NOT YET NOTIFIED

JUDGE BEAN WILL MAKE APPOINTMENTS LATER.

Will Not Select Delegates to the Development League at Portland Until He Knows He Has Authority to Do So-Call Provides for About Sixty Delegates From Umatilla County-The Judge Takes Keen Interest in the Project.

Whether or not County Judge Bean appoints 10 delegates to the first convention of the Oregon State Development League, to be held at Portland August 2 and 3; depends entirely on whether or not County Judge Bean is officially notified that such action by him is desired.

People are coming to me all the time and asking if I have yet ap-pointed delegates to the convention at Portland," said his honor. "I have told them all no. What is more, I do not intend to appoint any delegates until I am officially notified that appointments by me are expected by the officers of the league

"Of course, I have seen items in the papers to the effect that the league is to hold a convention in August and that the county judges are expected to appoint delegates. have never been officially notified that such is the case, and until I learn something authoritative I intend to take no action. Do not understand me as expressing a lack of confidence in the newspapers-that is the idea at all. The point is simply this; in appointing delegates to a state convention I cannot act without authority, and I cannot reasonably be expected to get my authority from the newspapers, no matter how accurate they may be

I have no doubt the officers of the league expect county judges to appoint delegates. But I should receive a notification. When I do I will look around for appointees.

By the latest enumeration of the officers of the league. Umatilla coun-'y will be entitled to about 60 dele-gates to the convention, 10 from the county at large, 20 from the city of Pendieton and a proportionate numof representatives from other
