

Rheumatism

Is Not a Skin Disease.

Many have an idea that rheumatism is contracted like a cold, that the air penetrates the muscles and joints and causes the terrible aches that it is something like a skin disease to be rubbed away with liniment, or with plasters; but Rheumatism originates in the blood and is not a skin disease. It is a disease of the blood, and settles in the muscles, joints, nerves, producing inflammation and soreness and the sharp, cutting pains of this distressing disease.

About a year ago I was attacked by acute rheumatism in my shoulders, arms and legs below the knee. I could not raise my arm to comb my hair. Doctors prescribed for me for over two months without giving me any relief. I saw S. S. S. advertised and decided to try it. Immediately I commenced its use. I felt better, and remarked to mother that I was glad I had at last found some relief. I continued its use and am entirely well. I will always feel deeply interested in the success of S. S. S. since it did me so much good.

311 12th St. MRS. ALICE HORTON.

Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled purifier and an invigorating, pleasant tonic. Book on Rheumatism will be sent free.

DOG AND POLL TAX

SOMETHING WILL BE DOING FROM NOW ON.

Two Hundred and thirty-five Dogs Eligible to Assessment, While Hundreds Are Liable to Execution—Only Sixty Poll Taxes Have Been Paid, and the Controversy Will Be Brought to a Head Very Soon.

The dog tax business is picking up since the people realize it is the intention of the council to back the marshal in his efforts to enforce the law and there now remain but 70 dogs that have not been provided with a tag.

One hundred and sixty-five people of the city have each paid into the city treasury \$1.50 for the privilege of having a canine pet in the family. Besides those dogs and the 70 yet to be taxed, there are about 3,000 that have no owners, but have drifted in from the sheep country and the reservation and which are subject to execution on capture. After all that are claimed have been licensed, it is intended that the city dog catcher will start in on a campaign of extermination.

So far about 60 poll taxes have been paid, and Special Officer Sheppard started out this morning with his little book to write up the situation for the guidance of the marshal. It will take several days to finish the canvass, and then things will be doing for those who have not settled.

ON TWO CHARGES.

Arrested Here and Afterward on a Complaint From Heppner.

J. W. Proctor, of Heppner, was arrested this morning on complaint of Dr. J. Christie, who charged him with having practiced the science and art of a veterinary surgeon without a license. Proctor has been in a hospital for some time sick, and having come out a little short of funds, did some work for a farmer in this vicinity, Christie complained.

The prisoner stated to the court that he had no money to put up the amount of bail required, and was about to be sent to the county jail, when Sheriff Taylor appeared on the scene with a requisition from Heppner, where the man is wanted on a charge of obtaining money under false pretenses by cashing a check when he had no funds behind it.

Proctor was accordingly turned over to the sheriff, the charge of the veterinarian being held in abeyance. He will be taken to Heppner Junction in the morning by Mr. Taylor, who will turn him over to the Heppner officials at that point.
