THE ROYAL NEIGHBORS.

Visit of Supreme Oracle to the Pendleton Camp.

A reception was given Monday night at the residence of Mr. and Mrs. G. A. Robbins, in honor of Mrs. E. D. Watts, supreme oracle of the Royal Neighbors, who is in the city on an official visit to Wildwood Camp, No. 2333, of this city.

The reception was a pleasant affair, and Mrs. Watts is well pleased with the condition of the local camp. She left this morning for other points in this state and Washington, where she goes to look into the condition of the order. She is accompanied by her husband.

The organization was formed as a social body in 1888, and is incorporated under the laws of Illinois, the headquarters now being in Peoria, in that state. In 1895, the beneficiary department was organized with 600 members. At this time there are 80,000 beneficiary and 130,000 social members distributed over 26 states, the largest membership being in the middle western states.

Mrs. Watts has been supreme oracle of the organization for 10 years, and resides in Omaha. This is her first visit to this part of the west and she hopes to see a revival of interest in the order here.

Washington is the banner coast state, with 1500 beneficiary members and 3000 social members. Oregon has 1144 social and 572 beneficiary members. Pendleton Camp has 34 social and 30 beneficiary members, and is in a prosperous condition.

In the past year the order has paid out \$1,000,000 in death claims and has gained very heavily in membership. All modern Woodmen are eligible to membership, and any white woman of good moral character is eligible. The age for social membership must not be less than 16 and for beneficiaries between 17 and 45.

The Royal Neighbor, the official organ of the order, won the \$50 prize at the last fraternal congress as the leading fraternal paper published in the United States.

Mrs. S. J. Hubbard is oracle and Mrs. G. A. Robbins is recorder of the local camp.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle. RAILROADERS IRRELIGIOUS.

Out of 100 Men in Train Service in Mountain Division Only Three Belong to Church.

Railroad men furnish a wide field for the study of sociological subjects, and one of the first things that impresses the student of human nature with these men, as a class, is their tendency to skepticism and irreligious sentiment.

Following a work that carries daily and hourly risk of life and limb, many people wonder why this irreligious tendency is so strong. Men in the constant presence of danger and death, become hardened to the surroundings, until there is absolutely no more fear of death among railroad men than there is among farm hands, who handle kicking mules and runaway horses.

Out of about 30 engineers working out of La Grande, F. E. Holm, a Presbyterian, is the only church member among the list, unless one or two of the old-timers will hold a lingering membership from their boyhood in the Catholic church.

Out of 20 conductors, Charles F. Brown, running between this city and Huntington, is the only member of any church, he being a Methodist and a regular attendant.

Among the 40 brakemen, A. W. Lefel, stands alone in his vocation at La Grande, he also being a Methodist. Out of the 30 firemen, not a solitary man belongs to a church, unless some half dozen claim membership in the Catholic church.

The same non-religious sentiment prevails among the machinists and officials.

No other trade or calling in the West presents the same proportion of non-church going people, and yet the public safety is interested more directly and guarded more closely by this class of tradesmen than by any other in the industrial world.
