**Searching for Lost Son.**  
Agent E. C. Smith, of the O. R. &  
N., received a letter today from Mrs.  
Laura B. Ernst, of Portland, inquir-  
ing about her son, A. L. Long, who  
left Portland a few days ago. She  
inclosed a clipping from the Oregon  
Daily Journal, dated from Pendleton,  
giving the details of the killing of a  
young man by an O. R. & N. train  
near Arlington last Friday morning,  
stating that as she had not heard  
from her son, who left Portland the  
night before the accident, this unfor-  
tunate man might be her boy. Agent  
Smith referred the woman to the O.  
R. & N. agent at Arlington.

**Tennis Club Meeting.**  
There will be a meeting of the  
Tennis Club tonight at 8 o'clock at  
the parlors of the Commercial Asso-  
ciation, to which all members are  
urgently requested to come. Busi-  
ness of importance will be transac-  
ted and it will be of interest to the  
members to be present at this meet-  
ing.

**Oregon Horses to Kansas.**  
Colonel James H. Wilson, of Syl-  
van Grove, Kan., has a drove of  
Starkey Prairie horses, 58 in number,  
in the O. R. & N. stockyards here,  
which will be shipped to the colonel's  
home, where he has a large ranch.  
He paid \$31 per head for the ani-  
mals.

**Trouble All Along the Line.**  
Trouble has been experienced all  
along the line between Pendleton and  
Portland today on account of the  
storm last night. In several places  
ground wires have had to be used.  
Messages have been delayed in many  
instances, and in others sent piece-  
meal.

**No Pity Shown.**  
"For years fate was after me con-  
tinuously," writes F. A. Gullede, Ver-  
bena, Ala. "I had a terrible case of  
piles, causing 24 tumors. When all  
failed Bucklen's Arnica Salve cured  
me." Equally good for all aches and  
pains. Only 25c at Tallman & Co.'s

## PILOT ROCK STORM

FIERCEST ELECTRIC STORM  
AND RAIN EVER WITNESSED.

Bridges Washed Out, Crops and Gar-  
dens Damaged and Outbuildings  
Washed Away—Heaviest Storm  
Ever Witnessed in Southern Uma-  
tilla County—Rain Veered to West  
and Missed Pendleton—Birch Creek  
Swollen and Alfalfa Temporarily  
Damaged.

The most severe electrical storm  
that ever passed over Umatilla county  
visited the vicinity of Pilot Rock and  
the country between that town and  
Pendleton last evening about 8  
o'clock.

The electrical storm was also ac-  
companied by what is called by resi-  
dents of Pilot Rock, the heaviest  
rainstorm ever experienced there.

Several bridges on East Birch  
creek were carried away, crops and  
gardens in the vicinity of Pilot Rock  
were badly damaged, the barn and  
outbuildings belonging to Charley  
Newcomb in Pilot Rock, were washed  
down the creek and the storm as-  
sumed the proportions of a cloud-  
burst in the East Birch creek settle-  
ment.

Water ran down the streets in Pi-  
lot Rock, the crops along the creek  
for several miles were overflowed  
and damaged temporarily, but it is  
thought most of them will be saved  
by a few days of sunshine.

The storm came up from the south  
with a brilliant display of electric  
phenomena, the most vivid and start-  
ling flashes of lightning ever seen in  
that portion of the county accom-  
panying it. For about an hour the  
rain came down in torrents, and the  
rapid accumulation of water in the  
creeks showed that an immense  
amount of water fell on the hills ad-  
jacent to the streams.

In the vicinity of Oliver Knott's  
place east of Pilot Rock, the storm  
seemed to reach the climax, and a  
great amount of damage was done to  
all kinds of crops, gardens and out-  
buildings.

The roads have been badly washed  
and cellars and wells filled up all  
along the creek.

As the storm came nearer to Pen-  
dleton, the rain seemed to veer to  
the west, very little falling here, al-  
though the windstorm and lightning  
were very severe.

Lower Birch creek five and six  
miles west of Pendleton experienced  
very high water and some of the  
fields of alfalfa were flooded, but no  
permanent damage was done.

### ELECTRICAL STORM.

A. T. VanCleve Received a Severe  
Shock Last Evening.

During the early part of the storm  
which prevailed in the city last night  
the air was heavily charged with elec-  
tricity and a number of curious inci-  
dents are related descriptive of the  
effects the fluid produced. A. T. Van  
Cleve, a member of the Schmidt Drug  
Company, had an exceedingly un-  
pleasant experience in this regard  
and will not forget it for some time.

Mr. Van Cleve was standing near  
the doorway of his store when there  
was a sudden blinding flash and all  
the space around him seemed to be  
filled with zigzag streaks of light.  
Simultaneously the druggist felt a se-  
vere shock, the seat of which seemed  
to be his right wrist. The sinews of  
his arms in a half minute had swollen  
so badly they distended like whip-  
cords, the muscles of his hands be-  
came sore and stiff and his whole  
arm and right shoulder began to  
ache.

Beyond a slight soreness and stiff-  
ness the results of the shock had dis-  
appeared by this morning. There is  
no doubt that Mr. Van Cleve was uti-  
lized by nature as a medium through  
which the heavily surcharged atmos-  
phere got rid of a little electricity.  
It is likely that he owes his life to  
being a good conductor. He states  
that hereafter he will keep his hands  
in his pockets during an electrical  
storm.

