

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and I see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well.

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky. — \$5000 forfeit if original of above letter proving genuineness cannot be produced.

IDAHO ARID LAND

TWIN FALLS PROJECT NOT COMPLETE THIS SPRING.

Company Hopes to Be Ready to Turn Water Through Canals by October 1—Vast Tract of Desert Will Be Reclaimed on Snake River—Promoters or Irrigation Look for Large Settlement in That District Soon.

Walter G. Filer, manager of the Twin Falls irrigation project, was in the city Saturday, says the Boise Statesman. He stated the company would not attempt to construct the remaining dam this spring. While it was probable it could be completed, as it could be put in in six weeks, high water might carry it out.

Moreover, if the dam were completed, the time lost in getting the canals settled so they would carry water without breaks might be sufficient to prevent the delivery of water for irrigation this year. Under these circumstances they would defer the construction of the last three dams until the river falls late in the summer.

They would have it finished by October and would then turn water into the canals gradually. Time would be afforded to make every point secure and get the canals in readiness to carry the water next season without interruption. The water would be turned in and out several times with the result that everything would be in perfect condition.

Settlers, said Mr. Filer, had gone on the land with the understanding that water might not be furnished this year. Some months ago they were advised definitely that water would not be ready for irrigation this year. All understood it and no disappointment would follow.

Mr. Filer said nearly all the 30,000 acres of land opened to settlement had been taken up. Many of the settlers had begun their improvements, there being quite a number of houses. One man had sown a crop of wheat which would at least make feed. The prospect was that all the lands of the company would be taken up promptly after systematic advertising of the project had begun.

That section is particularly adapted to the production of apples, and Mr. Filer said he knew of 2,000 acres of orchard that would be set out immediately.

Speaking of the future of the tract Mr. Filer said he believed it would have a larger population than most any other section of Idaho. He was disposed to think it would number more people within its boundaries than would be found in the Boise and Payette valleys. The railway would be constructed through the tract and this would contribute enormously to the development and settlement of

the lands. The road would be constructed this year. Mr. Filer added that, in his opinion, there would be 150,000 people on the Twin Falls and Minidoka tracts in 10 years.

Educators From North and South Are at Birmingham.

Birmingham, Ala., April 26.—An army from the north and an army from the south have engaged in a joint invasion of Birmingham. These armies are composed of the leading educators and philanthropists, the soldiers of thought, from both above and below Mason & Dixon's line. They come to attend the three days' Conference for Education in the South. This will be the seventh of these extraordinary annual gatherings, and promises to be one of the most noteworthy educational conferences in the history of this country.

A notable party of visitors has arrived, headed by Robert C. Ogden, president of the conference, and including eminent educators and others from New York, Philadelphia, Boston and other northern centers. Every train today from the south, east and west also brought its contingent, and when Bishop Galloway delivers his opening address in the Jefferson theater tonight, it will be in the presence of the most distinguished assemblage ever seen in Birmingham.

The opening session will be devoted to welcomes and responses and to other formalities. The address of welcome will be delivered by T. G. Bush, of Birmingham, on behalf of the mayor, the board of education and the reception committees. The response will be made by Robert C. Ogden, of New York, who will then deliver his annual address as president of the conference.

ILLINOIS G. A. R.

Thirty-Eighth Annual Encampment at Springfield.

Springfield, Ill., April 26.—Several thousand visitors were in the state capital today when the thirty-eighth annual encampment of the G. A. R. Department of Illinois, was opened. These visitors include the delegates of the Ladies' Aid Society, the Woman's Relief Corps, and other affiliated organizations that are holding their annual reunions here at this time.

The delegates began arriving late last night. A special train from Chicago brought the large delegation from that city and other special and regular trains brought parties of veterans from cities and towns throughout Illinois. Today was devoted to the reception of the arrivals, a meeting of the council of administration and the formal addresses of welcome and responses. The business session will commence tomorrow and continue through Thursday. The annual encampment parade is likewise on the schedule for tomorrow.

Springfield is backing a movement to have the encampments held in this city every year hereafter. This is opposed by delegations from various parts of the state and it is not likely to be adopted. Several interesting contests are on for the departmental officers.

A Cure for Headache.

Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling, should take one or two of DeWitt's Little Early Risers night and morning. These famous little pills are famous because they are a tonic as well as a pill. While they cleanse the system they strengthen and rebuild it by their tonic effect upon the liver and bowels. Sold by Tallman & Co.

The disputed issues between the Santa Fe and the International Machinists' Union are the amount of pay for overtime, pay of apprentices and 10 per cent increase in the wages of the regular night men. Ten hours is all the union refuses to recognize as a day's work, and it proposes that all over that time shall be called overtime.

The Proper Shoe to Wear

When you buy a pair of shoes you needn't worry about the shape of them; if you buy of a first-class dealer he will have only the proper shapes.
