PEST OF GRASSHOPPERS.

They Are Doing Considerable Damage Thirty Miles From Town.

J. N. Suiste, who lives on Butter creek, about 30 miles out, reports that grasshoppers are becoming a serious pest upon his place and upon the farms of others as well. Nearly all the gardens, much of the grain and some of the alfalfa is already badly damaged.

The alfalfa is damaged the least, as yet, but the hoppers are in it, and their numbers are increasing daily, with no indications of growing fewer. A disagreeable feature of the case is the abundant crop of young hoppers. This is unprecedented, as never before, during the greatest abundance of hoppers, has there been more than one crop of the pests in one year.

Piles Upon Top of Piles.

Piles upon piles of people have the piles, and DeWitt's Witch Hazel Salve cures them. There are many different kinds of piles, but if you get the genuine original Witch Hazel Salve made by E. C. DeWitt & Co. of Chicago, a cure is certain. H. A. Tisdale of Summerton, S. C., says: "I had piles 20 years and DeWitt's Witch Hazel Salve cured me after everything else failed." Sold by Tallman & Co.

WEISER PROSPEROUS.

Frank Robinson Visiting Here From the Thriving Idaho Town.

F. Robinson and family, of Weiser, are in town, coming down yesterday. Mr. Robinson comes to look after four residence properties which he rents in this place. He is engaged in the same business to Weiser as here—general amusement parlors.

Business is good in Weiser and the town is growing rapidly. Four brick business houses are in course of erection there now, and three more will be built this summer and fall, and a proportionate number of residences are to be erected.

The completion of the 70-mile government ditch which will cover thousands of acres of land in that immediate vicinity, will add greatly to the yearly output of agricultural wealth there, and its anticipation adds considerably to the present business prosperity there. A steel bridge costing \$70,000 is in course of erection across the Snake river there now, immediately adjacent to the tract of land which will be covered by the government ditch.

Will Work Over Old Dirt.

The news leaked out yesterday that J. H. Davey and son, Frank Davey, the assayer, had purchased the tailings at the old Virtue mine. When interviewed on the subject Mr. Davey said the deal had been closed, and that they estimated there were at least 100,000 tons of tailings in the pile and that it might reach 150,000 tons. The Daveys will erect a cyanide plant on the ground at once capable of handling 50 tons a day, and in the spring will double the capacity of the plant. They would not state the price paid for the tailings, but mining men familiar with the situation believe it to be in the neighborhood of 50 cents a ton—Baker City Democrat.

Teachers' Examination.
