## A SPECIAL SESSION

**COUNCIL WILL MEET TO VACATE STREET.**

**Necessary Step Before Proceeding With the Erection of the New East End School House — Slight Delay Caused by Failure to Meet All the Legal Technicalities — Rebate of License Paid by Manager of the Pantheon.**

In view of the necessity of vacating the streets in blocks 15 and 16 in the Byers' Grove addition before the board of school directors can proceed with the building of the new school structures, it is probable the city council will meet in special session this week. While the matter was taken up at the regular meeting of the council last night, nothing could be done because of a failure of the school board to follow legal procedure.

The law requires that before a street can be vacated by order of the city council, a petition must be presented, signed by a majority of the people living in a district who will be directly affected by the action. The school board being eager to begin work as soon as possible, it is likely that the petition will be circulated and signed today. After presentation to the street committee, which will report favorably, a special meeting of the council will probably be held to take action on the report and petition.

It developed at the meeting last night that conducting the Pantheon theater did not prove a profitable venture under the management of Milo H. McMinn. He paid a city license of \$25 for the quarter but was

obliged to close the place a few days ago on account of the patronage not being sufficient to meet expenses. Mrs. McMinn requested the council to refund all but the amount required to pay for a month's license. Favorable action was taken.

During the eight-day vacation taken by Deputy Marshal Scheer his duties were attended to by D. Turner. The council voted in favor of a warrant being drawn on the municipal treasury to recompense Turner for his services in the amount of \$20.

### HARRY KELLY ARRESTED.

**Charged With Holding Up J. Ruball, the Shepherd.**

Harry Kelly of Milton, appeared before Justice of the Peace Fitz Gerald yesterday afternoon on the charge of destruction of property. He is accused of holding up J. Ruball, a sheep herder in the employ of Davin & Eyraud on Mill creek, and setting dogs on a flock of 6000 sheep, 47 being killed by piling up and 19 being run off by the dogs. Young Kelly—he is about 21 years old—waived a preliminary examination and was released on \$250 bonds, his sureties being J. F. Craddock of Milton and T. J. Morris, cashier of the Pendleton Savings bank.

The youth arrested is the son of J. P. Kelly of Milton, a Umatilla county pioneer. He was apprehended on a John Doe warrant secured by Deputy District Attorney Collier at Milton Tuesday. Deputy Sheriff Blakley serving the instrument. Sheriff Taylor went to Milton after the prisoner and brought him to Pendleton yesterday afternoon. He was immediately taken into the justice court.

Warrants are out for the arrest of two others said to be implicated in killing the sheep. Deputy Sheriff Blakley left Milton yesterday and went to Mill creek after them. Kelly denies his guilt. It is said that Ruball went to Milton and identified him as one of the men responsible for the offense. If the evidence appears convincing it is probable that Kelly and the others to be arrested will also be charged with threatening to kill, as a revolver was presented at Ruball's head when the dogs were set on the sheep he was herding.

### Baker Farmers Will Pack Pork.

A local combine of Baker county farmers has been formed for the purpose of pooling their hogs and packing their own pork next fall, instead of shipping out the live hogs. The scheme was tried on a small scale last year and was very successful. The output was readily sold at good prices in the Baker county mining camps.

### Vote for King of the Carnival.

I vote for ..... to be king of the Eagles' Carnival, Pendleton, July 11-16. This coupon is good for five votes and must be voted at this office not later than 6 p. m., July 14. All candidates for king must be members of the local acerie of Eagles.

## Sudden Summer Sickness

At this season there is always the danger of sudden attacks from stomach and bowel troubles. It is best to be prepared to prevent serious results by having always at hand a bottle of our

### Blackberry Balsam

There is nothing like having a good remedy when it is needed. For the quick relief and cure of colic, cramps, cholera morbus, dysentery and ordinary diarrhoea, it is pleasant and may be taken by young or old. Your money back if it fails to give satisfaction.

**Tallman & Co.**  
LEADING DRUGGISTS

# IT FREQUENTLY HAPPENS

That people who make individual loans are bothered in the collection of interest; that they often have difficulty in getting back the principal, and sometimes lose it altogether. Those who deposit their money in this bank are not thus annoyed, for here they get their interest promptly every six months. And better still, they have the satisfaction of feeling that their money is at all times safe, and that the bank is prepared to pay back the principal when needed.

## Commercial National Bank OF PENDLETON

SAFE DEPOSIT BOXES FOR RENT.

