Fourth of July Don'ts.

DON'T—
Be too brave.
Hold exploding crackers.
Take any chances on it's not being loaded.

Pick up a lighted cracker to find out why it does not go off.
Be too certain that the cannon fuse is not burning.
Point any explosive at your little sister.

Fail to treat powder burns instantly—they cause lockjaw.
Try to see how much powder you can pack into a toy cannon.
Leave smoldering crackers near inflammables.

Shoot skyrocket into curtained windows—your father probably needs the house.

Forget that the careless use of fireworks may change what should be a joyous day into one that will be remembered with sadness for a lifetime.

Weston Will Be Deserted.

There's no danger of any unusual disturbance or distressing noise at Weston on the Fourth of July. The town will be deserted on that day. Most of our people who want to celebrate in the good, old-fashioned way, will go to Athena, which has a rousing two days' celebration arranged. This will be reciprocity, as Athena is always a liberal patron of Weston's picnics. Some will devote the day to piscatorial pleasures on the banks of the Umatilla and the Walla Walla. There will be absolutely nothing doing here. All the business houses except drug stores, which must necessarily remain open, have mutually agreed to close their doors for the entire day.—Weston Leader.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at Tallman & Co.'s drug store.
