# The trouble with shoes

All shoes would be good shoes if you didn't have to wear 'em. The trouble is, you buy them to wear; and a good many of them certainly are "wearing."

Selz Royal Blue shoe is made to wear, not simply to sell. You'll know what that means better than we can tell you, if you wear a pair.

Next pair of shoes you buy, get a Royal Blue shoe, on a Footform last; a shoe to wear with comfort, a long time. If your shoe man hasn't it, write to us.

### STILL MOVING CATTLE INTO MOUNTAIN RANGE.

Fine Weather for Spring Farming Operations — New Road Boss—School Has Begun in Saulsbury District—Mrs. Stanton Dangerously Ill—Returned From Pendleton—Rapid Recovery of Patrick Doherty—Spring Grain Looks Fine.

Ridge, April 27.—George Magaughy passed up last week with his cattle to the mountain range from McKay creek, where he has been wintering them.

Peter Searcey took his herd of cattle up to Gurdane for summer range, having wintered them in the straw fields out north of Pendleton.

W. L. Sinton and Prof. Link of Gurdane, made a trip to Pendleton last week after fruit trees and shrubbery.

Weather here is fine for plowing and seeding, being cloudy and moderately warm and when clear is very warm.

Rye seems to be doing fine. W. B. Hinkle is road boss, succeeding G. F. Jones, who has resigned.

Miss Katie Bransman of Little Butte creek, is teaching school at the Saulsbury school house, above Vinson, and is very successful.

Mrs. James Stanton of Nye, is dangerously ill at her home.

Mr. and Mrs. Frank Kopp have moved up from Pendleton, where they have been schooling their children. Their son, Frank, remained behind to finish up the term at St. Joseph's academy.

Patrick Doherty of Vinson, who was shot some time ago, was up and out of bed Sunday.

Fruit prospects are fine. Plums are out in full bloom and heavily laden.

Most plowing and seeding is done, and some spring grain already up looks nice.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be—young or old.
