THE GIVERS OF BEST VALUES

The Pantheon Theatre

Opening Monday Eve., June 13

Webb Street corner Cottonwood

A beautiful new playhouse will be dedicated to the amusement people of Pendleton and will be a strictly moral, refined and clean theater. It will cater to the patronage of the ladies and gentlemen as well as men. All attractions will be free from all objectionable features. Best order will be maintained. Nothing but the best from the Orpheum circuit will appear on this stage. Performance will consist of opening act, 30 to 40 minutes, properly the renowned comedian.

JOHN P. BRACE, OF KEITH'S EASTERN CIRCUIT.

Brace is positively the greatest comedian and monologist who ever appeared on this coast.

MANN AND FRANK.

On the Orpheum circuit, will appear in their refined laughable sketch of 20 minutes, entitled, "From the Sublime to the Humane" Sure to please. A hearty laugh guaranteed.

CAD FRANK.

Her single turn. A decided hit in all the first-class houses. Life-size moving pictures by Edison's latest Vitiscopes. Dramatic illustrated songs will be rendered by competent singers. Music interspersed.

Home for the Afflicted

Sabina Leach's Private Sanitarium

Chronic diseases a specialty. Her remedies are strictly scientific, assisted by magnetic processes, and medicated vapor. All diseases treated in a common sense and scientific manner. Removing unnatural growths, tumors, goitre and all enlargements of the glands. WITHOUT THE USE OF THE KNIFE. Rheumatism, paralysis, neuralgia, catarrh, asthma, bronchitis, liver and kidney troubles, and all diseases peculiar to women. Special attention given to the Whiskey, Opium and Tobacco Habits. Treatment, nurse, board and room at reasonable rates. Corner West Bluff and Marie Streets.

THE WOOL SITUATION

CHARLES CUNNINGHAM TAKES OPTIMISTIC VIEW.

Says General Tendency is Toward Permanent Higher Prices—Shaniko Sales Indicate an Upward Movement That is Encouraging—Next Sales Day in Pendleton Will Witness Much Higher Prices—Losses of Sheep and Scarcity of Old Wool Will Keep up the Briskness of the Market.

Charles Cunningham is taking a sunny view of the wool situation, and as he is authority on wool for this part of the country, it is fair to suppose that the situation is as encouraging as he paints it.

It is the opinion of Mr. Cunningham that there will be about 500,000 pounds of wool in the warehouses in this city when the next sales day is opened here, June 10. This will clean up the wool of this county, as most of what is not now on the road to the warehouse has already been either sold or bargained for.

Speaking of the wool sales at Shaniko, and of the big prices paid there, Mr. Cunningham does not share the opinions of the wool buyers that the reason they paid high was because they were buying the market for the benefit of one of the buyers, whom they were buying to pay well for what he got. The reason of the advance was rather due to the fact that the price of wool all over the country has advanced and is still going up. It is not the buyer that is having a hand in the rise, but it is the condition of the market, and of the supply. All the Eastern houses are in need of wool and are willing to pay for it to get it.

Foreign and Montana Shortage. In Australia the drouth, and in South America the floods have done vast damage to the sheepmen, and the wool supply from those countries is almost nothing compared to what it usually is. In Montana the loss in the year has been nearly 50 per cent, and all these things, taken with the rise in the price of cotton, has a tendency to hoist the figures in the wool pit.

After viewing the situation from this standpoint, Mr. Cunningham has come to the conclusion that the prices at the next sales day in Pendleton will be better than they were the first sales day. At that time the top price was 14 3/4 cents, and, so Mr. Cunningham says, it ought to rise at least 1/2 cent more by the 10th day of June. This raise would make the Umatilla wool rank with the sales of the Shaniko product, which is cleaner and of less shrinkage.

JOHN MUIR, BOTANIST. Celebrated Naturalist Returns From a Tour of the World.

John Muir, author, botanist and geologist, is a true lover of nature. To satisfy a hungering for a sight of the splendors of the world he made a tour of the globe and spent months in the mountains and forests of foreign lands. He returned from the trip yesterday, arriving here from the Orient on the steamer Siberia, says the San Francisco Examiner.

The home of John Muir is near Martinez and he is well known throughout this state as a naturalist. He has pursued his studies in Yosemite valley, and when President Roosevelt visited this coast John Muir acted as his guide and showed him the wonders of the beautiful natural park.

