STREET SPRINKLING

SCHEMES TO REDUCE THE EXPENSE THIS SEASON.

Fred Stickler Gets the Contract—The City Paid About \$3,000 for This Service Last Year, But Will Get the Same Service This Year for Less Money—Use of Siphons Will Lessen the Expense Considerably.

The street committee has at last definitely awarded the contract for the street sprinkling during the summer to Fred Stickler. The matter has been in the hands of the committee to whom the question was referred by the council, for some time, and it has used every endeavor to get the work done with as little expense to the city as may be.

According to the contract as signed yesterday Mr. Stickler is to do the work for the summer at \$110 a month per team and wagon, the days to be reckoned as nine hours long. The city has also reserved the option to work the teams for 10 hours a day at a cost of \$115 a month.

At the present time there is one wagon at work, and May 1 another will be added. As the weather becomes warm and the dust deep other wagons will be added, but it is the intention to not use more than four at any one time during the season, if it can be avoided.

The business streets, Court street as far out as the hospital, and as many of the residence streets as possible, will be sprinkled.

Last year the city paid \$120 a

month per wagon for street sprinkling, and during a great part of the season five wagons were kept going, so the bill at the end of the season amounted in round numbers to \$3,000. It is hoped to this year reduce that figure very materially.

The present contractor will furnish the use of two tanks that have been turned over to him by Walter Wells, the owner, as well as the water wheel, also owned by Mr. Wells.

If the experiment about to be tried with the siphons turns out well, at least one-third of the water expense will be cut out, as the siphons will raise as much waste water into the tanks as is drawn from the city mains. This will amount to quite an item when the cost is rooted up at the end of the dry season.

Prof. Shaddock Returns.

Prof. Shaddock, the electro therapist, whose office is located in Medernach block, has returned from Seattle where he went in response to a telegram to treat a young lady who was lying at death's door, but who was revived and is now on the road to recovery.

Prof. Shaddock is now permanently located here and invites the public to call and see him.

Marriage Licenses.

Marriage licenses were issued this morning to Erwin A. McKean and Miss Hary H. Butterfield, both recently of Walla Walla county, Washington, and to Henry P. Curtis and Miss Nellie C. Titsworth, both of this county.

Office Moved.

Dr. L. Frances Thompson, the osteopathic physician, has moved her office from the Nye residence to the Hotel Bickers. Entrance to Dr. Thompson's office is on Johnson street.

En Route to Portland.

President R. C. French, of the Weston Normal School, was a visitor in Pendleton last night while waiting for a train to Portland, where he went this morning on a visit in the interest of the Normal School.

BREAK UP THE GANG

JUVENILE HOODLUMS WILL COME TO JUDGMENT.

Neither the Police Nor Judge Fitz Gerald Will Show Mercy Again to the Cheap Little Toughs—Sentences Pronounced But Suspended During Good Behavior—One Fight and One Case of Annoyance.

Today was juvenile day in the city court. Yesterday afternoon and last night there were two fights and one case of disorderly conduct, all of which were attended to in the office of Judge Fitz Gerald this morning.

Samuel Mansfield and Ray Chapman were the first two offenders, and came into court this morning at 5 o'clock to receive their sentence. The boys, who are about 12 years of age, had been found in the midst of a fierce and bloody battle yesterday afternoon by J. T. Brown, who was looking after water mains on Bluff street. When they were told to stop the combatants turned their tongues loose on the officer, who promptly arrested them.

The people living in the vicinity of Bluff street have long been bothered and harassed by a crowd of small boys who have but a faint idea, or none at all of right and wrong. This gang has become such a pest that some of the neighbors have been almost persuaded to move into another part of town, and in passing sentence on the culprits Judge Fitz Gerald read them and their companions (a large crowd of whom were present), a severe fatherly lecture on the course they were pursuing. The two boys pleaded guilty, but sentence was suspended in their cases during good behavior. If at any time in the future they are found in trouble the present sentence will be added to the one due for the future offense, and they will be made to serve the time in the city jail.

The court promised all who have been transgressing the laws that they would be severely dealt with brought before it in the future, and that all of the sentences would be jail sentences. Some effort on the part of the city will be made to control the small hoodlums who are making it so unpleasant for citizens.

Nathan Wells, a lad of 18, was arrested for disorderly conduct. He is charged with having created a general disturbance, and with having thrown Bessie Mericle, a little girl, from her wheel several times when she had tried to mount it and ride away. Wells pleaded not guilty, and his case was set for the afternoon.

James Meyers and Will Dupuis were arrested last night for having a fight in one of the Main street saloons. Meyers pleaded guilty to the charge and paid a fine of \$10, but Dupuis claimed not to have been guilty, and his case was set for 4 o'clock this afternoon.

MURRAY ESCAPED.

Was in Charge of Ritzville Officers at the Time.

