# BEECHAM'S PILLS

**TO SET YOUR LIVER WORKING RIGHT**  
is absolutely imperative if you are to get any comfort from life or nourishment from food. A torpid liver can be a very dangerous condition and should not be neglected. Few medicines act as thoroughly, promptly and safely as Beecham's Pills. They are vigorous but mild, and cause no inconvenience or nausea.

**TO BE RID OF CONSTIPATION**  
There is no remedy quite as good as Beecham's Pills, not only to loosen the bowels but in the after effects. There is no binding up afterwards, as these Pills aid Nature in a natural way. Persons chronically constipated can become regular and be rid of the consequent discomforts formerly theirs by use of BEECHAM'S PILLS.

# "The Breakers"

## Where to Stop at North Beach

The Breakers Hotel is conducted to attract the best patronage, and is a summer hotel that is unsurpassed on the Pacific Coast north of the famous California beach resorts.

The building has an ocean front of 100 feet, is 76 feet wide and four stories high, or 73 feet from the ground floor to the top of the observatory.

It has handsomely furnished rooms, single or en suite, for 250 guests, each room being carpeted.

The house is lighted by electricity with electric lights and electric call bells in every room, and these lights make it one of the most brilliant beacons on the entire coast.

The entire lower floor is thrown open to the public, and, being beautifully carpeted, the spacious reception room and large, airy billiard room always form favorite gathering places for guests. The billiard and pool room is also quite popular for merry gatherings.

An Aeolian and Pianola in the commodious parlor furnishes delightful music at all times, and musicals are pleasant features during the entire season.

The Breakers has a regular orchestra which furnishes music for informal dances and balls, and the large dining room, with its smooth, hard floor, makes an ideal hall for regular dancing parties.

An abundance of fresh and salt water fish, clams, oysters, crabs and other sea food is always on our menu; our entire supply of milk, butter and cream comes from our own herd of Jersey cows, and poultry and eggs are supplied from the hotel farm adjoining the grounds.

There are hot and cold, fresh and salt water baths in the house, with private baths and toilets.

The waves of the ocean at high tide roll within 500 feet of the hotel, and the beach in front is superb for surf bathing.

On the grounds are bowling alleys, golf links, tennis courts and croquet sets; on the lake, just back of the hotel, is a fleet of sail and row boats, and on Shoalwater bay, just east of the lakes, is a gasoline launch for parties of fishermen, picnickers or others who prefer the warm, still-water bathing to the tumbling of the surf.

All trains stop at the railroad station in the hotel grounds, and when crowding into hotel omnibuses or walking in sand is necessary, the hotel ground is a perfect velvety lawn, where the guests are practically landed at the hotel door.

The Breakers Hotel is located at Breakers Station, a regular depot office, where all trains stop. It is one and a half miles north of Long Beach Station.

In purchasing tickets see that they read to Breakers, Wash., and have baggage checked through to that point.

# HARVEST NOW ON

EASTERN OREGON IN  
MIDST OF THRESHING.

Late Sown Spring Grain is Short and Not Well Filled—Yield: Better Than Expected—Some Crops Damaged by Drought in Willamette Valley—Pastures Need Rain—Apple Pest Causes Much Fruit to Drop Off.

Edward A. Beals furnishes the following government crop report for the week: The weather during the week has been unusually warm and dry, which was favorable for harvest work, but it caused the grain to fill and ripen a little too fast. Fall wheat west of the Cascades has mostly been cut and shocked, and east of the Cascades its harvest is progressing rapidly.

But little threshing has yet been done in the Willamette valley. In the Columbia River valley and in Southern Oregon the yields are generally reported to be better than expected. Early sown spring wheat and oats were greatly improved by the rains of last week and they promise from fair to good returns. Late sown spring wheat and oats are thin, heading short, and generally so poor that they are being cut for hay.

Feed on the ranges continues better than usual, but in the Willamette valley pasturage is getting short and stock is beginning to lose flesh. Where properly cultivated bops, gardens, corn, potatoes and field onions are doing well, but they all, as well as pasturage, would be greatly benefited by more rain.

