HOLD-UP FAILED

William Allen, of Huron, Knocked Down in Dark Alley in La Grande. La Grande, June 10.—William Allen, a wood dealer of Huron, was assaulted by a thug in a dark alley in this city last night, but in the scuffle which followed, cut his assailant with his pocket knife and drove him off.

Allen had hired the man to cut wood at Huron and had advanced him money with which to buy a ticket to Huron. After hiring him, Allen then left him and started to a livery stable and was followed and assaulted before reaching the place. The thug gave the name of Robbins, and was identified by the cuts he had received from Allen's knife, being arrested in a saloon 10 minutes after the assault. He is now in jail at Union.

Special Excursion to the World's Fair

The Denver & Rio Grande, in connection with the Missouri Pacific, will run a series of personally conducted excursions to the World's fair during June. These excursions will run through to St. Louis without change of cars, making short stops at principal points en route. The first of these excursions will leave Portland June 7th, and the second June 17th. The rate from Pendleton will be \$60.00 to St. Louis and return. Excursionists going via the Denver & Rio Grande have the privilege of returning via a different route. This is the most pleasant way, as well as the most delightful one, to cross the continent. The stops arranged give an opportunity of visiting the various points of interests in and about Salt Lake City, Denver and Kansas City. If you wish to accompany one of these excursions write at once to W. C. McBride, 124 Third street, Portland, for sleeping car reservations.

"Trib" Beats Anything I Ever Heard of.

Falls City, Neb., April 17, 1904. About you "TRIB" I want to say it beats anything I ever heard of as a cure for the liquor and tobacco habits as well as to give strength to one's nerves. I took "TRIB" about a year ago and will always speak a good word for your treatment wherever I can. I have seen enough of "TRIB" to know that if a man wants a cure of liquor and tobacco he can get it with "TRIB." Respectfully,
S. B. BEAN

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

PASSES ARE LIMITED

STOCKMEN MUST RETURN HOME PROMPTLY.

On Cattle Shipments Must Start Back Within 48 Hours After Reaching Destination—On Horse and Mule Shipments 20 Days Will Be Allowed—This is the Only Change in the Pass Regulations From the Old System.

Chicago, June 10.—Effective yesterday the rules governing return transportation on livestock shipments were changed. Heretofore, the return limit on drivers' passes on account shipment of livestock other than horses and mules has been 20 days.

Hereafter, the return limit will be 48 hours after the shipment reaches destination. Heretofore, the return limit on drivers' passes on shipments of horses and mules has been 60 days. Hereafter the return limit will be 20 days.

It is contended by railroads that 48 hours after the cattle reach destination affords ample time for the tender to dispose of the stock, receive his account sales and start on his return trip.

The return pass is limited to through passage, but of course does not mean that the entire return trip must be made in that time.

It means that the party or parties traveling on the return pass must start on the return journey within two days after he reaches market, or other destination with the stock.

Inasmuch as it requires a longer time to dispose of a carload of horses or mules than it does to dispose of a like number of cattle, sheep or hogs, the return limit on passes issued on account of shipments of horses or mules is made longer.

The roads state that they are taking this step not with a view of harassing shippers, but with a view of protecting themselves against ticket scalpers handling drivers' transportation. As far as can be learned this is the only change that has either been made or contemplated in the matter of return transportation account of stock shipments.

NORRIS & ROWE COMING.

Will Give Two Performances Here on June 16.

Norris & Rowe have conceived a new sensation for their greater shows this season. On the vast circular course that encloses the triple rings within the huge white tents, the races, sports and pastimes of ancient imperial Rome will be given.

A realistic revival of the races run in the Circus Maximus and Coliseum, which involve the struggling contests between men, horses, ponies, elephants and all animals fleet of foot and filled with the fire of ambition to excel and first reach the goal of victory. Chariots correctly constructed, costumes accurate in detail and design and every accessory is adequately reproduced to make the Olympian games complete.

With the many other attractions this will prove a fitting climax to an exciting entertainment as was ever conceived. The new Norris & Rowe big shows will exhibit here Thursday, June 16.

Grinnel Fifty Years Old.

Grinnel, Iowa, June 10.—Just 50 years ago J. B. Grinnel, to whom Horace Greely made the well known statement, "Go West, young man, and grow up with the country," arrived here and founded what has grown into the pretty college town named in his honor. The entire town devoted today to a celebration of the semi-centennial. Business was generally suspended and the streets were in gala attire. Historical exercises were held near the college campus, the speakers included pioneer settlers and several relatives of the founder of the town.

Indiana Commercial Travelers.

Indianapolis, June 10.—Several hundred traveling men were present today at the opening of the annual meeting of the Indiana grand council of the United Commercial Travelers. Besides Indianapolis the cities represented include Fort Wayne, Evansville, Terre Haute, Goshen and Anderson. At the annual election of officers tomorrow Benjamin F. Custer, of Terre Haute, will be chosen to succeed William Morris, of Anderson, as grand counselor.

Grain Rates Advanced.

Chicago, June 10.—Pursuant to the decision reached by the Western freight agents several weeks ago, the advance in grain rates from the West was made effective today. The new basis is 12 cents per hundred pounds on wheat, and 11 cents on corn and other grains from the Missouri river points to Chicago. From the Mississippi river to Chicago the rates are 3 cents less.

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. Mrs. Brown and Mrs. Potts tell their stories for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was, and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that and built up my entire system, till I was indeed like a new woman.—Sincerely yours, Mrs. CHAS. F. BROWN, 21 Cedar Terrace, Hot Springs, Ark., Vice President Mothers' Club."

Suffering women should not fail to profit by Mrs. Brown's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration. Read the story of Mrs. Potts to all mothers:—

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it.—Sincerely yours, Mrs. ANNA POTTS, 510 Park Ave., Hot Springs, Ark."

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female troubles—curing them inexpensively and absolutely. Remember this when you go to your druggist. Insist upon getting

Lydia E. Pinkham's Vegetable Compound.

How to Judge Beer PURITY

Impossible to find it in most bottled beers, because their preservation is gained through chemical adulteration.

Bottled beers, as well as food products, are often adulterated with chemical preservatives, etc., which for awhile keep them from souring, but are injurious to the stomach. A. B. C. BEER is guaranteed to be absolutely pure and free from any adulterant whatever. It is never exposed to the air (which is germ-laden) but is brewed, fermented and aged for eight months in air-tight compartments, then piped in tin-lined pipes direct to the air-tight bottling machines, where it is bottled, sealed, pasteurized and packed for shipment.

A. B. C.

The only beer bottled exclusively at the Brewery, therefore the only bottled beer that can be absolutely guaranteed.
