CAPT. KING IN JAIL

FLIM-FLAMMED YOUNGER
GROCERY COMPANY \$15.

Presented Alleged Checks for Thousands of Dollars, and Ostensible Evidences of Identity, to Secure a Trifling Cash Advance—"Buys" Heavily of Supplies for a Mythical Government Camp.

The Younger Grocery Company went into the government supply business yesterday morning for a short time, and as a result of the transaction "Captain" D. M. King is now in the county jail facing a charge of having obtained \$15 under false pretenses, and with having in his possession forged evidences of debt amounting to \$9,100.

Monday morning King came to town and went to the Younger grocery store on Main street, where he represented himself to be a Captain King, in the employ of the government geological survey. He said that he had a detachment of men on the government work near Echo, and had come into town to buy a bill of goods for its use. He said he had come from the valley, where he had been visiting C. E. Eldridge, the owner of the Independence Creamery Company. Mrs. Eldridge was his sister, so the captain said, and in proof of the statement he showed a letter signed by her.

After having established his identity he stated that he had been told by Mr. Eldridge to show any favor to the Younger company that was in his power, and he had therefore come to buy a bill of goods. In the afternoon, about 5 o'clock, he came back to the store and bought a list of groceries amounting to \$755. He was to come in in the morning and pay for what

Pendleton, Oregon.
Dated this 31st day of May, 1904.

he had bought, and take them to camp. Later in the evening King came back to the store and stated that owing to the banks having been closed all day he was out of money. He presented three checks signed by W. A. Trowbridge, the government paymaster, and asked to leave them in the safe over night. One of the checks was for \$8,000, one for \$7,500 and one for \$350. In consideration of this security Mr. Younger advanced the man \$15 until the banks should open in the morning.

Yesterday morning King showed up at the grocery store early and asked for the checks, saying that he would have them cashed and then come back, pay for his goods, make up his loan and take what he had bought. He then skipped.

Mr. Younger was alone in the store at the time, and as soon as one of the clerks came, sent him out on the track of the man, as he had grown suspicious. After some detective work Henry Harrison, the clerk, with the assistance of the city marshal, took the man into custody at the Hotel St. George. He will be held pending the convenience of the district attorney.

FACE AND HEAD CUT

ACCIDENT IN THE ALEXANDER STORE.

Glass Door Falls and Breaks on Nolf's Head—After the Door Came Mr. Cooley, the Bookkeeper, Both Falling From a Height of About Eight Feet—Mr. Nolf's Injuries Will Lay Him Up for a Time—Mr. Cooley's Injuries Were Slight.

Ed Nolf, a clerk in the Alexander department store, was badly cut around the head by having one of the glass doors from the office fall upon him this morning while at work.

Mr. Nolf was standing below the office receiving some goods which were being thrown to him from above by Carl Cooley, the bookkeeper. Mr. Cooley had pushed one of the glass doors forming the sides of the office open, and was leaning upon it. Suddenly the door gave way, falling eight feet upon the upturned face of the man below, knocking him down and cutting his face and scalp badly. Mr. Cooley lost his balance and fell from the office upon the prostrate man below, twisting his ankle, but not otherwise injuring him.

A cab was called and Mr. Nolf was taken to the office of a physician who dressed the cuts, after which he was removed to his home, where he is now resting easily. While the cuts are painful, it is not thought that they will leave bad scars, and it is thought the injured man will be at work in a short time.

The saloons paid during the month \$1375 in licenses; drays, \$32.50; cabs, \$15; shooting galleries, \$10, and general licenses, \$24.50, making a total of \$1456.75.

The expenses of the recorder's office, counting salary and incidentals, amounted to \$117.60.

During the month there have been no cases of contagious diseases reported, and eight burial permits have been issued.

It is the intention of the company to commence work on the mill at once. It will be enlarged and its capacity will be greatly increased. The power will be electric and will be furnished by the Oregon & Washington Power Company. The new company has ample capital and it is understood that the mill will be operated continuously.

WANTED AT HUNTINGTON.

Two Men Charged With Robbing a Section House.

John Hannon, city marshal of Huntington, was in town today, having come this morning in response to a telegram from the sheriff's office here notifying him that Lester Smith and Frank Pleimling, both of whom are wanted by the Huntington officers for robbery in a dwelling, had been arrested here.

The two men are accused by the officers at Huntington of having entered a section house near that place where they stole a number of things, including some money and postage stamps. They then disappeared and the officers along the line have been looking for them since. A couple of days ago two men tried to sell some stamps at Meacham, afterwards leaving in the direction of Pendleton.

Deputy Sheriff Davis picked up two men whom he thought to be the men wanted, at the depot on Sunday morning, and held them pending the arrival of the Huntington officer.

Smith admits that he entered the house at Huntington and took the things, but Pleimling denies the charge and states that he has been with the other men but a short time and was not present at the theft.

Mr. Hannon left on the train this evening for Huntington, with his men.
