SUIT BEING HEARD.

Married Thirty Years and Then Decide to Separate.

In the circuit court yesterday was heard the divorce suit brought by Moses Taylor against Isabelle Taylor, in which she answered by filing a cross bill. Mr. Taylor's attorneys are Carter & Raley and Will M. Peterson; Mrs. Taylor's attorneys are J. A. Fee and Balleray & McCourt.

Mr. Taylor and wife are people whose approximate ages must be 55 and 60 years. They have been married at least 30 years and have nine children and several grandchildren. They have lived on a farm between Athena and Weston about 26 years, and have accumulated an estate variously estimated in value at between \$75,000 and \$100,000.

The trouble, anyhow the acrid phases of it, between Mr. and Mrs. Taylor are said to date back some five or six years, and to involve money matters especially, though there are many phases of domestic infidelity brought out. Mr. Taylor, in his action for the divorce, alleges cruelty and inhuman treatment, which includes calling him vile names, accusing him of being the father of illegitimate children, striking at him with a butcher knife, accusing him of adultery, and he also alleges desertion. In her cross-bill Mrs. Taylor accuses her husband of beating and otherwise abusing her, continual and causeless fault-finding, nagging and immorality.

Over 40 witnesses have been subpoenaed and are on hand to testify. It is a stubbornly contested case and will be until the end.

It is generally claimed that the children "side" with their mother, but that the daughters did not do so until comparatively lately. The case has created great interest throughout a wide stretch of county, on account of the record of the family, which appears to have always been above reproach. Husband and wife and children as well seem to be and to have always been highly respected.

Another Suit Aired.

In the Whitlock divorce case, the plaintiff's side of which received due attention when the case was filed, the defendant, by his attorney, yesterday filed an answer, making many and vigorous denials and accusations as well. The defendant, William A. Whitlock, claims that he has always done his level best to support his wife and get ahead in the world, but that he has been badly handicapped by poor health and by being seriously crippled as a result of being kicked by a horse. He alleges that since their marriage in 1879 the plaintiff has frequently deserted him for longer or shorter periods of time without any cause whatever, has shamefully abused him with her tongue, drew a butcher knife and a club on him.

In Chicago Hospital.

C. A. Bennett is in Chicago, at the Presbyterian hospital, taking treatment for a very serious and obscure bowel trouble. He has been in the hospital about four weeks. His case has attracted the attention of the faculty of Rush Medical College, and will be the subject of clinical illustration. Mr. Bennett has the sympathy of a large part of Pendleton's population, as he is a very worthy young man. His ailment laid him up in St. Anthony's hospital several weeks last winter.

Will Locate in Dayton.

J. Hardwick, who has been in the city for some time looking for a suitable location for a brokerage business, left this morning for Dayton, where he will locate. He was unable to find a building here, although the outlook for his business is exceptionally bright. It is possible that he will return later, when it is possible to secure quarters and locate permanently in this city. Mrs. Hardwick will go to Dayton as soon as he locates.

Rallies From Operation.

C. G. Tripp, of Meacham, was operated on at the hospital for appendicitis, the operation being performed by Dr. Cole, assisted by Drs. Bacon and Hall, of La Grande. While the case was unfortunately far advanced, Mr. Tripp is getting along excellently. The operation was performed yesterday, and after recovering from the shock the patient rallied in good shape.

Real Estate Transfers.

Rihorn & Swaggart have sold to William Reiman for \$150 two lots in block 173 of the reservation addition. Billy Leathers has bought of Swearingen brothers lot 2, block 186, of the reservation addition, paying therefor \$850. The property includes a cottage.

New Residence.

Joe Blackley is about to build a residence on Lewis street, in the vicinity of the Byers park. It will be a six-room house, with all the modern improvements. T. F. Howard is the architect.

Goddess of Liberty.

Miss Lillian McCall, well known in this city, has been elected Goddess of Liberty for the La Grande Fourth of July celebration.

YOUTH GETS DRUNK

INTOXICANTS SOLD TO SIXTEEN-YEAR-OLD BOY.

Refuses to Tell Police Judge Fitzgerald and City Marshal Carney Where He Secured the Liquor—Other Offenders Also Brought to Book by Authorities.