## BIG WHEAT YIELD

**IT WILL BE AT LEAST 4,000,000 BUSHELS.**

This is the Estimate for Umatilla County Made by F. S. Curl—Most of the Sacks Will Be of East Indian Manufacture—Price of Sacks Raising—Increased Wheat Yield Compared With 1903.

It is estimated by F. S. Curl, local representative of Kerr, Gifford & Co., that the wheat yield for this year in Umatilla county will be at least 4,000,000 bushels. The number of sacks used will approximate half that number. Few Portland sacks are being used this year, the large majority being of Calcutta manufacture.

"When the sale of sacks opened about two months ago the price was 6 1/2 cents," said Mr. Curl. "The price now is a half cent higher. I think there will be no difficulty in securing all the sacks the farmers will need."

"Wheat opened at about 70 cents last season and a few lots were sold at that figure and others as high as 71 and 71 1/2 cents. Prices then took the down grade. I believe the market this year will open at between 65 and 68 cents. If crops are as good as the outlook at this time, the yield will be 4,000,000 bushels or more, an increase of not quite 1,500,000 bushels over last year. Perhaps 2,000,000 sacks will be used."

The family of Mr. Curl is camping near Meacham. He went to Meacham Tuesday and returned with his family today. Its members will remain in Pendleton for a day or two to see the carnival and then return to the camp at Meacham.

### JESSE MOORE RETURNS HOME.

**Pioneer Butter Creek Farmer and Daughter Visited in Missouri.**

Jesse Moore and daughter, Kate, of Butter creek, have just returned from a five weeks' visit in Missouri, to Mr. Moore's old home, the St. Louis fair and other points of interest.

Mr. Moore found a brother whom he had not seen for over 50 years, and had an enjoyable visit among his old friends and neighbors, although most of them have grown out of memory or have moved away from the country.

He enjoyed the visit to the St. Louis fair, and says the management was very cordial in making visitors feel at home and in giving them every opportunity to see all that could be seen. He says Oregon's exhibit compared favorably to that of other states, and feels proud of the state. While the weather was unfavorable, most of the time during his stay in St. Louis, he saw a great deal of the fair, and comes home satisfied with his trip.

This was the first trip East for Miss Moore, and she enjoyed it very much, even more than her father, who could not stand the tiresome sightseeing as well as she.

### WILL VISIT MALHEUR.

**A. J. Goodman Left This Evening for Vale, on a Brief Business Visit.**

A. J. Goodman, of the Goodman-Thompson Hardware Company, left this evening for Vale, Malheur county, where he has been interested in a mercantile establishment for a number of years. He has not been in Vale for three years, and will be absent for about 10 days.

He believes that the government irrigation now promised Malheur county will make Vale one of the best towns in Eastern Oregon, as most of the country to be irrigated would be tributary to that point. Within the past three years the little town has grown very much and is now one of the leading livestock centers in Eastern Oregon.

### CUT BY SICKLE.

**Lost a Toe in a Combined Harvested Tuesday.**

While operating a combined harvester on his ranch, nine miles south of the city Tuesday afternoon, William Connerly's left foot was caught by the sickle. The nail on his little toe was pared off and about a third of the fourth toe amputated. Dr. Henderson was summoned and found it necessary to remove the bone of the fourth toe.

The injury was sustained while the harvester was being repaired. The horses started suddenly and the foot happened to be in line of the sickle. The injuries are not serious enough to prevent Mr. Connerly from attending to his work.

### THE FRENCH HOLIDAY.

**Many Citizens of Pendleton Celebrate Quietly the Anniversary of the Bastille's Fall.**

One hundred and fifteen years ago today, on July 14, 1789, the old French prison, the Bastille, was torn down by the infuriated populace of Paris, and Frenchmen all over the world celebrate this anniversary as being one of the most important dates in French history and equal to the American day of independence.

In the Bastille were confined all political prisoners who dared to whisper against the royalty and many thousands of innocent men and women were confined in its deep dungeons, without trial or hearing, and when the gloomy walls were at last destroyed by the people of Paris, tiers of dungeons reaching deep under the foundations were discovered in which human skeletons were found, all traces of the unfortunate prisoners having been lost to the world.

On the site of the old prison the French people erected a magnificent

column to Liberty, called the Column of July.

The French citizens of Pendleton have remembered the day and while there was no demonstration, there were many enthusiastic reunions of Frenchmen, in which the past was heartily discussed and the day celebrated in a quiet way. Perhaps Umatilla county has the largest French population of any county in the state, among them being numbered some of the best business men and citizens in the county.