J. J. Murray, the veterinary surgeon who is wanted by the police here for having given whiskey to Annie Gibbens and Mollie Wilson at Athena a couple of weeks ago, escaped from the officers of Ritzville, who had arrested him, and has not since been heard of.

Murray asked to be allowed to see a lawyer, and while on the road to the office broke away from the deputy who was with him and escaped. Deputy Sheriff Blakley is now at Ritzville and will remain until it is known whether or not the prisoner will be recaptured, he having been seen at a farm house yesterday, where he asked for something to eat.

REVIVAL AT M. E. CHURCH.

Dr. Anderson, One of the Most Interesting Speakers Ever Heard in Pendleton.

The revival now in progress at the M. E. Church, South, is proving to be one of intense interest. The attendance at the meetings is good and several conversions have taken place.

Two meetings are held each day—at 2 p. m. and 7:30 p. m.—at the brick church, on West Webb street.

Rev. T. H. B. Anderson preached last night on the subject of "The Restless State of the Wicked and the Final Destiny of the Impenitent." He is one of the ablest ministers ever heard in Pendleton and has had a wide and varied experience in evangelization. His sermons are thoughtful, earnest, logical and profound, and there is a practical application to all his comparisons, that carry conviction. He will address the children at the Methodist Church, South, at 2 p. m. on next Saturday.

ACADEMY TRUSTEES MEET.

Plans for Renewed Activity Are Now Being Considered.

A meeting of the board of trustees of Pendleton Academy was held at the Academy this afternoon for the purpose of making a general survey of the work of the academy and of deciding on some possible change in the plan of education of the institution.

It is the intention of the trustees to make a vigorous campaign in Eastern Oregon and Washington, in the interests of the academy during the coming year. It is the only school supported and maintained by the Presbyterian church in Eastern Oregon or Washington. That church

is one of the very strongest in those districts and the trustees hope to arouse a greater interest in the institution.

Rev. J. H. Barton, of Union, stated clerk of the Eastern Oregon Presbytery, who is now one of the trustees of the academy, was present at the meeting. Rev. W. S. Holt, of Portland, synodical missionary of the Presbyterian church for Oregon, and a trustee of the academy, was also present and steps were taken to begin a vigorous campaign for students for the coming year.

The academy was found to be in first-class condition, with the grades and departments all doing the most efficient school work, under the able corps of teachers.

Preparations are now being made for the commencement exercises, which will be held at the close of the school year.

ALUMNAE ORGANIZE

LARGE ATTENDANCE AT FIRST SESSION.

A Large and Vigorous Organization Will Be Effected — Elected Temporary Officers Last Evening and Called a Meeting for May 4, to Convene at Commercial Association Rooms.

A number of graduates of the Pendleton high school met at the rooms of the Commercial Association last night and effected the temporary organization of an alumni association.

A large representation of the different classes was present, and from the indications it is apparent that a strong association will be formed. George Hartman, Jr., was elected temporary chairman, and Ben K. Davis temporary secretary of the association, which then proceeded to make preparations for permanent organization.

Tom Milarkey, Mrs. T. M. Henderson and Miss Ida Thompson were appointed a committee on membership and instructed to see that all those who were eligible to membership were notified of the organization and urged to be present at the next meeting.

Miss Stella Alexander, Mrs. J. F. Moule and Robert Renn were appointed as a committee on constitution and by-laws and will report to the next meeting, which will be on Wednesday evening, May 4, at the rooms of the Commercial Association.

It is thought that there will be at least 100 members enrolled in the association.

Positive and authoritative denial is made that the czar is in bad health.

SEVEN SLIGHT ERRORS.
Were Responsible for the Loss of 721 Shares of Stock.

F. W. Hendley has finished balancing up the stock books of the Golconda Mining Company. By some mistakes in the bookkeeping 721 shares of the stock were lost and could not be located, and Mr. Hendley was asked to locate the seat of trouble.

There are 1,200 different accounts in the books, representing 3,700 different certificates of stock, and it was necessary to check over the whole lot in order to find the trouble, which simmered to seven slight errors in addition and posting. It required several days for Mr. Hendley to do the work.

Recording Nominations.

The county clerk is now busy recording the nominations for the various offices to be filled at the coming election, and has most of the aspirants now entered in the list.

For the "Non-Ultra."

Of course, every man isn't a dashing young fellow with leanings toward the ultra. It's not every one that can wear extreme styles, anyhow. They would look out of place. Fully half the good

dressers go in for the conservative. We do not mean by that something that's out of date. On the contrary, our conservative coats are right up to the minute, only the cut isn't the kind that people will turn around and look at! Of course, we have the ultra styles, too, for the nobby youth—the sort that will bring out the ejaculation: "Gee! but he's dead swell."

If you don't want that sort of thing, we commend our regular conservative suits, the Arvon three-button sack or the three-button double-breasted Tudor, or, may be, the straight-front sack, which ever your taste decides. You won't be a swaggering Beau Brummel—just a plain every-day man with real smart clothes on.
