POTWINE DECLINES

FORMER PASTOR CAN NOT ACCEPT A CALL.

Episcopal Church of This City Offered the Pulpit of Rev. W. E. Potwine Now of Honolulu at an Advanced Salary. But His First Impression That the Field Needs Another Man Still Prevails—Wishes His Former Charge Well, But Finally Declines to Return.

Below is printed in full the letter from Rev. W. E. Potwine declining the invitation of the Pendleton vestry to return to the rectorship of the Church of the Redeemer. This declination by Mr. Potwine comes as a great surprise to many members of the Pendleton church, who thought he would probably accept the offer recently made by the vestry, which incorporated a tender of an increased salary. Mr. Potwine writes as follows:

Honolulu, Territory Hawaii, July 11, 1904.

To the Vestry of the Church of the Redeemer, Pendleton, Oregon:

Dear Brethren:—The recent cation of your meeting, extending to me a call to the rectorship of the Church of the Redeemer, was communicated to me by your warden, and has been given careful consideration. I need hardly say that such an expression of confidence and esteem as the call implies, has been received with grateful appreciation, and I am deeply thankful to God for it.

But cordial and unanimous as the call is, and generous as is the promised support, I am constrained to think, as I thought six months ago, that the parish needs another and different sort of a man as its head;

AVOID CHAPS

If we knew anything better than

F. & S. TOILET CREAM,

for healing chaps, cracks and roughness, and keeping the skin smooth, soft and fair, we would have it. Those who try it say our Toilet Cream is the best proposition they ever used and we believe they are right.

Keep F. & S. Toilet Cream on hand and use it, and your face and hands will be free from summer skin discomfort. Daintily perfumed, pleasant to use, heals quickly, and costs little.

25c Per Bottle.

THESE ARE PROSPEROUS DAYS. AND NOW IS THE FITTING TIME FOR YOU TO LAY ASIDE A FUND AGAINST A TIME OF NEED. WE SUGGEST THAT YOU COME TO THIS BANK AND OPEN A SAVINGS ACCOUNT. A DOLLAR IS SUFFICIENT TO START. FOUR PER CENT INTEREST ALLOWED.

CHARITY MAKES QUICK RESPONSE

TWO HUNDRED DOLLARS RAISED FOR MITCHELL.

Mayor W. F. Matlock and H. F. Johnson Circulate petition for Flood Sufferers. Which is Readily Signed—Money Will Be Sent at Once—Committee Finds Open-Handed Charity Everywhere.

Some 20 persons met at the city recorder's office last evening to take some steps toward raising funds for the relief of the people made destitute in different degrees by the cloud-burst at Mitchell.

As a result of their deliberations, a paper is being circulated today by H. F. Johnson and Mayor Matlock, which is being generally signed.

At the time of going to press about \$200 had been subscribed and the committee was still at work. The amount will be sent to Mitchell at once.

Mitchell lies to the southwestward of Pendleton some 156 miles, and at the time of the flood had about 250 inhabitants, of which about half were rendered homeless and practically destitute by the flood, which destroyed 28 residences. A large quantity of outlying property was also destroyed. But two lives were lost, but in proportion to the size of the town the suffering is as acute for the necessities of life and on account of damaged and destroyed sanitary conditions, as at Heppner.

The town was located in a canyon described as being approximately the dimensions of the Dry Creek canyon, in which is located Blue Mountain Station, beyond Athena. That is, as to length and width of the gorge. There the resemblance ceases, as the walls of the Mitchell canyon are very much higher and more precipitous, and almost completely destitute of vegetation.

Very little grain or other crops are raised in that neighborhood, practically the sole dependence of the people being cattle, sheep and horses. The various industries in the place are all supported by the men who follow stock raising.

EXCITING BRONCHO RIDING.

Outlaw Horses Ridden by Experts at Baseball Park.

About 400 people witnessed a very interesting exhibition of rough riding at the ball grounds last night. Not all the horses put up a very hard fight, but several of them furnished a very strenuous five minutes for their riders and plenty of fun for the spectators.

There are comparatively few cities where so many of the spectators could be found who know from experience what good riding is. Probably a score or more of those in the grandstand could have roped, saddled and ridden any horse handled during the exhibition.

This does not imply that the riding was not of the best nor that the horses did not indulge in some hard bucking. It simply indicates that Pendleton has her share of the old-time riders, men who have served their apprenticeship on the range, and who have been on the hurricane deck of a bucking broncho long enough to stay there in spite of what the horse may do to prevent it.

On Sunday afternoon the same riders will repeat the exhibition at the ball grounds and in addition to the riding there will be a balloon ascension. A. J. Hurtubise will make the ascension.

BENEFIT PERFORMANCE.

Howard Vudeville Company Will Aid Mitchell Sufferers.

The Howard Vudeville Company will give a special benefit performance at the Frazer theater tomorrow, Sunday night, for the benefit of the Mitchell flood sufferers.

In response to the appeal for aid from the stricken city, the members of the company generously volunteered to donate 50 per cent of the gross receipts of the performance to this charitable object, reserving barely enough of the proceeds to pay the actual expenses of the night's engagement in the way of labor, lights, rent and other necessary expenses.

