CROPS GROWING

FAVORABLE WEEK FOR FARMERS ALL OVER OREGON.

Slight Frost Reported From Umatilla County—Plowing in Process Everywhere—Soil is in Best Condition—Sheepshearing in Full Blast—Clip Cannot Be Estimated Yet.

The past week has been too cool for rapid growth. Heavy rains have occurred in the coast counties, and in portions of the eastern and the southern sections of the state.

Light frosts occurred Monday morning in Douglas, Jackson and Josephine counties, and a hard frost was reported in Umatilla county and a few other localities Saturday morning. These frosts, together with those of the previous week, have done some damage to fruit, but just how much cannot yet be ascertained. It is believed that cherries and Italian prunes have suffered the most, and that peaches, pears, strawberries, petite prunes and apples have generally escaped injury.

The soil is in excellent condition for plowing, and this work has proceeded rapidly. Fall wheat, barley and oats continued to make good advancement and spring grain is coming to good stands. Hops are well up on the twine, and their cultivation is being pushed.

Early planted gardens are coming up nicely and the soil is being prepared for late garden truck. Pastures and stock continued to improve and the flow of milk in the dairy districts is increasing. Sheepshearing in general, but reports regarding the clip have been too few to make an estimate regarding the yield.

Columbia River Valley.
Hood River, Wasco county, P. D. Helbrichs—Apples and pears in full bloom and promise a large crop if they escape freezing; we had soaking rains Wednesday night and Thursday morning; fields, meadows and gardens look very well; pasturage is good.

Victor, Wasco county, W. H. Talcott—Good rains during the week; fall wheat doing finely; early spring sown wheat is up to a good stand; peaches, plums and cherries in full bloom; farmers are behind with their seeding.

Grant, Sherman county, Charles H. Tom—Weather favorable, with heaviest rain of the season on the 27th; seeding completed; wheat growing rapidly; pastures excellent; stock doing well; prospects for fruit good.

Condon, Gilliam county, J. F. Reischer—Weather very favorable; farmers busy sowing spring grain; wild grass making good growth and furnishes abundant feed for stock; fruit trees in bloom and the indications point to a heavy fruit crop if damaging frosts do not occur later.

Galloway, Morrow county, G. W. Vincent—Cool and rainy; crops growing fast; grass on range good; stock looking well; lambing about over; shearing well advanced; trees loaded with fruit.

Pendleton, Umatilla county, E. W. McComas—Weather and crop conditions favorable until Friday night, when a severe frost occurred that froze water in vessels; some damage to apples; late fruit not injured; some wheat and barley damaged slightly in isolated cases.

FINANCIAL TOPICS.

Important Topics Being Discussed at El Paso.

El Paso, Texas, May 4.—The proceedings of this, the second day of the annual meeting of the Texas State Bankers' Association, were opened with an invocation by Rev. H. Easter. The speakers and their topics at the forenoon session were as follows:

"The Need of Railroads and Immigration in Western Texas, and

Drink **CRESCENT CREAM COFFEE**
It is Fine

IN 1 AND 2 LB. SEALED TINS ONLY.

How Shall They Be Secured?" W. A. Norman, Ballinger; "Can the Present Method of Transporting Money be Improved?" J. T. Scott, Houston; "Benefits of Bonded Warehouses," Jonathan Lane, Houston; "State Banks—Are They Useful and Desirable Aids to Commerce?" General W. R. Hamby, Austin; "Mercantile Collections," R. D. Gage, Pecos; "Bank Money Orders—How Can Banks Recover the Business Taken by the Express Companies and Postoffice Department?" J. W. Blake, Dallas.

This afternoon was given over by the delegates and their families to a drive to points of interest in and about the city. The regular business of the convention will be concluded tomorrow.

BIG CHURCH CONFERENCE.

African Methodists in Session With 475 Delegates.

St. Louis, May 4.—The 21st general conference of the African M. E. Zion church, began its session in the Metropolitan church today with Bishop J. W. Hood, of New York, the oldest negro bishop in America, presiding. The conference is composed of 350 ministerial and 125 lay delegates, 25 of the latter being women.

The Zion A. M. E. church was organized in 1796, and has grown to be one of the largest negro religious bodies in the United States. The connection claims 550,000 members, 6,000 churches, 4,000 ministers and nine bishops, as well as 17 colleges and schools.

