WONDERFUL HOME TREATMENT

This wonderful Chinese doctor is called great because he cures people without operation that are given up. He cures with his own hands, herbs, roots, buds, barks and vegetables that are entirely unknown to medical science.

He was speedily rescued by his fellow workmen and taken to Bingham Springs, where he was examined by Dr. Bingham, and with the exception of severe bruises on the body, he was uninjured.

The entire family of Mr. Waddingham, near Weston, is down with mumps. This disease is now quite prevalent in that vicinity.

Ora Zerba moved up to his ranch on Reid & Hawley mountain last week to spend the summer and look after his cattle.

Swan Peterson moved his family to Weston last Thursday, where he is employed as carpenter work.

James Navin will leave with his family for Helix the first of the month, where they will take charge of the Helix hotel for the remainder of the year, and perhaps longer. As they have had the necessary experience, quite a prosperous future is entertained for them in that business.

The farmers in this section are getting along very well with their plowing, having been delayed a few days last week on account of rain. A good many here are holding their potatoes for \$1.50 per sack; while others sold last week for 90c, delivered at Weston. Usually there is no market for them nearer than Pendleton or Walla Walla, which is very inconvenient and the price paid has seldom been more than 50c.

scopes were in demand and the vigilant officers of the law ran the magnifying glass over the linoleum in an endeavor to detect footprints. The chase was at last given up in despair, someone suggesting that the footprints could not be distinguished from those of their brother officers.—Spokesman-Review.

Roadmaking in the Interior. The breaking of the road over the divide between here and Sumpter was accomplished this week. The party going over was comprised of J. M. Stewart, J. M. Green, A. J. Merritt, Charles Thornburg, Grant Turner, George Huey and Tom Dearing. They took with them a buckboard, heavy wagon and 14 head of horses, leaving here Tuesday morning, they got as far as Gold Center, and through to Sumpter the next day. On the return they brought about 30 sacks of paper mail that had accumulated in the Sumpter office in the two weeks the road was blockaded.

The expenses of the trip were borne by local residents and business men, while the parties who went over contributed their time and the use of their horses. By this means traffic was opened up with Sumpter a week or 10 days earlier than it could otherwise have been.—Granite Com.