Some spraying has been done in the hopyards, but the hot weather killed most of the lice, and, as a rule, the yards are remarkably free from vermin. Apples continue to drop, but not to an alarming extent, and an average or better than an average crop of apples is expected. Peaches and blackberries are plentiful, and early apples and early pears are ripe.

### Columbia River Valley.

Dufur, Wasco county, Alex. Strachan—Weather very warm and dry; harvesting fully under way; grain appears to be plump and well filled; spring grain light; haying mostly done; gardens and orchards where irrigated doing well; pastures getting dry.

Ione, Morrow county, P. G. Balsiger—Weather favorable for harvesting; occasional hot winds latter part of week; fruit ripening fast; early peaches, apples and apricots will yield about half a crop.

Weston, Umatilla county, M. M. Baker—Weather very warm; harvest under full headway and fine yield of wheat anticipated, despite the damage wrought by the severe tempest two weeks ago; cherries about gone; plums, prunes and apples ripening; all vegetables doing well since the rains; pasturage good and water supply plentiful.

### Plateau Region.

Erwin, Baker county, John Erwin—Showers on footings Thursday and Friday and rain in the valley Saturday morning; first crop of alfalfa secured; yield good; wild hay being cut; average crop; late potatoes doing well; early ones nearly all killed; range on low hills dry, in timber good; apples about half a crop.

Joseph, Walla county, S. M. Crow—Weather warm; alfalfa and clover hay being harvested; the hay crop is heavier than for years, and grain is looking fine; cherries ripe and the crop is fairly good.

Merrill, Klamath county, George Wilson—Weather warm; first crop of hay nearly all harvested; grain doing well and good yields expected.

Owyhee, Malheur county, J. M. Harris—First crop of alfalfa was fine, notwithstanding it had been blown down so it did not get a clean cut; second crop now blooming and also good; potatoes and corn have nearly recovered from the frost of last May, except some that were entirely killed; small grain not injured to any great extent, and the crop is fine; early grain

### CLEANLY WOMAN.

## Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 15c. in stamps for sample to The Herpicide Co., Detroit, Mich.

is now being harvested; apples are average crop in quantity and above the average in quality; not many worms so far; peaches good in quality, but short in quantity; prunes half crop in quantity; pears short in places and plentiful in others; pasturage has been better than for years, and stock is doing well in flesh and milk.

### MONTANA'S NEW INDUSTRY.

Poultry Raising Stimulated in the Great Silver State.

An object lesson that should appeal to every ranchman in Montana who has facilities for raising and shipping poultry is given in some reports of milk and meat inspectors that have been filed with State Veterinarian M. E. Knowles for June.

In addition to inspecting meat, dairies and testing milk, these inspectors are required to send in monthly reports showing the amount of poultry offered for sale in their counties, and how much of it is produced in Montana and what is imported.

There are 10 inspectors and of that number six have so far reported for June. These reports show that 97,440 pounds of poultry were sold in Silver Bow, Chouteau, Yellowstone, Jefferson, Cascade and Missoula counties in June. Of that amount just 3880 pounds were produced in this state, all of the rest being shipped in. Missoula did not import a pound, and it consumed 3780 pounds, while the 2500 pounds consumed in Chouteau 100 pounds were grown in the county.

Silver Bow sold \$6,260 pounds, and it was all imported; Missoula consumed 3780 pounds, all home grown; Chouteau consumed 2500 pounds, and 2400 pounds were imported; Yellowstone consumed 1200 pounds, all imported; Jefferson county people did not report any poultry, so the presumption is they do not care for chickens in that neighborhood; Cascade consumed 3800 pounds, all imported.

### Many Attend Curfew Congress.

St. Louis, Mo., July 27.—An international curfew congress opened today in Festival hall under the auspices of the National Curfew Association, which has for its project the promotion of legislative and other measures intended to protect youths from the vices of the streets. In addition to the delegates from various parts of America there are present at the congress representatives from various bodies in Great Britain, Germany, France, Japan, Mexico, Cuba and other foreign countries. Col. Alexander Hogeland is the presiding officer.

