## HIGH PRAISE FOR DEMOCRATS

### R. F. JOHNSON RECALLS EFFICIENT PUBLIC SERVICE.

No Costly Extra Sessions of the Legislature Through Democratic Members' Fault—County Administration Has Been Economical and Able Under Democrats.

Fairview Farm, June 2.—(To the East Oregonian.)—I noticed an article in today's issue of the Pendleton Tribune, written by some good republican at Echo, in regard to a part of my recent letter published in the East Oregonian.

Now this writer, whoever he be, accuses me of being "childish in the extreme," because I said in my article that the democrats as public servants both in the county and the legislature, "did not ruin the country," and he would make people believe that the reason they did not ruin the country was not because of their honesty or ability at all, but was due to the fact that the republican party had the majority in the legislature, etc.

Now, of course, it is true that the republicans had a large majority in the legislature, but it is also true that I stated in my letter to the E. O., that instead of the democrats ruining the country as claimed by the republicans, they (the democrats) have proved to be the savior of the country, and to prove my assertion I pointed out very clearly the fact that all the democratic office holders in the county during the past term have voluntarily saved some \$5,000 or \$6,000 to the taxpayers of the county.

Then again, I said that Governor Chamberlain was not compelled to call an expensive extra session in order to correct any mistakes made in the bills or laws presented by any of the democrats—either Pierce, Smith or Blakeley, etc.—but how can this Echo writer say the same thing about the republicans?

What about Mr. Phelps with his new tax law? How much money did his blunders cost the taxpayers of Oregon? The proof of the pudding is in the eating of it.

I still maintain that the democratic administration in Umatilla county for the past several years has been, and is the very best that this county has ever had, and the taxpayers and all fair-minded people are so well pleased and satisfied with their democratic servants, that they will re-elect every one of them next Monday by such a large majority as will make that great (?) republican club of Echo look like the proverbial 30 cents.

Yes, of course, I pointed to the good records of the democratic officials in office, and why should I not do so. God knows that it is something worth pointing to.

This Echo writer also claims that Mr. Cleveland, as president, brought ruin to the country, etc., but allow me to say that Mr. Cleveland today has no standing in the democratic party, but is rather an illegitimate prince in the republican party. All that is needed to make him a full-fledged modern, up-to-date republican, is only the rite of baptism.

Now, in conclusion, allow me to say that all the lies sprung against Mr. Hartman will fall flat. Mr. Hartman has made a most honorable and excellent county judge. The people are perfectly satisfied, and by the great horn-spoon we will re-elect him next Monday by such a large majority of votes that it will make his detractors ashamed of themselves and admit that campaign lies can no longer be made the means to defeat honorable, capable and trustworthy men for office.

### THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
