SOCIALISTS MEET.

(Continued from page 2.)

slavery is utterly abolished, make the answer to this question its guiding rule of conduct. Will this legislation advance the interests of the workers in their class struggle against capitalism? If it does not, the socialist party is absolutely opposed to it.

Eleventh—In accordance with this principle the socialist party pledges itself to conduct all public affairs in such a manner as to promote the interests of the working class.

Twelfth—In conclusion, we appeal to all working men to study the principles of socialism, to vote with their class at all elections until they overthrow the power of capitalism, abolish industrial classes in society, terminate forever the class struggle and inaugurate the co-operative commonwealth based upon this fundamental principle of justice:

"To every worker the full product of his labor!"

"QUEEN OF WALL STREET."

Well Presented and Drew a Large and Attentive Audience.

The presentation of "The Queen of Wall Street" last night at the Frazier, by Miss Margarita Fischer and her company, filled the house with an attentive audience which sat intensely interested through the five acts of the drama.

Miss Fischer in her characterization of the wronged Scotch lassie and pseudo French woman, displayed her talents in a new light to the people of Pendleton, and lost no friends in the process. She is a young actress for whom a bright future is waiting.

The company will visit this city again next fall and is assured of a good house whenever their dates fall due, for it has made friends here who will remember the pleasant evenings given and call again.

Judge Fitz Gerald Celebrates His Fiftieth Birthday Without Eclat, But With Due Attention to His Official Duties — George Zrotske Was Apprehended and Jailed and Must Stand Trial for Assault and Battery.

Judge Fitz Gerald held a surprise party in his office this morning in honor of the 50th anniversary of his birth. The judge reached the jubilee milestone in his life this morning, and an even dozen thirsty citizens assembled at 10 o'clock to pay their respects.

It had been the intention of the judge to turn all of the prisoners loose in honor of the event, but since some of them had paid their fines before he reached the office, he decided that such action would be unfair, and accordingly meted to them punishment for their offense. Five men paid their fine of \$5 each into the city treasury, and five went to jail for three days each in default of \$5 for their fine.

John Casey, who had been disorderly and had passed booze into the city jail at the earnest request of the thirsty inmates and under the plea that it was cheese, was given an added present in the way of two days and will remain with the city for a total of five days.

George Zrotske, the man who made the flying attempt at liberty on Saturday afternoon, was given five days in which to make up his mind that it is useless to try to get away from the city police. When he is through with that sentence, he will face a warrant charging him with assault and battery on the person of Conrad Platzroeder. This offense was committed about a month ago, when the prisoner was in the employ of the Main street butcher. When the police started to arrest him he left the city hurriedly and has just returned. Shortly after getting here he got drunk and had a fight in a saloon, which resulted in his arrest.

RAILROADERS WIN.

All Ball Players in Town Will Have a Chance to Play.

A small crowd assembled at the Alta street grounds yesterday to see the baseball game between the printers and the railroad employes. The game was a good one and the boys are well pleased with their efforts. A special policeman was present and saw to it that there was none of the rowdiness that marked the proceedings of the week before.

Seven innings were played, and the game was full of snap and go from the first, resulting in a victory for the railroad players by a score of 8 to 5. The men of iron then carried away all the balls and bats and part of the gate receipts to pay them for their trouble.

It is the intention of all ball players in the different callings to have games arranged once in a while during the summer, and care will be taken in the future that the best of order be maintained at all games.