Youthful William Miller decided yesterday that he would be bad. He chose the liquor route to the goal of his ambition and embarking on the river of Rum, floated peacefully down to the sea of Jags. When found by City Marshal M. J. Carney, he was lying prone on his face in the gutter.

Getting drunk is an ordinary occurrence in this prosaic age, and unless accompanied by manifestation of a desire to emulate the feats of Champion Jeffries in public on people who do not banker after the strenuous life, seldom excites comment. "Bill" Miller, as the lad terms himself, is an exception. He is only 16 years old, and by selling him liquor, somebody has violated the statute.

When discovered by the city marshal young Miller was in the company of four others. However, he was in no condition to appreciate the pleasures of good society. Charles Smith, a companion, was also "paralyzed" and oblivious to his surroundings. The other three were sober enough to know better.

Three Go to Jail.

Miller and Smith spent last night in the city jail, and this morning were brought before Police Judge Fitz Gerald in company with C. H. Williams and Charles Dawson, also charged with drunkenness. The quartet pleaded guilty to the charges resting against their names and all were fined \$5 with the alternative of serving three days in the city bastille. Williams had the kopecks and was given his liberty. The others are labeled "also ran."

Both Marshal Carney and Judge Fitz Gerald tried to induce young Miller to divulge where he obtained the whiskey but he seemed to be afflicted with fatty degeneration of the memory. He couldn't remember anything for so long that he acquired the habit, and had some trouble at the finish in recalling his own name. Whoever trained him was an expert.

WILL RESTRAIN.

Bingham Springs Will Be Investigated by Health Board.

There is no question but that some restrictions will be put upon the management of the Bingham Springs Consumption Sanatorium, and that before the summer has passed. Just the extent, or the exact nature of the regulations that will be imposed is not yet known. The subject comes within the province of the state board of health, and their decision will in all probability be embodied in instructions or orders to Dr. Bingham.

Official Passes Through.

R. B. Miller, general freight agent of the O. R. & N., accompanied by his private secretary and stenographer and by a correspondent for the Oregonian, and in a private car, came up from Portland on the early train this morning and transferred here for the north. They will tour the Palouse country.

Will Visit Brother.

J. D. Bentley of Modesto, California, is expected in Pendleton in a few days to visit with his brother, J. M. Bentley of this city. Mr. Bentley owns land near Warren station. He is over 80 years of age, but hale and hearty, and displays all the energy of 40 years ago in looking after his affairs. He is a veteran of the Mexican war.

Threshing Outfit Sold.

The threshing outfit which belonged to M. I. Howe, who died June 3 at Stockton, Cal., was sold yesterday to the First National Bank of this place for \$1000, to satisfy a mortgage held by the bank on the property, which consisted of an engine of 24 horsepower, a separator, cook house and tanks. E. E. Ballezore is the administrator of the estate.

Sumpter Valley Extension.

Superintendent Joseph Barton, of the Sumpter Valley railroad, says the road is being extended into the John Day country as rapidly as possible, track laying and grading now being in progress on the new line. It is expected by the company that the road will be built into the John Day by December 1.

Recovering From Pneumonia.

F. H. Reed, an employe in the Byers mills, is recovering from a severe attack of double pneumonia, and is at the hospital. Mr. Reed has been but a few months from Thurston, Neb. He will resume work in the mills as soon as he is able.

Twitshell-Smith.

Lonnie E. Twitshell, recently from Illinois, and Miss Julia Smith, of this city, were married last evening by Rev. G. W. Rigby, at the residence of H. Green, on South Thompson street. They will reside on the groom's farm, near Helix.

Rented Rader Home.

Frank Saling, the county clerk-elect, has moved to Pendleton and occupies the M. A. Rader residence on South Main street, just west of the high school building. It will be their home until the return of Mr. and Mrs. Rader from the East.

New Residences.

Dr. Whitaker's three new residences at the corner of High and Garden streets will be ready for occupancy by the end of this week. One is of seven rooms, another of six rooms, and the third of five rooms.

PREPARING FOR RACES.

One of Horse Team Meets With Severe Accident.

