

Our Surpassing Soda

The soda water drawn at our fountain surpasses in absolute purity, in perfect cleanliness, in dainty appetizing service, in perfection of flavor.

We go the limit in making every drink as nearly perfect as it is possible to make it.

We spare neither time, trouble or expense.

There are many good reasons why you should drink all of your soda water here and for the fact that there is something about each drink that makes it taste different from other soda.

"GET THE HABIT."

GENERAL NEWS.

There are 98 species of mosquitoes classified in the United States.

The republican territorial convention of the Hawaiian Islands has instructed for Roosevelt.

The last semi-annual dividend of the Anaconda Copper Company was 50 per cent.

The Globe Securities Company, of New York, has failed. Liabilities, \$960,000; assets, \$512,000.

The 600 striking coal miners at Red Lodge, Mont., have gone to work pending negotiations suggested by H. J. Horn, general manager of the Northern Pacific.

The referendum vote of the lithographers of the United States and Canada indicates that the strike will soon come to an end, practically on the employers' terms.

After years of maneuvering, the Wabash railroad has finally accomplished a terminal at Pittsburg, Pa., and will be running regular trains into and out of that place by June 19.

The first motion to quash the indictment against an alleged hoodlum in the Kansas City, Kan., city council, has been sustained. Nine other indictments are expected to go the same way.

A man held up a saloon at Berkeley, Cal. The men all complied with his orders, but the saloonkeeper's wife, 70 years old, tried to get hold of a pistol. The robber shot and mortally wounded her and made his escape.

President Smith, of the Mormon church, has flunked in his enthusiasm for "the whole truth" since his return to Salt Lake and refuses to use his influence to induce Mormon witnesses to appear before the Smoot investigation committee.

PACIFIC NORTHWEST NEWS.

The Sherman county democratic platform endorsed the portage road in emphatic terms.

The official call has been issued for the American Mining Congress to be held in Portland, August 22-27.

The Hood River strawberry crop is estimated at 150,000 crates this year, or 50 per cent more than last year.

The Canadian Pacific is troubled with washouts and high water the same as the roads in the United States.

Incendiary fires destroyed two houses in Eugene, Tuesday. Robbers were arrested looting the houses while burning.

Max Shillock, ex-secretary of the Portland Board of Trade, has been made an office deputy by Sheriff Storey, of Portland.

Seattle mining men interested in Alaska, estimate that the gold output of that territory will amount to over \$10,000,000 this year.

Frankie Woolridge, a colored woman of the tenderloin at Portland, was sentenced to two years for perjury in gambling cases, Tuesday.

The run of salmon in the Columbia is lighter this year than for many years before. High water in the Columbia always means a light run of salmon.

Morrison street bridge, Portland, is barred to pedestrians and vehicles and only street cars can pass during the repairs to the bridge. The closed period will last eight months.

A suit involving the ownership of \$6,000,000 worth of Baker county mining stock, the actual value of which is about \$10,000, has been begun in the courts of Portland.

AN OLD DEADLINE

CROPS IN FULTON PRECINCT
RESCUE LAND FROM BAN.

Barley Harvest Will Take Place in June if Present Growth Continues—Once Dry District Has Been Rejuvenated Through Cultivation—Interesting Line Drawn Through Umatilla County by Banks and Money Lenders.

Wheat out in the dry west end of Umatilla county looks better this year than ever before, and some of the early barley will be headed out in full within a week, according to reports from Fulton precinct.

If the present growth of crops continues in that district, harvest of the barley crop will take place in June. The ground is filled with water, the stand of grain is heavy and shields the ground from the sun, so the condition is the best that could be desired.

Observant farmers notice that the crops in the Fulton district are gradually becoming better each year, from some unaccountable reason. Formerly parts of Fulton precinct were known as the "short wheat" district, and year after year many of the crops would not grow high enough to be cut. But of late years, owing to the continued cultivation and the increase of winter moisture, crops in Fulton are better.

One thing that is noticed more than ever is that the wheat straw that is plowed under in the fall of the year is now rotten, this being due to the increased winter moisture. As this straw rots in the ground, it enriches the fields, which is one cause for better crops on land that was formerly considered unsafe for a wheat crop.

During the hard times in Umatilla county, back in 1893-94 a "deadline" was drawn through the county by the banks and money lenders, beyond which no money would be loaned on wheat land.

Owing to the extreme aridity of parts of Fulton precinct, this line was drawn on the dividing line between Union and Fulton precincts, and it was sacredly observed by all the money lenders for several years. Gradually times became better, crops in the dry region became more and more certain, until now there is no deadline anywhere in the county, and wheat land is increasing in productivity.

FIRST TRAIN FROM EAST.

Brought in a Mob of Passengers Who Have Been Hung Up at Burnt River.

The first train from the East that has passed the Burnt river break, reached here this morning with a load of passengers that swamped all of the hotels in town. The Pendleton filled up and had to turn people away, while the St. George had every room in the house filled almost before the train had whistled in. The Dickens was crowded and as a result the lodging house keepers were routed out of bed to place their spare rooms at the disposal of those who had to wait while their trains came in or went out.

The new trains are carrying added cars that have been tied up at the break, and it will be a day or so before the kinks are all taken out of the system.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents. Guaranteed at Tallman & Co.'s drug store.

PREACHING AT HELIX.

Baptist Minister From Pendleton Will Hold Services Every Two Weeks.

Arrangements have been made by which Rev. G. L. Hall, pastor of the Baptist church in this city will hold regular services at the Baptist church at Helix, every two weeks, beginning next Thursday.

The congregation at Helix has not enjoyed a regular service for some time and hope to be able to hold meetings under this arrangement with Rev. Hall, until a regular minister can be secured. The church is in a flourishing condition and hopes to have a regular pastor within a year or so at least.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

Kenneth Boker, aged 14, was drowned in a slough near Hood River, Tuesday.

HOLT BROS. Side Hill Combined Harvester

The latest improved two-wheel, side-hill combined harvester has proven a boon to wheat raisers. It is the most successful, most economical and easiest machine to operate ever built.

These harvesters have been given abundant trials right here at home and all users are highly pleased. None have been dissatisfied and all are high in their praise.

The Holt side-hill harvester on a side hill is able to stick to the side of the hill, while the header will slip down the hill. The main wheels are vertical, which braces the machine to the side hills. It works equally adapted to level land.

The Holt harvesters are sold exclusively in this section by

E. L. SMITH

218 Court Street, Pendleton, Oregon

All extras for Holt machines on hand.

HELP FOR THE SICK

The marvelous secret of life at last discovered. The most wonderful discovery of the age, the latest system of applying

Oxygen and Electricity for Curing Diseases

No drugs, medicine or doctor; you treat yourself. The acme of perfect home treatment. Thousands are quickly cured of every known disease, from whom I have letters that can be seen at my office.

PROF. SHADDOCK, ELECTRO THERAPEUTIST

And Western representative for the ELECTRIKURE CO., of New York, and the JUDD ELECTRIC CO., of Detroit, Michigan. Patentees and sole manufacturers of the Elektrikure, the Ocellic and Judd's body batteries, and other appliances.

Remember these batteries and his system of applying electricity are different from all others.

He is located at the Palace, 627 Main street, and will give treatments. Also will furnish you with the battery that you need for your disease and teach you how to use it properly. When his patients leave him they have more knowledge how to treat with electricity than nine out of ten that are practicing with it today.

These batteries are endorsed by the leading medical and scientific men, both of this country and Europe. Hundreds are sold annually to the British Marine hospital in Bombay, India.

They are recommended by many well known physicians of Oregon.
