GENERAL NEWS.

A large party of Japanese are en route to Louisiana and Texas, where they will engage in rice growing.

Tuesday 12 tons of gold were coined into eagles at the Philadelphia mint, breaking all records for mint smelting.

Burglars looted slot machines in New York, but could not carry away the 14,000 pennies which constituted their plunder.

A new York man is negotiating for the purchase of three Chilean cruisers. It is supposed that he is acting for the Turkish government.

The Imperial Academy of Science, of St. Petersburg, offers a large reward for traces of the Baron Toll, who left Russia in 1902 on a Polar expedition.

Two horses were found in the basement of a burned building in New York City, four days after the fire. Although they were in six feet of water they were still alive.

A new York dispatch says that in an engagement between the Brazilian and Peruvian forces on the river Chantles, the Peruvians lost heavily. It is not thought that it will cause war between the two countries.

Conrad F. Stollmeyer, aged 91 years, the "Pitch Lake King," the wealthiest man in the Caribbean, is dead at Port of Spain, Trinidad. He was a German immigrant and discovered a lake of asphalt in Trinidad which was worth millions.

PACIFIC NORTHWEST NEWS.

Simon Goldman, a retired merchant of Portland, died Tuesday, aged 78.

Japanese and Umatilla Indians are in demand in Grand Ronde valley best fields at fair wages.

A. De Guilder, of Portland, was sentenced to three years in the penitentiary yesterday for forgery.

William Axtell, a well known saloon man of Basin, Mont., was shot and killed by an unknown assassin, Tuesday morning.

The war department on Tuesday awarded a contract for 5,000,000 feet of lumber to the Portland Lumber Company at \$9.25 per 1,000.

Thomas Corrigan, of Wilbur, Wash., celebrated his 96th birthday, Tuesday, and is yet hearty and strong. His wife is 78. Corrigan is the oldest man in Eastern Washington.

Mayor Williams, of Portland, has just received a postal card from some unknown person in Germany, upon which is written in small letters a long moral sermon, evidently the work of some religious fanatic.

John Barton, a convict whose term of one year for burglary expired yesterday at the Salem penitentiary, was immediately taken in charge by a federal officer to answer charges against him in Washington, D. C.

A new pine needle factory is being established at the old Oliver sawmill near Summerville, in Union county. It is the first factory of the kind in Eastern Oregon, and is located in the finest yellow pine belt in Oregon.

The Red Boy mine, of Baker county, was sold for \$80,000 Tuesday, to the Chicago capitalists who hold the principal indebtedness against the company. They purchased to protect themselves, hoping to sell again and get their money back.

NEWS OF ATHENA ALBA NEWS NOTES

MASHED HIS FOOT IN BRAKE BEAM OF WAGON.

Visitors From Nebraska—Arranging for Caledonian Picnic—Returned From Albert—Daughter Was Born May 5—Mrs. King Cannot Recover From Her Cancer—Drug Store Sold—Field Worker for Clover Leaf Order.

Athens, May 10.—Mrs. Charley Shaw and daughter have arrived from Winside, Neo. They are the guests of Mr. and Mrs. Ira Kemp. They will also visit Mr. and Mrs. H. W. Kemp at Milton.

Monday, C. H. Allen, while on his way from Adams to Athena, had his right foot badly mashed in the brake beam of his wagon.

H. H. Curtis returned home Tuesday from Alberta. He seems greatly pleased with that country, and purchased 1,600 acres, giving from \$5 to \$9 per acre. He says land is rapidly increasing in value. He brought back some fine samples of wheat and oats. The wheat yielded 43 bushels per acre and the oats over 100 bushels. Most of the land suitable for homesteads has been taken.

Born—Tuesday, May 5, to Mr. and Mrs. Bert Cartana, a daughter.

C. A. Barrett took his cattle through Athena to the mountain range a few days ago.

Ed Saylor, who recently went to Alberta, purchased a section of land.

Mrs. S. P. Haney of Sumpter, is expected to arrive soon to attend at the bedside of her aged mother, Grandma King, who is lying at death's door with a cancer.

Mrs. Margaret E. Herrin, the field worker, will meet with Clover Leaf lodge No. 35, May 11, and again on the 25th, and all members are earnestly requested to be present.

