ENTHUSIASTIC MEETING

AT PILOT ROCK.

Judge Hartman Reviews County Finances in an Able and Straightforward Manner-C. P. Strain Asks for Hearty Indorsement of His Policy, Which the People Demanded Two Years Ago.

Pilot Rock did herself proud at the democratic rally held Monday night. The hall was filled to overflowing and many were standing. While the majority of the audience was composed of democrats, many of whom had come in from a considerable dis-tance, there were many republican faces seen in the audience.

After several selections by Mc Minn's band Dr. Henderson made a short address. He reviewed the prom ises of the democratic party made two years ago and showed how these promises had been fulfilled.

He spoke in part as follows: "We point to the official records of Dr. C. J. Smith and C. P. Strain with pride. As an instance of the good service done to the state by Dr. C. J. Smith, I need only say that two years ago a person suffering with any con tagious disease was not required by law to stay at home, but might walk abroad and scatter contagion to all.

next showed how C. P. Strain had fulfilled his pledges. After mentioning various other candidates he dwelt on the necessity of having the coroner's office in the county seat on account of its central location. He also regretted that the office of coroner was among the last on the ticket

He thought it should come well up toward the head of the ticket.

Mr. Lightfoot next spoke. He said: "Whether I am elected or not is for the people to say—democrats believe absolutely in the rule of the people. I would like the office and be glad to receive your votes. What I particularly desire, however, is that you will vote for my old-time friend, Mr. Lloyd.

"A few facts may prove of interest When I went into office July 1, 1900. the county court had levied a tax of only \$46,000 for general expenses in face of the fact that the expense had been running as high as \$70,000 with an average of at least \$65,000.

"When we started we had 30 months of outstanding scrip, while we have but 14 months, and the interest has been reduced from \$15,000 to \$4,000.
