### THREE BUYERS IN EAST.

Will Select Goods for the Peoples Warehouse.

Within a short time the Peoples Warehouse will have three buyers in the Eastern markets securing stock for the fall and winter trade. Only one Portland house is said to exhibit a spirit of enterprise on a par with this local business firm. It means that the people of Pendleton may have their pick of the best to be obtained.

Leon Cohen leaves for the East tomorrow night. During the trip he will spend some time in New York, Boston, Philadelphia, Rochester and Chicago, purchasing for the clothing and dry goods departments. Mrs. A. M. Clark is now in New York securing goods for the women's ready-to-wear department. In a few days W. L. Shiverick will go East to lay in a large stock for the shoe department.

Another floor is being added to the store, which will be ready for occupancy by September 1. Mr. Cohen does not expect to be back until that date. The establishment has also become possessed of 25 feet to the south, comprising the room now occupied by a candy store. All the added room will be utilized when the fall and winter stock arrives. During the absence of Leon Cohen his brother, Albert, will act as manager.

### DEMOCRATIC LEADERS

#### AGREE ON A PLATFORM.

(Continued from page 1.)

analyzed the platform as framed by declaring: "There are four great planks: trusts, tariff, labor and imperialism." He is pleased with all, and it is known his opinion is that Hill will be unable to recognize the platform. "The tariff plank are good," said the Nebraskan. "In fact, it could hardly be improved upon in that respect. It denounces protection as robbery of the masses, and a gradual reduction of the schedule is provided."

The labor plank has an anti-government by injunction clause.

Anti-trust plank is stronger than Bryan expected. It calls for the enforcement of criminal laws against the trusts and deals with rebates.

Bryan regrets he had to give up the money plank, but his friends have taken up the slogan that the old money plank still stands in effect as the party's declaration.

### PARKER WILL BE NOMINATED.

His Selection by Democrats is Regarded as Certain.

St. Louis, July 8.—Parker, of New York, will be nominated for president by the democratic national convention either tonight or tomorrow morning.

At the session which begins at 8 tonight the platform signed by every member of the resolutions committee including Hill and Bryan, will be reported and adopted. It will neither repudiate nor reaffirm any former principle of the democratic party. The money question will not be mentioned. There will be a tariff revision plank and a strong anti-trust plank.

Bryan will not bolt the ticket. In fact, it would not be surprising if he announced to the convention he will support it.
