### MAKES A MINING DEAL.

Former Walla Walla Man Sells Out in Sumpter District.

C. G. Green, formerly of Walla Walla, and step-father of J. H. Duncan of this city, who sold a mining claim in the Sumpter district for a neat sum. The Baker City Herald, speak- ing of the deal, says: C. G. Green reports a big strike on the Oregon Free Gold Mining Com- pany's property, five miles southeast from Durkee. He brings in samples of ore to prove it. He crushed a piece of rock this morning and took out free mill- ing gold to the amount that would average \$2000 per ton. Mr. Green states that they struck a ledge 18 inches wide of this free milling ore, and that it has an in- definite length. It will average \$2, 000 and at many points it pans out even better results. J. W. Hughes is president of the company and John L. Hughes is su- perintendent. They already have a roller mill, but are tearing that away and will put in a stamp mill at once. Shipments of ore will be made to Sumpter in the meantime. The first shipment will be made next week. Seven men are now at work and a larger force will be put on next week. The mine is located in Lost Basin, three miles from the Gold Ridge mine. C. G. Green closed the sale to the company today for three claims lying near the property of the company, for which he received the sum of \$6000.

### Deafness Cannot Be Cured.

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an in- flamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.
