BIG BAPTIST RALLY

INTERNATIONAL AFFAIR
AT DETROIT, MICHIGAN.

Ten Thousand Delegates Present—Every Section of the United States and Canada Represented—The Affairs of the Baptist Young Peoples' Union Indicate Unusual Activity and Prosperity for the Past Year—Leading Clericals and Lay Members Present.

Detroit, Mich., July 7.—With a season of praise and prayer, participated in by nearly 10,000 men and women, the international convention of the Baptist Young People's Union of America opened this morning. The rally took place in the Light Guard armory, which was prettily decorated with the flags and banners of the various societies. On the platform, in addition to the speakers and distinguished visitors, was a chorus of several hundred voices, which led the musical portion of the program.

The attendance was representative of every section of the United States and Canada, and most of the leading divines of the denomination and laymen and laywomen of national reputation were recognized upon the platform and through the audience. The Baptists of Detroit and Windsor were out in force, and so thoroughly had the local committees performed their tasks that the preliminaries and program moved like clockwork.

National President John H. Chapman of Chicago, called the immense gathering to order at a quarter past 9 o'clock. In his opening remarks he emphasized the idea that the international convention is not a mere holiday excursion, but rather designed for spiritual quickening and for inspiration to effect service for the Creator. He analyzed the object of the organization "to secure the increased spirituality of Baptist young people; their stimulation in Christian service; their edification in scripture knowledge; their instruction in Baptist doctrine and history, and their enlistment in all missionary activity through existing denominational organizations."

Prolonged applause greeted the presentation of Mayor Maybury, who offered a welcome in behalf of the city of Detroit, and not less cordial were the receptions given Rev. S. S. Marquis, who spoke for the church of Detroit, and to G. Jay Vinton, who spoke for the Baptist Young People's Societies of Michigan. But one response was made in behalf of the board of managers and the delegates, this duty being assigned to Rev. Herbert J. White, of Beverly, Mass. After the usual committee appointments and the transaction of other preliminary business the morning session was brought to a close with an address by Dr. Charles R. Henderson of the University of Chicago.

This afternoon the convention received the reports of the board of managers and of the several officers and committees of the society. These

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

reports without exception, showed the past year to have been one of exceptional activity for the organization. It was also one of prosperity as the society continues to make gratifying progress in the increase of its membership.

NORTHWESTERN SAENGERFEST.

Great Convention of Scandinavian Vocalists.

Grand Forks, N. D., July 7.—Grand Forks is in holiday attire for the seventh biennial festival of the Northwestern Scandinavian Singers' Association, which will be held here during the remainder of this week. Every arriving train during the past 24 hours has brought its quota of visitors and it is expected the attendance will number several thousand visitors in addition to the 500 singers who will take part in the festival.

The decoration of buildings and streets has been artistically done, and the business section of the city presents a beautiful and attractive appearance to the eye of every beholder. The flags of the United States and of Norway and Sweden have been blended in all the decorations. During the festival there will be five grand concerts, in which a number of soloists of wide reputation will take part in addition to the mammoth chorus.

CONDITIONS IN COLORADO.

Eye Witness Tells Something of the Revolting Situation.

James A. Baker, representing British Columbia on the executive board of the Western Federation of Miners, arrived in the city last night, says the Spokane Press. Mr. Baker has been in Denver in active work on the board since May 11.

"The Citizens' Alliance has ordered that we can not even furnish food for the families of the miners whom they have, with the assistance of the militia, run out of the state or deported, as they call it.

"We sent money to the credit of these people to merchants who had been identified with neither our unions nor those of other organizations. Their credit good, the mother, the wife and the baby were still refused food because the merchant who had the money was forbidden to sell goods to our people. We then resorted to the mails and sent money orders to members of the woman's auxiliary, but they were spotted and in less than an hour after the order was recorded in the postoffice the woman receiving it was called up and put into the military sweatbox and made to tell from what source she had received the money. Following the confession was an order from the authorities to either leave the town or take a chance on the bullpen.

"You can easily understand what we were up against when you know that the man Moon, who is captain of the militia, is a member of the Citizens' Alliance. He is the man who took a personal part in the demolishing of the union stores at Victor.

"The conditions down there certainly make a picture that looks out of place in free America," said Mr. Baker. "To hound men down might be permissible under certain conditions, but to starve innocent women and helpless babes and have the outrages sustained by a state government looks un-American to me."

Mr. Baker will be in the city for a few days before returning to British Columbia.

MT. WRANGLE IN ERUPTION.

Alaskan Peak Said to Have Belched Fire and Smoke.

The report has reached this city by "mushers" arriving from the vicinity of Mt. Wrangle that the supposedly extinct crater of that peak was in violent eruption on the night of June 11, says the Seattle Star.

For nearly 12 hours the mountain belched forth huge volumes of smoke and flame, while for a distance of six miles to the north the ground was covered with ashes. Early on the morning of June 12 the flames subsided, but smoke and ashes still continued to pour out of the mountain.

The prospectors stated that the first indications they had that anything was wrong was just as they were about to sit down to their evening meal.

"We were about 12 miles from the mountain," said Al Johnson, "and had stopped to camp for the night, when the earth began to tremble, and a moment later smoke was seen coming from the top of the peak. We packed up our things hastily and hit the trail. During the entire night smoke and flames continued to come out of the crater.

"In addition to this a cloud of smoke hung like a pall over the earth for hours, stretching away to the north for miles. There was a fall of ashes which lasted all night long.

"Toward morning there was another slight earthquake, after which the eruption ceased."

Deafness Cannot Be Cured.

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.
