Yesterday Union Memorial Day services were held in the new opera house. The address was given by Rev. Rosine Edward Stewart.

Messrs. T. C. Frazier, J. C. Beach and Willie Briley left yesterday for Gearhart, where they will attend the Y. M. C. A. convention.

SIBERIAN NOTES.

American Consul Sends Interesting Letter to Consular Department.

Richard T. Greener, colored, American consul at Vladivostok, Siberia, has sent the following interesting news notes to the department of commerce and labor, on Siberian travel and industries. He says:

"In European Russia, according to the Stepanov Kray, in localities where agricultural machines are being manufactured, reapers are sold at \$45. If the sale is made on credit 8 per cent annual interest is added. In Siberia, in the city of Omsk, the same reapers are sold at \$77.50 cash; but if on credit, at from \$82.50 to \$85, with the provision of paying one-third in cash. The transportation from a warehouse may cost \$8.50 to \$9 additional.

Tea for Germany via Siberia.

"Up to the present time tea from China was imported into Germany by sea and the cost was considerable. In 1903 some Berlin firms made a trial of ordering parcels of tea from wholesale traders in Warsaw and found out that but for the high duty the transportation of tea overland would be considerably cheaper than by sea. The Berlin tea traders have made application to have the custom-house duties on tea reduced.

Sleigh Line Across Lake Baikal.

"The communication across Lake Baikal by ice breakers was stopped January 14-27; since then passengers, mail and cargoes have been conveyed across the ice by horses. The communication is quite rapid. There are 75 sleighs, drawn by three horses each, for the mail and for passengers of first and second-class.

"About 200 single-horse sleighs, 'slow' teams, are for the third-class passengers, convicts and regiments of troops going to Trans-Baikals, and for reserved soldiers returning home.

"The service is comfortable; the sleighs are large, easily accommodating three passengers, with hand baggage. Part of the vehicles are covered. In each sleigh there are two Barnau, fur coats, two pairs of felt boots, and two fur caps, for which there is no charge.

"From one shore to the other along the road there is a telephone line. In the center of the route there are three large wooden houses, with buffets. The interior of the houses are lined with felt and supplied with stoves. At a distance of every 3.3 miles there are barracks where, in case of need, travelers can warm themselves.

"The length of the sleigh route is about 25 miles. The timetable of the trains is regulated so as to carry the passengers across the lake in the day time."—R. T. Greener, commercial agent.

Vladivostok, Siberia, Feb. 25, 1904.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van ... of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." Discoveries then cured me of Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Tallman & Co., druggists. Trial bottles free. Regular sizes 50c, \$1.

- Willis Taylor, Freewater.
- J. S. Cunningham, Portland.
- J. W. King, city.

Turkey Red Wheat.

The Lewiston Milling Company are now receiving 5,000 bushels of Turkey Red wheat recently purchased in the Asotin Flat country. The purchase price of wheat is not made public, but a lot of this same grade was recently sold to Portland millers for 14 cents f. o. b. The Turkey Red wheat is of the same grade as bluestem but returns larger yields. It is also a wheat that will not smut and has been very highly recommended for the Lewiston country on account of heavy yields on dry land. It is also very hardy and not susceptible to the frosts of winter. The average yield for this country last season was about 30 bushels to the acre and there will be a much larger acreage this season. The Lewiston flat will grow about 2,000 acres of the Turkey Red wheat and the Lewiston country generally will have a much larger acreage.—Lewiston Tribune.

Bonded Seven Devils Mine.

Colonel Dorsey, ex-congressman of Nebraska, and J. C. Rogers and Will Hayward of Weiser, have secured a bond and lease on the famous Blue Jacket group of mines in the Seven Devils mining district. The bonding price of the property was \$250,000. We are reliably informed that they expect to operate on an extensive scale. This is a copper property that has produced over \$200,000 in copper at a depth of only 250 feet. In 1900 20 carloads of ore was shipped to smelters that gave returns of 47 per cent.—Weiser World.

The 19th annual convention of the Oregon State Sunday School Association will meet in Portland on June 7 and 8.

IN 1 AND 2 LB. SEALED TINS ONLY

THE STORE THAT IS AFTER YOUR BUSINESS.

Yosemite Indians.

Galen Clark, custodian of the Yosemite valley, the discoverer of the celebrated Mariposa grove of big trees, has taken up the cudgels in behalf of the despised "Digger" Indians of California, and in a little book published by himself, with the title of "Indians of the Yosemite Valley and Vicinity," appears as the unyielding champion of much-wronged peoples.

His work is something more than an addition to controversial literature, however, for it embodies many facts of especial interest to the ethnologist and abounds in suggestions to the prospective tourist.

Mr. Clark writes from an acquaintance of half a century's standing, having made his home in Yosemite since he emigrated thither from New York in 1853.

Perhaps the most interesting chapters of this book are those giving details of the "Diggers" industries and paraphrases of their legends and myths. His "Hints to Yosemite Visitors" contain some good specimens of unconscious humor:

Men will find flannel or negligee shirts the most comfortable.

Short skirts are most convenient.

Something absolutely soft for neckwear will be found a great comfort, both by men and women.

Smoked glasses will sometimes save the wearer a headache.

Take a little more money than you think will be needed. You may want to prolong your stay.

There is a laundry in the valley. There is a barber shop.

A Cure for Piles.

"I had a bad case of piles," says G. F. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by Tallman & Co.

THE WHOLESOME CRESCENT

Egg and Phosphate BAKING POWDER

BETTER THAN THE OLD-TIME CREAM OF TARTAR POWDERS.

It is the intention to expend \$250,000 upon additions and annexes to the capitol building at Washington during the next four years.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mannell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 4, '98, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt, special agent.

SPICES, COFFEE, TEA, BAKING POWDER, FLAVORING EXTRACTS. Absolute Purity, Finest Flavor, Greatest Strength, Reasonable Prices. CLOSST & DEWERS PORTLAND, OREGON.

OLYMPIA