In telling of his trip Mr. Muir said: "I left this state last May, it being my purpose to visit Russia to study the grand forests of that land. I met Professor C. S. Sargent at New York and together we journeyed to Europe. The parks and gardens of France, Germany and Holland we visited and then proceeded to St. Petersburg. We made for the Caucasus mountains, climbed Mt. Elbruz, the highest peak in the range, and studied the great glaciers of the region. The forests were veritable wild gardens, abounding in many different species of trees. In Manchuria we saw the rich forests and the beautiful farming lands. I toured Japan and China and then went to India. I spent some time in the Himalaya mountains. The great glacial formations in these mountains are similar to those of Alaska.

"I have always longed to see an aboriginal forest, a deodar forest, and in India I found it. I journeyed up the Nile and viewed its splendors and then went into the forests of Ceylon. The mountainous regions of Australia and New Zealand were included in my itinerary and lastly I went to the Philippines and spent some time in the jungles of Mindanao.

"Throughout my trip I have kept extensive notes and have studied closely all the forest and mountain regions I have visited. In Mindanao the forestry bureau is doing fine work and in Egypt the British are greatly increasing the fertile area in that arid region by irrigation."

Maine Falls in Line. Augusta, Me., June 6.—At a convention here today steps were taken toward the organization of a state federation of labor. Heretofore Maine has been the only state east of the Mississippi river where such a federation did not exist. The formation of a Maine federation leaves but three states in the entire union without such an organization.

Arthur Thompson, a negro at Arlington, Ga., shot and killed M. L. Dudley, a young white man. Thompson was riddled with bullets fired by a mob which did not attempt to take him in custody, although the negro offered to surrender.

Kansas Philosophy.

When a woman pays a compliment to a married man his wife begins to wonder suspiciously what it means. The cow is ahead of the man. She doesn't have to wait till some one is ready to wash and cook the greens before she eats them.

If a woman truly loves her husband when she is asked how he is, she will say: "Well, he does not complain, but I do not think he is very well."

You hear a great deal of the yellow and the black peril. There is also the red peril, the girls having renewed the custom of painting their cheeks.

This is the season when, if any one mentions greens, some woman present makes a record by claiming that she always washes her nine times. —Achlison (Kas.) Globe.

Beware of Ointments for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75c per bottle. Take Hall's Family Pills for constipation.

A FACT PROVEN. Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the mind of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitutes. "Destroy the cause you remove the effect." Sold by leading druggists. Send ten stamps for sample to The Herpicide Co., Detroit, Mich.

F. W. Schmidt, special agent.

IN A BAD WAY.

Many a Pendleton Reader Will Feel Grateful for This Information. When your back gives out; Becomes lame, weak or aching; When urinary troubles set in; Your kidneys are "in a bad way;" Here's local evidence to prove it: Mrs. G. W. Brown, who lives at the corner of Turner and B streets, says: "I was unable to stoop without suffering the most intense pain across the small of my back and through my kidneys. I got my first box of Doan's Kidney Pills at the Brock & McComas drug store. I was so sore and lame that I could not stoop at the sink to wash. Doan's Kidney Pills did away with the trouble. If I did not honestly think that Doan's Kidney Pills acted up to the representations made by them I would not set my name to an endorsement. I know others who have used Doan's Kidney Pills with the same satisfaction." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

\$60,000.

School District No. Sixteen, Umatilla County, Oregon.

Notice is hereby given that sealed proposals will be received at the office of the county treasurer of Umatilla county, Oregon, at Pendleton, Oregon on or before Wednesday, the 15th day of June, at five o'clock p. m., for the purchase of bonds to be issued by School District No. Sixteen, comprising the city of Pendleton and certain adjoining lands in Umatilla county, Oregon, of the par value of Sixty Thousand Dollars, bearing interest at the rate of 4 1/2 per cent per annum, payable semi-annually, principal and interest payable at the office of the county treasurer of Umatilla county, or at New York city, at the option of the purchaser. Said bonds maturing in twenty years, but being payable in ten years or after at the option of District No. Sixteen.

All bids, in order to be considered, must be accompanied by a certified check, draft or certificate of deposit, for the sum of One Thousand Dollars, to be approved by the directors of said district before said bids are opened. Said draft, certified check or certificate of deposit to be payable to School District No. Sixteen, in Umatilla county, Oregon, and the said sum to be forfeited to said district, should the bid be accepted and the bidder fail to comply therewith. The buyer of said bonds to provide the necessary and proper blanks therefor, complying in all respects with the laws of the state of Oregon, and pay for said bonds in Pendleton, Oregon. The county treasurer and said district reserve the right to reject any and all bids without question.

JOHN HAILEY, JR., Clerk of School District No. Sixteen, Pendleton, Oregon. Dated this 31st day of May, 1904.