A picked team of firemen from Pendleton will compete with the Walla Walla department at Walla Walla on July 4. The entire personnel of the force has not yet been determined. Dean Shull is captain and Joe Nolf is manager. The boys—the entire department, are practicing every evening for the three events. The first race will be a hub and hub race, the second a straight speed race, and the third a wet test, and each carries a prize of \$65.

The practice races all start from the Golden Rule hotel corner and take place at 7:30 in the evening.

Last evening A. J. Howard, one of the best men on the force, dislocated his ankle and had to be carried home, suffering severely. It is impossible for him to take part in the competition.

EAGLES' CARNIVAL

BIG EVENT TO LAST A WEEK BEGINNING JULY 11.

Ten Leading Attractions, including Freaks, Electrical and Transformation Scenes—Dance During the Week—Dixie Carnival Company to Furnish Amusements—Committee on Arrangements Appointed—Proceeds to Swell Eagles' Building Fund.

Beginning July 11 and lasting one week, an Eagles' carnival will be held in the city under the auspices of the Eagles' club. The attractions will be furnished by the Dixie Carnival Company. Location remains to be selected but including eight 10-cent shows, Ferris wheel, merry-go-round, high dive and the usual street parades. Special features will be electrical exhibitions and a transformation scene. The carnival attractions will be clean throughout, appealing particularly to women and children.

The location remains to be selected will be central. That question will come before the council tomorrow evening. Seats will be provided in all the tents this year, which will be a pleasing innovation. The Eagles will give a ball during the carnival week. The proceeds of the carnival will help swell the fund to be used in building the new hall of the local acie.

It is possible two merrie monarchs, a la ye olden time, will hold sway during carnival week. The king will be a representative business man and the queen some popular young lady fitted by nature and education to assist in wielding the scepter. Both will be selected by a vote, and the election itself will make an interesting feature.

The following members of the Eagles' club comprise the committee of arrangements for the carnival: W. G. Bogert, Conrad Platzoeder, L. W. Held, E. G. Aston and J. T. Hinkle.

INDIANS ARE HOSTILE.

Object to Dipping of Mangy Horses by Stock Inspector.

Rebellion is threatened by the Indians on the Warm Springs reservation in Wasco county, as a result of the announced intention of the authorities to dip mangy horses owned by them. In fact, the red men assert that an attempt to carry out measures preventing the spread of the disease will lead to their taking the war path. They declare they will kill any deputy stock inspector who takes the initiative at dipping. Their language at least, is hostile.

This news was received here yesterday by Dr. J. Christie, the acting state veterinary inspector, from E. J. Young, deputy stock inspector for Wasco county.

Deputy Young is nonplused and asks for advice as to what mode of procedure he shall adopt. The matter has been referred to the state board by Dr. Christie, and no action will be taken until he receives instructions. It is deemed likely that by some process, peaceable if possible, and otherwise if necessary, those Indian cayuses will be given a bath in something that is real good for mange.

In his letter Deputy Young also conveys the information that a few days ago he dipped 300 head of horses, affected with mange, which are owned by white people. Considerable excitement attended the performance, but no violence was attempted.

BRICK FROM KANSAS.

Will Be Used on Fraternal Building at Athena.

T. F. Howard has just ordered 7,000 red pressed brick from Coffeyville, Kansas, for the front of the new fraternities building at Athena. This building is being erected by the Odd Fellows and the Knights of Pythias. It is 40x90 feet on the ground and two stories high. The front will be finished in the red brick from Kansas, with gray stone trimmings, and is expected to carry the prettiest front of any fraternities building in Oregon or Washington.

Sugar Beet Crop.

A report on the progress of the best sugar industry in 1903, prepared by the department of agriculture, shows that there has been an increase in the number of factories in the United States from 23 at the close of 1902 to 36 at the beginning of 1904. According to the report, the sugar beet crop of 1903 amounted to a little more than 2,900,000 tons, harvested from 242,576 acres, the average yield being about 8 3/4 tons to the acre. The price received for beets ranged from \$4.50 to \$5.60 per ton. Many farmers have cleared from \$25 to \$250 per acre.
