ILLINOIS G. O. P

LARGEST CONVENTION EVER
HELD IN STATE TO CONVE.

Delegates and Alternates, to National Convention to Be Chosen—City Full of Candidates for the Nominations.

Springfield, Ill., May 11.—The Illinois republican convention here tomorrow will be the largest ever held in this state. There are plenty of indications that it will also be one of the liveliest. In addition to choosing delegates at large and alternates to the national convention, the convention this year is called upon to nominate candidates for governor and other state officers to be voted for this fall. The selection of delegates to the Chicago convention and the endorsement of President Roosevelt will be little more than a formality. All interest centers in the nominations for state offices. The city is alive today with candidates for the nominations. Their friends are also here in force.

The first candidate in the field against Governor Yates was Col. Frank O. Lowden of Chicago. Col. Lowden is a son-in-law of the late George M. Pullman, the palace car builder. During the last five or six years he has engaged actively in politics, but has never held public office. Col. Lowden has brought all his guns to bear against the republican state machine and his campaign has been as active in all respects as has that of Governor Yates. The latter has been at odds more or less with the present national administration and it was expected when Col. Lowden entered the race for the governorship he would receive valuable support from Washington. Evidently, however, these expectations have not panned out very well, for the talk of federal patronage has failed to attract any great number to the Lowden camp, and furthermore, Senators Cullom and Hopkins have declined to interfere in the contest.

RED BOY MINE SOLD.

Famous Baker County Property Brings \$80,000 Under the Hammer.

Baker City, May 11.—Following an order from Circuit Judge Eakin, of this district, the famous Red Boy mine was sold under the hammer yesterday evening, to the Chicago syndicate represented by Alexander Prusings, for \$80,000, the sum of \$4,000 being deposited on the purchase price.

Prusings is the minority trustee of the old Red Boy company, and bid in the property for the purpose of getting control in hopes of re-selling at a profit to clear the indebtedness held against it by his company.

The company will immediately begin development work on the mine, and will open up two lower levels, which have been unused for some months. It will cost at least \$50,000 to prosecute this work, but the company believes the returns will repay the outlay, and the management is anxious to put the mine in shape to sell well.

DISCUSS COTTON.

Cotton Manufacturers' Association in Session.

Washington, D. C., May 11.—The critical condition of the cotton manufacturing industry, due to high

prices of the raw material and the troubles in the Chinese market, is to be thoroughly discussed at the convention begun here today by the American Cotton Manufacturers' Association. There will also be papers by experts in every branch of the industry, among the speakers and their subjects being the following: R. M. Miller, Jr., Charlotte, N. C., "Fine Cotton Yarns;" Professor R. C. Carpenter, Cornell University, "The Cost of Power;" J. W. Norwood, Greenville, S. C., "Cotton Manufacturers' Bank Accounts;" F. H. Newell, chief engineer United States Geological Survey, "Forests and Water Powers;" W. L. Well, Vicksburg, Miss., "Staple Cotton;" William Hayes, Auburn, Me., "An Improvement in Cards;" Theodore H. Price, New York, "Economic Methods in the Purchase of Raw Material."

W. C. Heath of Monroe, N. C., presided over the opening session this morning and the principal address was delivered by Hon. George B. Cortelyou, secretary of the department of commerce and labor.

BOILS PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they

burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already unfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions. Write us if you would like advice from our physicians or desire any special information; this will cost you nothing.

Nebraska G. A. R.

Kearney, Neb., May 11.—Kearney is being flooded today with old soldiers and members of the Women's Relief Corps. Ladies of the G. A. R. and Sons and Daughters of Veterans. The occasion is the twenty-eighth annual state encampment of the Grand Army and the meetings of the affiliated organizations. The attendance is large, and the encampment, which continues until Saturday, promises to be one of the most successful ever held in Nebraska.

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. The Bradfield Regulator Co., Atlanta, Ga.

MOTHER'S FRIEND

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blind headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nine days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmina Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.

WINE OF CARDUI

Do You Receive These Wireless Messages?

They Are About Your Health.

When your health goes the least bit wrong, a wireless message is sent to your brain.

It says something like this:

"You are not quite well—take a dose of

BEECHAM'S PILLS

at once and it will put you right."

Do you attend to these messages when you receive them? You should do so. BEECHAM'S PILLS often prevent a serious illness, and so prove themselves

"WORTH A GUINEA A BOX."

Sold Everywhere in Boxes, 10c. and 25c.

Maryland Republicans.

Baltimore, Md., May 11.—The Maryland republican convention to choose delegates to the national convention at Chicago was opened here today. The platform will endorse President Roosevelt's administration, and the delegates at large—Senator Louis E. McComas, Congressman William H. Jackson, General Felix Agnus and Stevenson A. Williams—will be instructed to vote for him.

New Head of Case School.

Cleveland, O., May 11.—Professor Charles S. Howe was today inducted into office as president of the Case School of Applied Sciences. The inauguration ceremonies were participated in by leading educators from many parts of the country.