Caledonian Picnic.

The Caledonians will hold their annual picnic on Third street, south of Main. A temporary arbor will be constructed for the occasion and will be comfortably seated, so every one can witness the program.

Drug Store Sold.

Dr. Stone has sold the Pioneer drug store to Brock & McComas of Pendleton. Dr. Stone will now devote his attention to medicine.

VALUATIONS TOO LOW.

Railroads in Washington Are Greatly Undervalued by Assessors.

The Spokesman-Review has the following to say regarding railroad values in Washington:

"If railroad property should be assessed for taxation on the same basis as that of private individuals, Adams county would have collected taxes last year on \$2,354,805 worth of property on which not one cent of taxes was paid.

"Within Adams county the Northern Pacific has 57 1/2 miles of main line and the Oregon Railway & Navigation Company has nine and a half miles of main line. The market value of the Northern Pacific railway is a little more than \$70,000 per mile.

"This gives \$4,025,000 as the value of the Northern Pacific road in Adams county. The O. R. & N. road is worth at least \$65,000 per mile, being bonded for \$60,000, which would make the value of that company's road \$617,500.

"The total value of the railroad in Adams county thus shows as \$4,642,500. The two companies combined paid taxes of \$40,695 for all their right of way in that county.

"The ordinary individual pays taxes on an assessment of 60 per cent of actual market value. Figuring 60 per cent of \$4,642,500, the value of the roads would be assessed if the law commanding uniformity of valuation was observed.

"The difference between the sum upon which an individual owning the same amount of property would have to pay, \$2,785,500 and the amount actually assessed, \$430,695, shows the sum of \$2,354,805 as the sum upon which taxes have been dodged.

"The result of this under assessment is just the same, and is clearly in violation of law as if the assessor had allowed an individual with land worth \$2,354,805 to keep his name off the tax roll."

LARGE LAMB CROP.

Excellent Stapled Wool, and Sheep in Fine Condition.

Joe Connolly has finished shearing and began hauling to the Pendleton warehouses, where he will store until the sales days. Mr. Connolly sheared 4,000 head this spring, and speaks of the excellent staple and general good condition of the crop. Because of the uniform winter and abundance of feed the staple is uncommonly long, and does not have a stitch in it.

Mr. Connolly wintered his flocks around Badger Springs, in the north-western part of the county. He was particularly fortunate in the lamb crop, and will take to summer pasturing an average of over 110 lambs to the 100 ewes, and all vigorous, well-conditioned animals.

Tribe is a harmless Positive Cure. Walla Walla, Wash., Sept. 3, 1903.—I can most heartily recommend Tribe to any one desiring to quit the use of tobacco. I tried many so-called cures. I can truthfully say TRIBE has cured me of all desire for Tobacco in any form. TRIBE is a cure. Z. K. Straight, 119 Main street, Tallman & Co., local agents.

FARMERS ARE RUSHING PUTTING IN OF CROPS.

Stock in Fine Shape, and Loss Was Only One Per Cent Last Winter—Summer School Has Begun—Nearly Cured of Sore Eyes—C. E. Hoover Will Be Foreman of Dixie Ranch—Very Favorable Crop Weather.

Alba, May 9.—Weather is fine with frequent showers.

The spring is late and farmers are hurrying up putting in their crops. But if we get all our seeding done this month it is all right for this end of the country, as crops mature in from 80 to 90 days.

The altitude here is 2600 feet, but the past winter the thermometer did not register lower than zero.

The grass, although late in starting is better than it was at this time last year.

Stock is doing fine after the long winter, the loss being only about 1 per cent.

Miss Prosser began teaching a summer school today at Alba. She taught here last year, giving entire satisfaction, which is a pretty hard thing to do in a country school.

Ed Brehm has returned from Portland, where he has been taking treatment for ulcerated sore eyes, which are nearly cured.

J. S. McLeod of Pendleton, who bought the Dixie ranch, was here last week taking charge of his new possessions. He is much pleased with his purchase, and left C. E. Hoover in care of the estate.

The postoffice safe at Forest Grove was blown open Monday night and robbed of a few dollars in small change. There is no clew.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt, special agent.

CLOTHING AT COST
