TOO COOL FOR CROPS

NIGHTS OF PAST WEEK EXCEPTIONALLY COOL.

Late Grain Making Slow Growth—Haying Now in Full Blast—Frost Does Damage to Tender Vegetables in Many Localities—Fruit Crops Are Uneven.

Following is the government crop report for the past week:

The week has been dry and too cool for rapid growth. Except in the coast counties and a few localities in the Willamette valley, rain is badly needed for late crops.

Early sown wheat, barley and oats are also doing fairly well, but late grain of all kinds is making slow growth and without timely rains will give unusually light returns.

Haying is well started and the first crop of alfalfa has generally been secured, with yields above the average, but meadow hay is not so promising.

Hops, potatoes, field onions, sugar beets and gardens are growing slowly and, although in need of rain, have not yet suffered seriously for lack of moisture.

Strawberries and cherries are ripe and of excellent quality. Apples are doing well, but pears, prunes and peaches are uneven.

Columbia River Valley.

Simnasho, Wasco county, J. O. Ashenurst—Temperature favorable for growth, and crops are progressing, although they need rain.

Grant, Sherman county, Charles Tom—Fall wheat and barley heading out and looking fine; spring wheat looks well, but needs rain.

Adams, Umatilla county, C. S. Ferguson—Fall wheat good; spring wheat and spring barley not doing so well; it needs a good soaking rain.

Plateau Region.

Union, Union county, John W. Minick—Killing frost on morning of the 11th; all tender vegetables badly hurt.

Homestead, Baker county, J. H. Pearson—Showery, but not much water fell; first cutting of alfalfa nearly completed; crop heavy.

Ontario, Malheur county, Helen E. Stone—Weather fine; berries and fruits of all kinds good; more rain than usual in this section; first crop of alfalfa now being harvested.

Ashwood, Crook county, James Wood—Weather cold, with some frost, but it was not heavy enough to damage fruit; haying will soon be general; crop extra heavy.

Clarno, Wheeler county, L. H. Hale—Cool and dry; haying well under way; crop good; early cherries ripe.

Klamath Agency, Klamath county, George W. Looney—Northerly winds and three hard frosts have retarded the growth of grain and hay and other vegetation, but the growing crops are not damaged to any extent.

Eastern Market for Horses.

C. H. Turner of Caldwell, who ships more horses than any other man in this section of Idaho, is now at Glens Hot Springs, where he has purchased several hundred head of range horses from the Glens Bros. The horses will be shipped to Kansas.

Wisconsin Firemen's Tournament.

Portage, Wis., June 15.—The Wisconsin State Firemen's Association began its seventeenth annual meeting and tournament here today.

Mississippi Leans to Parker.

Jackson, Mississippi, June 15.—The democratic state convention to select four delegates-at-large to the St. Louis convention met here today.

Received American Ladies.

Berlin, June 15.—The empress today received a deputation from the International Women's Congress, including Susan B. Anthony, Mrs. May Wright Sewell and Mrs. Swift, Americans.

BOILS PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer.

burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin...

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood...

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution.

Write us if you would like advice from our physicians or desire any special information; this will cost you nothing.

BOILS FOR OVER 15 YEARS. Gentlemen:—For over fifteen years I have suffered more or less from Impure Blood. About two years ago I had a boil appear on my leg below the knee...
