"SIGNAL LIGHT" GOOD. Margarita Fischer Company Starts Out Well. The Margarita Fischer Company, which opened a week's engagement at the Frazer last night had a good house, considering the number of theater-goers out of town, and the "Signal Light" proved to be entertaining and well presented. The Boise Capital News, in commenting on the Margarita Fischer company, says it is one of the most genteel, up-to-date companies ever visiting that city and recommends them to other cities where they may have engagements.

CAT IN PRISON.

Hemmed in Crevice Between Brick Wall for Two Years. After nearly two years' imprisonment between brick walls four stories high and only a little more than three inches apart, a cat has been rescued by means of a ladder. The feline dropped into the crevice when it was only a few weeks old and has been there ever since—fed and cared for by families residing in the buildings. The prison which it occupied so long is between two buildings in East Fourth street. The crevice is closed in front and back by tin roofing.

Efforts which the kitten made again and again during the early days of its imprisonment to climb up the slippery walls only to fall back were watched with sympathy by the neighbors and they became divided into factions—those who thought the kitten ought to be killed and relieved of its misery, and those who held that while there was life there was hope.

The latter fed the cat and gave it water by means of a long string. Discontented neighbors many times threw it bits of poisoned liver, but the animal never touched it. Meanwhile, the cat grew and every effort was made to release it, but without success.

A few days ago the story became generally known and came to the notice of a cowboy, who, with an old lariat, soon dragged the cat from its prison, thus removing a source of much worry to the Society for the Prevention of Cruelty to Animals—New York World.

Those of you, and there are many who bought their summer dresses at the Peoples Warehouse, come and see the same material sold at one-half the regular price. We propose to make a loss and benefit the public with goods they can use now and not next winter. Remember just three days, Tuesday, Wednesday and Thursday.