The present conference will be in session three weeks. The most important work will be the readjustment of plans for the extension of the educational work.

SOUTH DAKOTA G. O. P.

Principal Issue is Machine or Anti-Machine.

Sioux Falls, S. D., May 4.—The republican state convention to choose eight delegates at large to the national convention at Chicago, and to nominate two candidates for congress, candidates for the judiciary, and a full state ticket, met at noon.

The report of the committee on resolutions will vigorously commend the whole course of the Roosevelt administration and strongly endorse the president for renomination.

The campaign for the gubernatorial nomination to be made by today's convention has been one of the most spirited in the political history of South Dakota. The indications are that Geo. I. Crawford, the anti-machine candidate, has more than enough delegates pledged for him to assure his nomination. The selection of Crawford will break up the machine rule which has prevailed here for six years.

BISHOP PHELAN'S JUBILEE.

Celebrating 50th Anniversary of His Priesthood.

Pittsburg, May 4.—The Right Rev. Richard Phelan, bishop of the Roman Catholic diocese of Pittsburg, was the recipient of a flood of congratulations and numerous valuable presents today on the occasion of the golden jubilee of his priesthood.

In observance of the anniversary there was a splendid pontifical mass in the Church of the Epiphany this morning, attended by the clergy of the diocese and a host of representative lay members of the church. A public reception is to be held in Carnegie Hall this evening, at which it is expected announcement will be made of the completion of a fund of \$250,000 for the finishing of the interior of the new St. Paul's Cathedral.

Meeting of Cane Growers.

Jacksonville, Fla., May 4.—The Interstate Sugarcrowers' Association began its second annual convention in Jacksonville today with D. G. Purse, of Savannah, presiding. The delegates number more than 500 and come from Arkansas, Texas, Louisiana, Mississippi, Alabama, Florida, Georgia and South Carolina. Hon. James Wilson, secretary of agriculture; Dr. H. W. Wiley, chief of the bureau of chemistry, United States department of agriculture, and other prominent speakers will address the convention.

Must Be.
She—He must be awfully rich.
He—Why?
She—He says he can't stand for grand opera or Shakespeare.

Mrs. Jane L. Stanford bought in Egypt and has brought with her to California, a bas relief statue of Cheops, which Egyptologists aver was made 7,000 years before Christ. It is of flint and four feet high.

"WHAT'S BRED IN THE BONE WILL OUT IN THE FLESH"

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARRH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inherited diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution.

S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us about your case, and medical advice or any special information desired will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Conference of Augustana Synod, Galesburg, Ill., May 4.—The Illinois conference of the Augustana synod of the Lutheran church, began its annual session here today and will continue in session for a week. The conference comprises the Lutheran churches of Illinois, Indiana, Michigan and Western Wisconsin, and embraces 105 congregations and 36,000 members.

A automobile in der street is worth two weeks in der hospital.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Mother's Friend

The Bradfield Regulator Co., Atlanta, Ga.

CARDUI BABIES

Many homes are mere lonely abodes because no children are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood. Wine of Cardui imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable. Wine of Cardui regulates the menstrual flow and also prevents miscarriage and cures bearing down pains. Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy.

Go to your druggist and secure a \$1.00 bottle of Wine of Cardui. The use of Wine of Cardui will bring happiness to your home.

In cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tennessee.

AMETHYST, COLO., Feb. 24, 1902.
Wine of Cardui is worth its weight in gold. It does more than you claim. It has saved my life and caused me to become a mother when everything else failed.
MRS. DORA I. E. LEFEVRE.

BRYANT, VA., Feb. 18, 1902.
My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.
My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.
MRS. LOUISA GILES.

WINE of CARDUI

School District Election Notice
Of election to determine how indebtedness obligations shall be got and sold.
Notice is hereby given that a school meeting of School District No. 16, of Umatilla County, Oregon, to be held at the county court house in said district, on the 17th day of May, 1904, there will be submitted to the legal voters of said district the question whether the bonds of the district proposed to be issued in the amount of Sixty Thousand Dollars shall be negotiated and sold according to the provisions of section 6 of Section 3389 of the Constitution of Oregon, or the provisions of subdivision 31 of said section, the vote to be by ballot, upon which shall be the words, "Sub-division 31 of Section 3389" and the words "Section 3389" and the words "division 31 of Section 3389".
