Fireman Turned Down.

George La Rose, one of the oldest firemen on the mountain division of the O. R. & N., at La Grande, was turned down on the physical examination this week, on account of the weakness of one eye. La Rose had been firing on the Short Line and on O. R. & N. for the past eight years, and never noticed any difference in the strength of his eyes. On the test at La Grande it was found that the sight of one of his eyes was deficient. He was retired from road service and immediately given a lucrative position as stationary engineer in the roundhouse.
