when Mr. and Mrs. Jesse Failing were seriously injured by being thrown out of their buggy, on Water street, near the home of Judge Hartman.

Mr. and Mrs. Failing had started out for a drive and when near the residence of R. Alexander, the horses suddenly took fright and dashed down the street. In turning the corner near the Hartman home, one of the hind wheels struck a tree, tearing the rim and spokes from the hub, and throwing the occupants of the buggy out onto the sidewalk.

Mr. Failing struck in such a way as to break his thigh and seriously cut and bruise his head, while he suffered many severe bruises over the body. Mrs. Failing was a little more fortunate, her wrist being dislocated and her back and shoulders being badly bruised and wrenched.

Passersby and neighbors who had seen the horses running down the street, carried Mr. and Mrs. Failing into the house of J. V. Tallman, where their injuries were dressed, after which they were taken to their home.

Owing to the advanced age of Mr. Failing his wounds are of a serious nature, but this morning he is resting easily, and it is thought by his physicians that he will recover, though it will be some time before he is over the effects of the shock and fracture.

R. R. Alcorn of Cold Springs, was in the city today for a short visit on business. Mr. Alcorn is one of the largest farmers in the Cold Springs country, and has been in this county for the past 22 years, engaged in wheatraising.

He reports that the prospects for a large crop this year are much better than they were at this time last year, and expects to reap nearly 40 bushels per acre from his farm this year. His wheat at this time is nearly knee high, and is growing rapidly. The grain seems to be strong and clean, and if nothing happens out of the ordinary will head out better and fuller than it has for years. The wet winter and spring has proven a great boon to the farmers, and the crops will approach those of the bumper year of 1897.

Mr. Alcorn will move into Pendleton next fall, after harvest, and will make this city his future home, having purchased property here.

### LOG DRIVE BEGINS.

Grand Ronde Lumber Company Will Drive Over 16,000 Feet This Season.

F. S. Murphy, manager of the Grand Ronde Lumber Company, of Perry, who was in the city yesterday, says the water in Grand Ronde river is now at the right stage for successful driving and that the monster drive of logs has started from the headwaters of that stream toward the mills at Perry.

The company will drive about 16,000,000 feet of logs this spring, and Mr. Murphy estimates that there is enough timber tributary to the mill to last for 40 years. In this it will be necessary to build railroads to the vast belts of pine lying on the head of Grand Ronde river and Meadow creek, as it will be too costly and tedious to haul the logs to the river and depend on the annual drive to supply the mills.

## A French Navel Officer

In 1720 brought a coffee tree in a flower pot to the Indies. From this one tree originated all of the coffee trees of the American continent, and which today furnish about three-quarters of the world's supply.

The tree is rather dwarfish in size and grows to about the height of an American plum, blossoming in the spring and yielding one crop annually. The ripening period lasts for five or six months, and often sees the ripe berry and blossoms on the same tree. The blossoms are white and fragrant.
