

CHANGE of LIFE

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop forever, are only a few of the symptoms of dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound

was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.

READ THESE CONVINCING LETTERS:

"DEAR MRS. PINKHAM:—I feel it my duty to write you about the wonderful cure your medicine has brought about.

"I suffered for years with change of life. I would have fainting spells, either before or after my monthly periods. They would come on me suddenly. Sometimes I would be on the street.

"I had pains all over me. My head ached all the time, could take no walks or go up stairs without becoming completely exhausted. I suffered untold misery. I tried doctor's medicines for a long time, but derived no benefit.

"I cannot say too much in praise of Lydia E. Pinkham's Vegetable Compound, and would advise all sufferers of female trouble to use it, for it will certainly cure them."—MRS. LIZZIE C. REYNOLDS, Buchanan, Va.

When one stops to think about the good these women derived belief; yet it is all true as stated in their letters published above at

For these ills no other medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

As a positive fact the private files at Lydia E. Pinkham's laboratory contain thousands of letters from women who have been safely carried through that danger period "Change of Life." The cures of Mrs. Reynolds and Mrs. Blake are not unusual ones for this medicine to accomplish.

"DEAR MRS. PINKHAM:—My trouble was change of life and cramping. No human tongue can describe what I suffered with the cramp. I dreaded from one time to another so much that I almost wanted to die.

"Our family physician did everything he could for me, but I got no relief. He said if I lived to get through with the other trouble, it would wear away after a time, but I had it six years and could not walk or exercise in any way without bringing on an attack of the cramp, and I would suffer untold misery until I would be perfectly exhausted and helpless.

"I read in one of your little books about your medicine being good for female trouble and change of life, and thought there was no harm in trying it, so I did, and it helped me and I was able to take walks and work some.

"I am very thankful for the relief your medicine has been to me."—MRS. V. M. BLAKE, Deep Water, W. Va.

from this great medicine, it seems almost beyond their own request.

No such helpful advice to women who are sick can be had elsewhere as will be received free by addressing Mrs. Pinkham at Lynn, Mass.—if you are sick write her—you are foolish if you don't.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

How to Judge Beer

BRILLIANCY

Clarity and polish, proving perfect brewing and fermentation.

Brilliance is always found in beer if the brewing and mashing has been properly conducted, and the fermentation of the brew completed under a careful and scientific regulation of temperature. No other beer made equals the famous

A. B. C.

Bohemian in this quality of brilliancy. It is gained by the unremitting watchfulness bestowed upon each brewing, and without the use of chemical preservatives, thus giving the consumer a pure, wholesome and exhilarating beer.

CONDITIONS GOOD

C. J. MILLIS COMPLETES TOUR OF CENTRAL OREGON

Says Stock Are in Finest Condition—Some Heavy Losses Reported—No Prospects Yet for a Spring Market, Although the State is Greatly Overstocked—Feed is Plentiful and Oregon is Fortunate Compared to Other States.

C. J. Millis, livestock agent of the O. R. & N. company, arrived in Baker City last evening from an extended tour of interior Oregon. He covered the vast scope of country included in Crook, Harney and Grant counties.

He was compelled to leave his trip incomplete on account of the bad roads in the interior. He says that the spring washouts have made the roads impassable at many points, and while the people are repairing the roads as rapidly as possible it will be some time before they are put in good condition. Many bridges throughout the interior were swept away, says the Baker City Herald.

Mr. Millis reports the stock prospects good. The range was never better in that section of the country at this time of the year. Grass is putting out, stock is doing well and stockmen see a bright future for their stock this year.

The prospects are that Eastern Oregon will have the best range this year for many years past. The spring rains and freshets have done the work for the range, while they have been devastating roads and bridges. The hay crop this year will exceed those for many years past.

There was a heavy loss in cattle and horses in March but this trouble is over and they are now getting in good condition rapidly. The cause of the stock losses by death was the early spring and the shortage in hay. By the first of March the feed was completely exhausted. But the grass put out early, and the weather being warm ranchers turned their stock upon the range away ahead of the usual time.

The first three weeks in March were good and the stock were beginning to pick up, but a freeze came the third week in March and cattle and horses were both caught on the range and died like sheep. The loss was terrible.

Sheep did not sustain this loss. They did well throughout the winter. They were farther in the range and were sheltered by the mountains and protected by the warmer climate that obtains in the mid desert. Throughout the interior the sheepmen are in tip top shape.

But the prices of stock are not satisfactory. In fact, there are no prices. No one knows when the conditions will change. There is an overplus throughout the country. There are too many stock everywhere.

But Oregon has the advantage of all of the Eastern and Middle West portion of the country. She has a good range. This is established for the present year.

Feed is scarce at many points, and with an oversupply of stock on their hands the stockmen are in a pickle. With the good range this year Oregon stockmen will be able to hold their stock until better prices obtain which is certain to occur before the end of the year. The demand will come sooner or later and Oregon stockmen will be ready for it.

Looks for Better Cattle Prices. Senator Helm, the well known

stockman of Eastern Washington, was in the city yesterday. Mr. Helm's buyers are now in the field purchasing cattle and he expects to ship 11 carloads from Lewiston within a few days. Between this point and Pullman he will pick up five carloads, making a solid train of sixteen cars. The cattle will be taken to the Colville reservation and placed on the range there. Mr. Helm has recently secured a grazing permit. He explains that he came to this section to purchase yearlings, but could not secure the necessary number and then decided to buy 2-year-olds. "I

am buying these cattle," he said, "for the market two years hence. There is a chance, of course, that I am mistaken in my view, but I believe cattle will command an exceptionally good price at that time."—Lewiston Tribune.

A Sure Thing.
It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre, of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year everything I heard of, but nothing helped. One bottle of Dr. King's New Discovery then cured me. It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's sold by Tallman & Co., druggists, bottles free. Regular size \$1.00."

Dr. Antonin Dvorak, the famous "Stabat Mater" and other music, is dead at Prague. He was at one time director of the New York Conservatory of Music.

COST SALE

In order to make room for our new line of enamel ware, we are offering our present stock of gray granite ware below cost:

Tea Kettles, regular price \$1.00, now	70c
2-Quart tea or coffee pots, regular price 55c, now	30c