### Long Branch Horse Show.

Long Branch, N. J., July 27.—Society regards the eleventh annual exhibition of the Monmouth County Horse Show Association, which opened here today, as the event of the summer. The show this year consists of 51 classes—eight more than last year—and the prizes aggregate \$5200, which is the largest sum yet distributed among horse owners at the Long Branch show. A notable new feature of the program is the class for four-hand road teams. Another important innovation is a new class for gig horses.

### To Oppose Congressman Wade.

Davenport, Iowa, July 27.—The republican congressional convention for the Second district is in session here today for the purpose of nominating a candidate to oppose Congressman M. J. Wade, the only democratic member of the Iowa congressional delegation. All indications point to the nomination of Albert F. Dawson, who for a number of years has been private secretary to Senator Allison.

### Dakota Trap Shooting.

Grand Forks, N. D., July 27.—The interstate trap shooting tournament under the auspices of the Grand Forks Gun Club opened today. The two days' program provides for eight 15-bird events each day. The large number and high standing of the contestants combine to give promise of the most successful tournament ever pulled off in this state.

### Wisconsin Prohibitionists.

Madison, Wis., July 27.—Prohibitionists of Wisconsin assembled in Madison today for a two days' convention. Nearly every county in the state is fully represented. The convention will name candidates for state offices and decide upon plans for pursuing a vigorous campaign this fall.

### North Carolina Editors.

Moorehead City, N. C., July 27.—Editors of North Carolina, members of the State Press Association, are rounded up at the Atlantic Hotel for their annual convention. Governor Aycock, General Fitzhugh Lee and other men of wide prominence are scheduled to speak during the two days' sessions.

### Holding a Reunion.

New York, July 27.—The men who constituted the state constitutional convention of 1894 began a two days' reunion in this city today. A banquet at Belmont's has been arranged for this evening, and tomorrow a shore dinner at Coney Island will be had.

# One Hundred Dollars Reward.

One hundred dollars is a pretty good reward for five minutes work, yet that is what J. E. Strode, of Walsburg, Wash., got from the East Oregonian in our last subscription contest. He received with the compliments of the East Oregonian, without a cent of expense to himself, a \$100 rubber-tired buggy. We propose to conduct another subscription contest on the following basis:

From now until November 4th we will take new subscriptions sent in by our subscribers and to the one who guesses nearest to the vote received by the winning presidential candidate in this state, we will give one-half of all the money received from this contest.

For example, if you think President Roosevelt will receive the majority of votes in the coming election, fill out the coupon, "Roosevelt's total vote in Oregon will be (.....)," and put in your estimate.

If our subscribers co-operate with us as they have in previous contests and as we expect they will in this, we will take in several hundred dollars and possibly much more, one-half of which will go to the person who guesses nearest to the vote in Oregon for the winning presidential candidate.

There is only one requirement and this is important. **ALL NAMES SENT IN MUST BE THOSE OF NEW SUBSCRIBERS.** Renewals of subscription will not be counted in this contest. Subscribers can participate in this way: Get some neighbor to take the Weekly East Oregonian for four months for 50 cents. Send in a money order for the 50 cents; or in 1c and 2c stamps or silver, accompanied by your guess on the presidential vote. If you do not want to ask some neighbor to subscribe, send in 50 cents and the name of some friend in the East who is interested in the western country. Let him read the Weekly East Oregonian and it will give him more news about the resources of the Inland Empire than you could if you wrote him a 50-page letter a week. For every 50 cents you will be entitled to one guess. If you get four of your friends to take it four months each, you will be entitled to four guesses, or if you get one new subscription for a year for the Weekly for \$1.50 you are entitled to three guesses. Some of our subscribers will get one half of all money taken in on this contest. It may be only \$50, or it may be several hundred dollars, but whatever the sum the one who guesses nearest to the presidential vote in Oregon for the winning candidate, will get one-half of the money.

Remember the guess is on the vote cast in Oregon for the successful presidential candidate.

Only new subscriptions count.

A subscription for 50 cents gives you one guess. You can send in as many subscribers as you wish and for each 50 cents you get one guess.

This contest closes November fourth, so be sure to send in your guess before that time.

The total vote in June, 1904, was 92,608; for republican candidate for supreme judge, 52,946; for democratic, 28,729; socialist, 6419; and prohibition, 5514.
