LOST, STRAYED OR STOLEN

From my place at Juniper on June 27, two mares; one a sorrel mare, weight about 1200 pounds, 5 years old, branded CH on left shoulder; she has crooked front feet.
The other is a 5-year-old bay mare, weighing 1100, branded R over a bar on left hip and T within a circle on right shoulder.
I will pay \$10 for information leading to the recovery of both horses, or \$5 for either of them. Address, A. LARSON, Juniper, Oregon.

TO ROB THE FAIR

GIGANTIC SWINDLING SCHEME NIPPED AT ST. LOUIS.

Gate and Ticket Men Had Conspired to Rob the Exposition on Fraudulent Admission Tickets, Bogus Returns and General Cussedness Throughout the Admission Department—Three Under Arrest—Searching Investigation in Store.

St. Louis, July 19.—William H. Ellis, Charles H. Stillier, Henry Miller and Edward Kiely, all of St. Louis, two of them employees of the admissions department of the World's fair, have been arrested and taken to the World's fair police station, where they will be held pending an investigation into what is believed to be a gigantic conspiracy to rob the exposition company by ticket irregularities.

Norris B. Gregg, director of admissions and concessions of the World's fair, beyond admitting that a searching investigation is being conducted in the department of admissions by Pinkerton detectives and members of the St. Louis detective force, refuses to say much about the alleged conspiracy.

From what can be learned of the results of the investigation thus far the indications are that a large number of the employees of the division of admissions have been in the conspiracy to defraud the exposition company and that a large sum of money has been secured.

The switching back and second sale of genuine tickets and the wide circulation of counterfeit admission cards are said to be two of the schemes which have been worked with success.

The continued operation of these schemes to defraud has been made possible because the use of tickets has been superseded by patent coin machines at only the main and administration entrances.

In the carrying out of the conspiracy the men at the gates are supposed to have had the co-operation of others in the ticket booths and of certain employees in the offices of the admissions department in the administration building as well as inspectors stationed at the entrances.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Gobolick of Colusa, Cal., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Tallman & Co., druggist.

DON'T LIKE PROFANITY.

Otto Floto Discourses Intelligently Regarding Equine Instructions.

Otto Floto, organizer of the great Floto shows, which will exhibit here July 21, has always been known as a careful man with his horses, and devotes his personal attention to the stable of thoroughbreds with the show. He has made a rule that he will have no man in his employ who shouts or talks in a disrespectful way to a horse, or uses profane language within the hearing of any horse in the stable.

His idea is that a horse is more observing and understands more than the average horseman gives him credit for, and that bad manners within the sight or hearing of an animal of ordinary intelligence is likely to make him bad-mannered and ugly tempered, while swearing in the presence of most horses is sure to make them bad-tempered and disreputable.

For that reason any man in his employ heard to use bad language within the hearing of any horse in his stable will be immediately discharged.

"I have seen horses," said Floto the other day, "and so have you, probably, that would lay back their ears and show every inclination for a fight by hearing some one near their stalls commence to use profane language.

You will find that a majority of the ill-tempered and dangerous horses are those that have been raised in an atmosphere of profanity and ill-usage. I once owned a horse that was as gentle as a lamb on the road, unless the

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

person driving him should happen to let out a cuss word, and then he would become almost unmanageable. He knew just as well as I did when any one was swearing.

Why this is, some wiser person than I am will have to explain. All I know about it is that it is true. I believe horses know as well as you or I do when they are sworn at, and they do not like it any more than we do.

That is why I have made it a rule not to allow any man employed by me to use bad language before the horses. I have never yet seen a good mannered horse that was being sworn at all the time. It hurts the feelings of a sensitive horse, and I'll keep my word good to discharge any man in my employ if I catch him swearing within the hearing distance of any horse in my stable.

Shepherd Shocked.

S. W. Fine, a shepherd, was in town today to get medical treatment for an electric shock which he received at the hands of Divine Providence. It was July 4, while Mr. Fine was herding his flocks on Granite Ridge, that a thunder storm came up, and while sheltering under a tree a bolt of lightning from the clouds struck the tree, and for the time put the herder out of commission. It happened at 2 o'clock in the afternoon, and when Mr. Fine recovered consciousness he was drenching wet, his flocks were scattered, and he had been unconscious for perhaps half an hour. His nervous system is shattered, and the faintest approach of a thunder shower fills him with deadly fear. This morning, as stated, he came in to get medical aid and restoratives for his nerves. The bolt shattered the tree under which Mr. Fine was sheltering, and incidentally shattered his nervous system.—Sumpter Miner.

Shepherd Says He is Crazy.

Nels Peterson, a shepherd who arrived here from Hoppper on yesterday's train, is in jail here, says the Sumpter Reporter. He tells Marshal Rand that he is crazy and that official, along with several others, will not dispute the fellow's statement. He came here to go out and take charge of one of McKnight's bands, in place of Fine, who caught a voltage of forked lightning the other day that caused him to want to quit his vocation in those parts. Fine met Nels here yesterday morning and together they proceeded to see the lighter side of life in Sumpter, taking sundry and divers potatoes and libations at the various resorts.

Deafness Cannot Be Cured.

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was fitful, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be."—Mrs. M. E. HUGHSON, 347 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements.

Apparently trifling incidents in woman's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound.

If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Lelah Stowell, 177 Wellington St., Kingston, Ont., writes:

"DEAR MRS. PINKHAM:—You are indeed a godsend to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony. I suffered for years with bearing-down pains, womb trouble, nervousness, and excruciating headache, but a few bottles of Lydia E. Pinkham's Vegetable Compound made life look new and promising to me. I am light and happy, and I do not know what sickness is, and I now enjoy the best of health."

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints,—that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development, and checks any tendency to cancerous humors. It subdues excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and should be relied upon with confidence.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.
