LARGE SHEEP SALE

TEN THOUSAND HEAD SHIPPED FROM MEACHAM.

Six Thousand From J. E. Smith Livestock Company Go to Montana Ranges—Four Thousand From William Slusher to Frye-Bruhn at Seattle—Sales Represent a Total Payment of About \$24,000—Last Shipment May Be Grazed on Cascades for Later Markets.

Today there are being loaded at Meacham 6000 head of sheep, the larger portion of which were purchased of the J. E. Smith Livestock Company. All were bought by Redman, the buyer, for Montana dealers, for the Eastern markets. They are a mixed lot of yearlings, dry ewes and one carload of bucks.

They will be shipped via Pendleton and Umatilla over the Northern Pacific, which will take them to the Montana ranges for summer feeding and fattening. These sheep represent in the neighborhood of \$12,000, as the average price paid for them was about \$2 per head.

Another train load of sheep, 4000 of which were sold by William Slusher, will be loaded at Meacham as soon as the first shipment mentioned is out of the yards. There are 1000 or more in this lot, which were picked up from other parties in small bunches.

This trainload is paid for by the Frye-Bruhn Company, and while most of the animals will probably be disposed of eventually in the Sound markets, yet its immediate destination is

Commercial National Bank OF PENDLETON

Stockholders Liability, \$50,000. Capital, \$50,000.

A FEW FACTS FOR YOUR CONSIDERATION

First. That systematic saving pays. A deposit of \$5.00 a month for five years, with 4 per cent interest computed semi-annually, will yield you \$332.27. Ten dollars a month for the same length of time will yield \$664.60, while in ten years you would have \$1,474.76.

Second. The safety of your money. The well known character and ability of the board of directors and officers is a sufficient guarantee of honest and capable management.

Third. That we take any amount from \$1.00 upwards.

Fourth. That your money is payable on demand.

Fifth. That we pay 4 per cent interest on certificates of deposit and savings accounts, crediting the interest on the saving accounts on the first day of February and August in each year.

Sixth. That we extend to our patrons every courtesy and accommodation in our power, consistent with good banking, and Seventh. That we are under government inspection. We respectfully solicit your business.

STRIKE HURTS STOCK MARKET

BUYERS TAKE ADVANTAGE OF EASTERN SITUATION.

Prices of Fat Cattle Are Hammered Down—Ranges Are Congested and Some Movement Must Be Made to Reduce Number of Stock to Correspond With Amount of Feed in the Country.

The local stock market, especially of fat animals ready for slaughter, is badly demoralized, the cause being principally held to be the packing house strikes, which have virtually annulled all demand. What demand there is, or has been for a week or more, has been nominal. There is no trouble in disposing of fats, but the prices are away below what anybody wants to take. At this time \$2 is being paid in this county for fat cows for shipment, and \$2.75 for fat steers for shipment.

The situation is being used by those interested in the East in bearing the Western market, to bear it below what the conditions really warrant. One inevitable effect is that the local ranges will become clogged with cattle in condition to ship, but which the farmers can not dispose of and must perforce hold on to until they can. Already the range is overstocked with cattle as well as with sheep, and the outlook is very serious.

The prediction is made that by the middle of August there will be considerable suffering among stock, and that the amount of distress will increase in a steady ratio as the season advances unless something happens to relieve the congestion.

All kinds of forage crops, including hay, are in fine condition and promise a large yield, which is a mitigating condition, but unless the ranges are relieved within the next two or three months by heavy sales, the fact will be inconsiderable so far as relieving the prospects of distress is concerned.

In fact, there is not forage enough in sight to make it possible that there will not be a great amount of suffering among the livestock of this county before the winter is over, unless the Eastern demand should become normal and relieve the congestion.

The reason so many sheep are being sold off and shipped out is simply because the sheep must be fed farther east for several months before they are ready for the shambles, and the sheep that are leaving thus do not go direct to the stockyards, as do the fat cattle.

A. O. U. W. GRAND LODGE.

Two Delegates From Pendleton Now at Portland Attending Meeting.

C. P. Davis and John Beam are in Portland attending the grand lodge of the A. O. U. W. as delegates.

There is an interesting fight on in the order over the question of raising the assessment rates, which are very liable, so say the members of the order, to go up from \$3 to \$8 per assessment.

