PERSONAL MENTION

F. H. Parr of Pendleton, is in the city.—Baker City Democrat.
C. E. McLellan, of the Tutuilla, was in the city today on business.
E. J. Couper, the Union stockman, who is here with a few heavy horses for sale, is finding a fair market for his stock.
F. W. Lampkin, business manager of the East Oregonian, who has been ill with tonsillitis for several days, is again at the office.
Fred W. Lampkin, who has been confined to his home with tonsillitis for a few days, has recuperated sufficiently to be at his desk again.
Mrs. M. Teichella of Pendleton, is at the Walla Walla Hospital for medical treatment, also Mrs. Jennie Jourley, for surgical treatment.—Walla Walla Statesman.
Lewis E. Huson, of Helix, was in town for a few hours yesterday and left for Portland on business last night. He will return shortly after the Fourth.
O. D. Teel of Echo, spent the day yesterday in our best fields. Mr. Teel is taking great interest in best culture in his section where the experiments are being made this year and with every indication of success.—La Grande Observer.

ORDER BEING OBEYED.

Sullivan & Bond Getting Rid of Clothing Sent Through an Error—Greatest Sacrifice Ever Made in Pendleton.

The shipment of clothing sent to Sullivan & Bond one month earlier than ordered, arrived this morning, and are now being offered to the public at wonderful reductions.

Sullivan & Bond are compelled to dispose of the shipment as they have no room to store the goods as the stock was bought for their new store, which will not be opened for a month on account of the building not being erected.

When the bill of lading for this shipment was received several days ago Sullivan & Bond telegraphed the manufacturers, who made the error in sending the goods at this early date, that they would refuse to accept this shipment. The factory telegraphed back, "get rid of the goods and charge the loss to us." It is Sullivan & Bond's intention to get rid of the goods without delay.

The shipment of clothing has been unpacked and faced in the rear of Sullivan & Bond's present store and a great compulsory sale has been started. The shipment consists of 400 stylish, well-made suits of matchless clothing, which was made expressly for Sullivan & Bond. The order to "get rid of the goods" is now being enforced and economical buyers will be delighted when they inspect this stock and learn the prices that are "all at the compulsory sale." To buy this clothing at the figures put on it is like buying gold dollars at a discount.

The public is invited and urged to call at the compulsory sale.

CHANGE OF PROGRAM.

Good Show Succeeded by a Better One at the Family Theater.

The population of Pendleton is about 7000. Of this number about 350 persons of all ages and both sexes crowded the Family theater last night to welcome the change of bill placed on the boards by the versatile Howards. The other 6550 missed something real good.

"A Manager's Troubles," something natty and replete with humor in the farce line, was substituted for the "cultured ge'min" farce produced previously. It is a new skit and appeals irresistibly to one's sense of the ludicrous. Mabel Howard, the "Scottish nightingale," changed her repertoire from Caledonian folk songs to high-class concert melodies, between the numbers being sandwiched Tyrolean yodeling. Frank and Sam Howelse yodeling. The program was produced by Jack Thompson.

The present program will prevail during the week. An entire change will take place in the program next Monday night.

Portland Carnival a Success.

Portland papers speak highly of the Mardi Gras Carnival now in progress in that city. The attendance is very large and the attractions are clean and wholesome and the city is proud of the event. It will continue until July 9.

The Pendleton hose team will be at Walla Walla July 4th. The Wonders will be there also. In addition to these attractions, there will be good speaking, fine music and a grand display of fireworks in the evening. The O. R. & N. train will leave Pendleton at 9 a. m. and leave Walla Walla returning at 11 p. m. The fare for round trip will be only \$1.

I have sold a great many Holt combined harvesters in this and surrounding counties, and the fact that I have never had a dissatisfied buyer or trouble with any customer, proves that the Holt is the machine to buy and that the public is fairly dealt with. E. L. Smith, 311 Court street.

In order to give Pendleton people a chance to hear the eagle scream, the O. R. & N. Co. will run a train from here to Walla Walla July 4th, leaving Pendleton at 9 a. m., returning, leave Walla Walla at 11 p. m., at fare of \$1 for round trip. Don't fail to take this in.

I handle the celebrated Holt combined harvester, and have any size from an eight-foot to 36-foot cut. Either for horse power or engine power. E. L. Smith, 311 Court St.

Where It Pays To Trade

TAX ROLL ESTIMATES.

More Taxable Property This Year Than Last.

While the extension of the tax rolls for this year has hardly begun, the indications point to an increase of the county assessment over last year by about \$300,000. It is estimated by County Assessor Strain that the net assessment this year will total about \$9,500,000. Last year it was \$9,214,000.

"The board of equalization meets the last week in August," said Mr. Strain, "and the work of assessment must be completed by then. In some lines property is cheaper than it was last year, and its assessed valuation will be last. This is true of cattle. On other livestock the assessment will be about the same. Real estate valuations are left practically the same, but in some parts of the city, where values have risen rapidly, some changes will be made. There will be few changes in the assessments of country districts."

WILL ENLARGE DITCH.

Progress of Hinkle Ditch Company Affairs.

O. D. Teel, president of the Hinkle Ditch Company, was in the city Wednesday. He reports that water is still being supplied from the ditch, though the contracts extend only to June 1. Ordinarily, after that date, water is only run in for domestic purposes. During the summer the ditch will be enlarged, and a good force of men will soon be at work on the lower end and the laterals. The alfalfa sown this spring has had an excellent chance on account of the water being plentiful late in the season.

MUCH NEEDED RAIN FELL.

A Vast Benefit to Southern and Eastern Part of County.

A light rain fell in the city last night, accompanied by thunder and lightning. The precipitation was not very heavy, but laid the dust and temporarily cooled the atmosphere. A light shower fell this morning, but the clouds seem only to have increased the sultriness.

Farmers reaching the city today report that the fall was general in the eastern part of the county. There was a fairly heavy precipitation toward the head of Birch creek and around Pilot Rock, where it was badly needed.

Dr. Vincent Returned.

Dr. F. W. Vincent, who has been in the East for the past two months, returned to the city last night. During his absence he visited a number of points of interest and says that industrial conditions are good. While in New York he underwent an operation which was successful.

You can't afford to miss going to Walla Walla on July 4th. The O. R. & N. train will leave Pendleton at 9 a. m. and will leave Walla Walla at 11 p. m. on return trip. Fare for round trip will be \$1. This arrangement will give you a cool ride in both directions and an opportunity to partake of all the pleasures Walla Walla has in store for you, and last, but not least, to see the grand display of fireworks. Don't forget.

I have the machine that pleases the farmers. Time and trial have proven the worth of the Holt combined harvester, and it has been demonstrated to be the most successful made. E. L. Smith, 311 Court street.

All sorts of good times are in store for you at Walla Walla July 4th. O. R. & N. train leaves Pendleton at 9 a. m. and leaves Walla Walla returning, at 11 p. m. Fare for round trip \$1. E. C. Smith, agent.