### SIXTY DELEGATES.

**That Number Will Be Entitled to Seats August 2-3.**

Notices have been received by Mayor Matlock, County Judge Bean and President Borie, of the Commercial Association, that each may appoint 10 instead of five delegates to the first convention of the Oregon State Development League, which will be in session at Portland August 2 and 3. This means 10 delegates at large from the county, 20 from Pendleton and a proportionate representation from other cities in the county, approximating about 60 delegates in all from Umatilla to the convention.

One fare will be charged for the round trip on the excursion to Portland the day previous to the opening of the convention. The Oregon Water Power & Development Company has tendered its cars free for women visitors to Portland during the convention. The City & Suburban and the Portland Railway companies will furnish 10 open cars for free trolley rides to all the delegates, the trip beginning immediately after the adjournment of the convention at 3 o'clock Wednesday, August 3.

### BUSY JOKER.

**Small Boy Was Sent After a Quart of Steam.**

Some practical joker has been getting very busy lately. A laborer was given a heavy stone in a sack this morning and sent to the Hotel Pendleton. He was instructed to carry the sack away from his body, which made his task far more difficult. When he reached the Pendleton he was informed that the Hotel St. George was meant. There the sack was opened and the stone found. That laborer is now hunting for the author of the joke.

A little boy was sent all around the city to obtain a quart bottle of steam. He found out that a joke had been perpetrated on him and declares that he will "get even" with the joker. Little boys are sometimes modeled on the lines of the Apache Indian, as the joker may discover.

It is asserted the jokes had their origin in the vicinity of E. L. Smith's implement store.

### DISTRICT ATTORNEY COMING.

**Will Probably Decide on Early Prosecution of O. R. & N. Tax Cases.**

District Attorney G. W. Phelps, of Heppner, will be in Pendleton in a few days. While here he will discuss a number of affairs connected with his office with Deputy District Attorney Collier. He may find it necessary to remain here two or three days.

One of the most important propositions on which the district attorney and his deputy will confer will be the payment of the O. R. & N. taxes for last year. It is probable that the action against the company taken in the circuit court will be hurried through as soon as possible on account of County Assessor Strain being almost ready to write the railroad assessment for this year. Circuit Judge Ellis says he is ready to hear the matter at any time.

### Lost Railroad Ticket.

Mrs. A. C. Henderson, of Pilot Rock, who came to the city yesterday to take the train for Brownsville, lost her railroad ticket somewhere between the O. R. & N. depot and Hotel Bickers. Another ticket was issued to Mrs. Henderson, and she left last night for her destination, where she will spend the summer months. An order has been issued against the use of the ticket, which was numbered 8976, and no one will be able to use it as the conductor will take it up whenever presented.

### Improving in Health.

Mrs. Allen Calef arrived in the city a few days ago and is the guest of Judge and Mrs. S. A. Lowell. She came to Pendleton immediately after leaving a hospital in Portland, where she was severely ill for a week or 10 days. Since reaching here Mrs. Calef has greatly improved in health, which will be welcome news to her many friends.

### Idaho Miller Here.

George Bashor, a prominent miller of Summit, Idaho, and president of the Summit-Lenore Tramway Company, is in the city today, a guest of A. Kunkel. Mr. Bashor speaks in the highest terms of the crops of the Lewiston and Clearwater districts.

### HALF PRICE SALE ON LATE BOOKS.

  - "Sir Richard Calhady," by Molelet.
  - "A Woman's Man," by Norris.
- And many others. Call and see the balance of titles.

### WALLA WALLA DEAD.

**Consumption Leads as Cause of Death for Past Three Months.**

Walla Walla, July 14.—Fifty-nine deaths were reported as occurring in Walla Walla county during the months of April, May and June. The county auditor's office was working yesterday on the mortality report for the quarter just finished.

Tuberculosis again heads the list, with nine deaths to its credit. Heart disease is next with six, but is equalled by spinal meningitis. Pneumonia claimed five victims during the months indicated.

Eleven were under 12 months of age, and a similar number between the years of 50 and 60. Six had reached the allotted three score and ten, the oldest recorded being 78. As to estate, 30 were unmarried, and 22 married, two were widowers, and five widows. One person was colored, and 49 were American born.

The largest number, 26, died in April; 15 died in May, and 18 in June.

From June 9 to July 9, 34 thunderstorms have visited Central and Eastern Oregon.