As Pendleton has responded generously to every call of charity, this thoughtful and considerate offer of the Howard company, while in the city, will appeal to the public in a stirring manner and the theater should be filled.

Local talent is invited to participate in the performance and add every possible interesting feature to swell the Mitchell fund from Pendleton.

WERE NOT HEREFORDS.

Burr Johnson of Hidaway Raises Nothing But Shorthorns.

Burr Johnson, the Hidaway stockman, takes exceptions to the report that his cattle are grade Herefords. He has no use for the Hereford as compared with the Shorthorn, and his cattle are almost exclusively grade Shorthorns, there being but one animal in the recent sale he made to a buyer from the Sound, that was not Shorthorn.

In his opinion, the best all-purpose cattle for this country is the grade Shorthorn. On scant feed they retain their flesh and shape better, do not gain so easily, and they are prime favorites with all buyers.

The Hereford, he holds, "runs out" easily. Unless constant watch of the strain is kept up, all that the owner

has after a few years is a white face without quality or stamina.

Mr. Johnson has been on the coast 50 years, and constantly in the cattle business for 35 years. He states that the first strain of Shorthorn on the coast was driven through during the forties and bred to the old-fashioned, long-horned Texas stock, which was for years the only cattle on the coast. The increase in the number of Shorthorns was gradual but uniform, from that time until the present.

Mr. Johnson has three carloads of cattle now on the range near Hidaway which will be ready for the market within a month, but he is inclined to the belief that the present depression in prices will not be relieved within that time, and that he will probably hold on to the animals for some time. The mountain pasturage in that country is fine, and all stock are in fine condition.

DROWNED IN CISTERN.

Six-Year-Old Son of George D. Eggerth, of Cold Springs.

Louis Eggerth, aged 6 years and 6 months, son of George D. and Louisa Eggerth, of South Cold Springs, was drowned yesterday morning between 9 and 10 o'clock, in the cistern at the family home.

The child was last seen alive about 9 o'clock. About an hour later the two older children missed Louis, and Willie, the 8-year-old brother, went in search of him, with the result that he saw the body of his brother half afloat in the cistern. The mother was immediately informed of the accident and lifted the body out of the cistern with whatever appliance within her reach. Life was entirely extinct when the body was taken out.

The funeral will be held from the family home tomorrow morning, and the interment will be made in the Cold Springs cemetery.

Will Examine Students.

Prof. J. B. Horner, of the Oregon Agricultural College, will be at Hotel Pendleton on Monday, July 25, to examine students for entrance to the college next term. It is the leading agricultural college of the Northwest, beside furnishing a first-class education in literary and scientific branches. Tuition is absolutely free, board costs \$2.75 per week and books about \$10 per year. Young men and women of Umatilla county wishing to enter this school, should attend this examination without fail.

Weekly Weather Report.

Weather Observer H. F. Johnson reports the following maximums and minimums and rainfall at this point during the past week:

	Max.	Min.	Rain
July 16	71	39	
July 17	76	50	.02 in
July 18	85	53	
July 19	90	50	
July 20	96	50	
July 21	107	61	
July 22	101	63	

Sumpter Papers Are Mad.

Because the East Oregonian "scopied" the Sumpter papers on the biggest Sumpter story of the year, concerning the reorganization and lease of the Golconda, those papers are sulking boyishly and deny the report. The East Oregonian told of the transaction as it actually took place. The Golconda could disappear from the mountain side and the boys at Sumpter would not know about it until the Portland papers or the East Oregonian arrived in camp.

Wheat Farm Sold.

What is commonly known as the "Rigby place," a short distance east of Saxe Station, has been transferred by the First National Bank to William Duff, of this place. This farm comprises three quarters—480 acres, is well improved and one of the exceptionally good wheat farms of the county.

Baker Not Represented.

So far, Baker City nor Baker county have neither appointed delegates to the mass meeting in Portland for the organization of the Oregon Development League.

Weston Farm Sold.

M. A. Bryson has sold to J. H. Clark his 160-acre farm, one and a half miles northwest of Weston, for \$5500. It is a wheat farm and bench land and well improved.

Don't Worry
If your coffee doesn't suit, don't worry—buy Golden Gate
It may cost more per pound but think of the quality. High grade grocers sell it.
1 and 2 lb. aroma-tight tins.

MEN'S RESORT CLOSED.

Will Reopen in September With Full Equipment, in Monterastelli Building.

The Men's Resort has closed its doors for the heated season, and will reopen in new quarters about the first or middle of September. The belongings of the order have been packed and stored in a vacant interior room of the Despain building. The resolution to change quarters was fastened by the request of the lessors that the society make a five or 10 years' lease of the premises, an arrangement which the trustees did not feel justified in making. The present intention is to open the reading room, gymnasium and baths in September in the new Monterastelli building, upstairs.

Postal Examination.

Ten young ladies are taking the examination today as aspirants for the clerkship in the postoffice made vacant by the resignation of Miss Edith Isaacs, and one young man is taking the examination for carrier. The examination is conducted by Ralph Howland.

Jar Rubbers Given Away

As long as this ad stays in the paper will give one extra jar rubber with every jar rubber with every Mason jar.
Large size jelly glass per dozen.
14 1/2 pounds cane glass sauce dishes, 15c.
White semi-porcelain plates, each 5c.
