## COMPLAIN OF ROAD

LIES EAST OF PILOT ROCK FOR SIX MILES.

One Washout so Deep it May Be Best to Bridge it—A Large Amount of Debris Washed Down—For Half the Distance Travelers Abandon the Road for the Fields—Those Interested Will Try and Interest the County Court.

The information and the complaint and the action for relief embodied in the following come from heavy property owners between the north and south forks of the McKay.

The highway between McKay post-office and Spring Gulch, for about six miles east of Pilot Rock—the route followed by the government mail service—is in extremely bad shape. The dangerous condition of the approaches to the bridge across main McKay creek are noted. The road is badly washed out in places as a result of the storm of last Sunday. In one place there is a hole 10 feet deep directly in the highway, and the opinion is ventured that it will be actually cheaper to bridge than to fill it, in the long run. It will afford an exit for flood water in the future, some observers claiming that the fact that the channel scoured out just where it did during an excessive rainfall is sufficient proof that there should be a permanent channel there.

The amount of debris which has washed upon the road in this six-mile strip is simply enormous, though not excessive in any one place.

For at least half of the entire distance of six miles the road is temporarily abandoned by travelers, who strike out boldly into the wheat fields because there is nowhere else for them to go—a measure that is expensive and exasperating to the farmers, who are more patient and forbearing than perhaps they should be.

Those most vitally interested are extremely anxious that the county court take hold of the matter and make some repairs that the first heavy rains cannot wash out, holding that such a step would be proven by time to be far cheaper than the makeshift policy of filling up holes and shoveling off debris after every heavy rain.

### M'BEE BUYS SCALES FARM.

Former Echo Farmer Invests in Valuable Birch Creek Real Estate.

Yesterday evening Charles McBee, who recently sold a magnificent alfalfa farm on Butter creek, purchased through E. T. Wade & Son, the Henry Scales farm on Birch creek, five miles southwest of this city, consisting of 1360 acres for the sum of \$12,000.

Mr. McBee has been looking over the county since selling out in the Butter creek country, and decided that there was no better investment for him than Umatilla county real estate, and this purchase is the result.

The Scales place is one of the most prominent stock farms in the county. There are about 200 acres in cultivation on the Birch creek bottom, the remainder being pasture land and partly unfenced, having been used for sheep range by Mr. Scales.

The hay crop this year amounts to about 250 tons and Mr. McBee began cutting the crop of barley this morning, which will amount to about 2000 bushels.

There are two small orchards on the place, a new farm house, and all the needed farm conveniences.

Mr. McBee left for Echo this morning to bring his family to his new home. Mr. Scales will remain on the place until Mr. McBee can get moved, when he will surrender possession.

Mr. McBee will immediately improve the place by fencing it and plowing out all the tillable land and adding to the alfalfa acreage.

There is an abundance of water to irrigate all the tillable land on the farm and Mr. McBee has bought this for a permanent home in Umatilla county.

### FREEWATER PROSPEROUS.

Town Out of Debt and Many New Buildings Now Under Construction.

A. S. Pearson, city recorder of Free-water, was in the city yesterday, returning home on the evening train, after transacting business here. ### Monster Alaskan Nugget.

Dawson, July 8.—To No. 3, American gulch, belongs the honor of producing the biggest nugget ever found in the Yukon territory, or for that matter in the entire north. The monster weighs 450 ounces, and if it were all gold it would be worth at \$15 an ounce the tidy little sum of \$6750.

What percentage the boulder, as such it might with propriety be called, is quartz could not be told without grinding it up and separating the dross from the pure gold, but miners who have seen the piece have no hesitancy in declaring it to contain by far more gold than any other similar find in the Klondike.

### Deafness Cannot Be Cured.

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

### DIXIE CARNIVAL COMPANY.

The Dalles Paper Speaks in Highest Praise.

The Dalles Chronicle says of the Dixie Carnival Company, which comes here for the Eagles' carnival next week:

The Dixie Carnival Company, which came here from Salem Sunday, have given exhibitions in this city yesterday and today, greatly to the satisfaction of all those in attendance. Every evening the streets are thronged in this vicinity, and when the shows are opened they are always thronged with sightseers. The Dalles has had many of these carnivals, but none that will excel this in any regard.

One thing about the Dixie company is that its advertisement is a simple statement of facts. There is nothing that is not produced as described. The Electrical Palace, Swiss Village, Glass Blowers, Luna, etc., are all as represented. Every one who has

seen these exhibitions, say they were perfectly satisfied and got the full worth of their money.

The attractions on the outside are well worth seeing, and large crowds view these with a great deal of pleasure and entertainment every afternoon and evening. If these feats were performed under canvas they would be well worth paying an admission to see. But they are given free simply to amuse the crowd during the intervals between performances.

The Carnival company will remain several days yet, and those of our citizens who have not been privileged with seeing these shows should not miss this opportunity. An afternoon or evening could not be more profitably spent than inside these tents, wit-

nessing the performances or viewing the wonders which are exhibited.

### Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. ## BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. **MOTHER'S FRIEND**

# Truly Wonderful

Has been the trade at our little store. People realize that the size of the store, the number of clerks employed or the size of the stock carried has nothing to do with the money saving values given. It is the quality of the goods and the low prices placed on each article that counts.

The compulsory sale means a great deal to the buyers of clothing. It means the best suits at lower prices than ever quoted in Pendleton.

This shipment of clothing sent us through an error on the part of the factory before we are ready for it makes it imperative that we get rid of it at once. In order to dispose of a large shipment like this it is necessary to give great inducements and make the prices so low and the values so big that people will be compelled to buy because the bargains are irresistible.

## OUR OFFERS ARE IRRESISTIBLE

And people who have called have found the greatest, grandest and most convincing money-saving prices ever offered in Eastern Oregon. We propose to close out every article by the end of this month. Clothing and furnishing goods. Its up to you to take advantage of this sale.

The manufacturers of the clothing who made the error, wired us to get rid of the goods and charge the loss to them.

Don't hesitate, but come in and see this magnificent line of clothing and separate trousers. The price is the main thing to you, but on that score we are positive to please you.

## THE REMOVAL SALE

Prices on furnishing goods are more wonderfully low than ever. We are doing it. Come in and see.