Each grand lodge is supreme within its own jurisdiction, and only when a majority of states have adopted a policy and recommend its adoption by the supreme lodge, does that policy become universal in the affairs of the order. Many who are well posted in the affairs of the order predict a hard fight over the proposition to increase the assessment, but most of them appear to be confident that the increase will be made. A detail in the general situation is that those who carry insurance who are between 50 and 60 years of age, need not, unless they so select, be subject to the increased assessment, provided it should be made. The exemption will be effected by the holder of the insurance computing the insurance which he has paid into the order during all the years he has carried insurance. He will be allowed to take out a new insurance to the amount of this sum, and, doing so, is not afterward subject to the system of increased assessments.

The Woodmen of the World, the Modern Woodmen and the Maccabees are all suspending action on propositions similar in import until the A. O. U. W. arrives at a conclusion one way or the other. The latter being the oldest lodge of this character, its conclusion will have great weight with the other orders.

HALLIGUS BROTHERS SELL.

A. Kunkel Buys Their Interests in Implement Business.

A. Kunkel has bought out his Athena partners, J. F. and E. D. Halligus, and the implement stock which the firm carried at that place is being shipped to Pendleton now, and will be added to the stock carried here by Mr. Kunkel. The Halligus brothers came to Athena 14 months ago from Lewiston, and will return to that place. Their retiring from the business field in Athena leaves one less business firm in that place.

BUYS PROSPECT RANCH.

Joe Vey, of Echo, Invests in Fine Stock Farm on the Grand Ronde River.

Joe Vey, one of the sheep kings of Umatilla county, has just closed a deal for the famous prospect ranch, belonging to J. J. Conley, of La Grande, and situated on the Grand Ronde river about 35 miles from La Grande.

The ranch consists of 2800 acres of mostly pasture land, with a fine timothy meadows, some farming land, and an excellent tributary stock range. The price paid was \$17,500. Conley has been engaged in breed-

ing fine horses, and the farm is well equipped with barns, sheds, pasture facilities and outbuildings, and has always been considered a model stock farm, on account of its rich hay land, and enormous range district which is not claimed by private owners.

Mr. Vey, it is understood, will make it headquarters for his large sheep interests.

MIKE TULLY HELD.

Found Guilty of Selling Liquor to Indians and Trying to Sell to Another.

Commissioner John Halley arrested a stranger giving the name of Mike Tully, on evidence coming under his own observation to the effect that Tully was giving or selling liquor to the Indians. In the hearing, in Mr. Halley's court this afternoon, three Indians testified that Tully sold liquor to one of the trio, and that he tried to sell liquor to the wife of one of them.

Mr. Halley regarded the evidence against Tully as conclusive and held him under \$250 bonds, which he could not give, and he was remanded to jail. Deputy United States Marshal Jacob Probstel being in town, Tully will accompany him to Portland tomorrow for trial.

VAUDEVILLE PROGRAM GOOD.

Howards Captured the Audience at Frazer Last Night.

New life and new tone was introduced into the vaudeville and farce program at the Frazer last night by the singing of Mabel Howard and the comedy sketch work and dancing of the inimitable Sam and Frank.

A change of program will be given tonight and the laugh provoking farce and unexcelled specialties will be offered in a new light.

The Howards are a whole show themselves and are entertainers of the highest order. They are making friends by the score in their able, humorous, clean, irresistible performance.

Splendid Wheat Crop.

It is a matter of certain knowledge that while it is not likely that this year's wheat crop in this county will equal that of 1897, nevertheless the crop will be heavy in yield and magnificent in quality. Men who have raised and bought and judged wheat all their lives believe that very much of the wheat on Wild Horse will yield 40 bushels per acre.

Wallowa Horses Here.

Len Faulkner, of Joseph, Wallowa county, is in the city with a number of work horses for sale. He is accompanied by Mrs. Faulkner, who is visiting at the home of T. M. Lowe, on High street, while in the city.

Marriage License Issued.

A marriage license was issued this morning to Ernest Walden and Nellie A. Purdy, both of this county.

We know that summer, after fooling around so long, is ringing the doorbell at last. The circus and the dude with spats are in evidence.

The man who jollies other people along generally manages to jolly himself along with them pretty well, thank you.

In the Summer.

During the summer month some member of the family is sure to suffer from Cramps, Bowel Complaint or Diarrhoea. Always keep a bottle of Hostetter's Stomach Bitters in the house for such cases. A dose at the first symptom will afford prompt relief. Then it always cures Headache, Belching, Poor Appetite, Nausea, Indigestion, Dyspepsia and Malaria. Try one bottle.