Mr. Van Cleve denies that when he  
received the shock he yelled.

### FRUIT CANNERY AT ECHO.

Building of Old Rabbit Cannery May  
Be Used for Modern Fruit Can-  
nery.

A capitalist who intends locating  
in Echo, has partially completed ar-  
rangements for opening a fruit can-  
nery in the buildings belonging to the  
American Hare and Cold Storage  
Company. The supply of fruit in the  
Echo and Butter Creek districts is  
increasing every year and a great  
amount of the crop cannot be used in  
the local trade.

The buildings of the rabbit cannery  
are already practically fitted for a  
fruit cannery, the cookers and vats  
in use by the hare people being espe-  
cially adapted to fruit packing pur-  
poses.

The cherry crop of the Butter Creek  
district was all marketed in Echo and  
Pendleton, but the peach, plum,  
prune and apple crops will yield a  
considerable surplus which can be  
canned at a profit. It is barely possi-  
ble that a small amount of hare will  
be canned in season, by the fruit  
packing company, but the buildings  
will not be used exclusively as a hare  
cannery again.

**Marriage License Issued.**  
A license to wed was issued by  
County Clerk Saling this morning to  
August S. O'Harra and Maggie M. Mc-  
Corkell. The bride is a resident of  
Briggs and the groom of Weston.  
The young couple will make their fu-  
ture home at Weston.

## The Peoples Warehouse

Where It Pays To Trade

### PERSONAL MENTION

H. Boylen of Pilot Rock, is a vis-  
itor today.

T. C. and D. M. Conklin, of Elgin,  
are in the city today on business.

V. H. Chastain, the prominent Mil-  
ton citizen, is in Pendleton today on  
a brief visit.

Bert Danner, traveling salesman  
for Glafke & Co., of Portland, left  
this morning for The Dalles.

O. O. Kincaid, a famous shot and  
sportsman of Sumpter, was in the  
city this morning between trains.

Will Conlon, of Telocaset, arrived  
today to run a traction engine  
through the harvest fields in this  
county.

County Commissioner Horace Wal-  
ker, of Helix, who has been attending  
county court for several days, re-  
turned home last night.

S. B. Calderhead, general freight  
and passenger agent of the W. & C.  
R., is a guest of Hotel Pendleton to-  
day while here on business.

Charles McBee is preparing to  
move his family from Butter creek to  
the Scales place, five miles west of  
this city, which he recently purchas-  
ed.

R. R. Collins, a prominent wool  
dealer of Kamela, who also owns a  
choice fruit tract near Prewater,  
where his family resides, was a vis-  
itor today, a guest of Hotel Bickers.

W. H. Boyd, a prominent pioneer  
merchant of Echo, is in the city to-  
day on business connected with the  
settlement of the rabbit cannery af-  
fairs, which are now being finally ad-  
justed.

H. C. Willis, representative of the  
new townsite of Stanfield, at Foster,  
is in the city today. The sale of lots  
in the new town will not begin until  
the arrival of R. N. Stanfield from  
the East, which is expected every day.

A. H. Sunderman the prominent  
sheepman of Pilot Rock, has been in  
the city several days, attending to  
business. He has just heard from  
his camps at Starkey Prairie, that se-  
vere rainstorms have visited that sec-  
tion of the Blue mountains recently,  
doing considerable damage.

"Doc" Maple has just returned from  
a visit to his cattle range on Mead-  
ows Creek, in the vicinity of Starkey  
Prairie, and reports grass in excel-  
lent condition, but finds that severe  
electric storms have visited that dis-  
trict, playing havoc with timber in  
many places.

### WALLA WALLA FRUIT.

First Carload of Summer Apples Sent  
Out of Garden City.

Early apples are being shipped out  
of Walla Walla by the Blalock Fruit  
Company, says the Walla Walla  
Statesman. The first carload will go  
today. Apples promise to be plentiful  
this year and the price is now one  
cent. The last of the cherry crop is  
being packed by this company out at  
the ranch and at their city headquar-  
ters below the Holt Manufacturing  
Company. Over 40 girls are employ-  
ed at this work. Blackberries are  
now being sent east and it will doubt-  
less be several days before the crop  
is entirely shipped.

Potatoes, cabbage and onions do  
most toward filling the vegetable cars  
just now. A carload of these are  
shipped out every day either over the  
O. R. & N. or Northern Pacific by the  
Blalock company.

Prunes promise to be the big thing  
this year. The crop on the Blalock  
place is a good one and promises to  
exceed that of last year when over  
90 full carloads of this Pacific coast  
staple were sent out by this company  
from Walla Walla. Italian and Sil-  
ver are the principal varieties.

Peaches do not promise to be very  
plentiful this year and cut a small  
figure in the local shipping business.

### THE MARK

of cleanliness and neatness is on  
each individual piece of linen or other  
wash goods entrusted to our careful  
hands to undergo the process known  
as laundering. First, we wash clean;  
second, we starch rightly and only  
where starch is needed; third, our  
ironing is really second to none in  
"hold-to-the-last" finish. Tersely told,  
this is a complete first-class laundry.

### THE DOMESTIC STEAM LAUNDRY
