TO HIDAWAY SPRINGS.

Three Stageloads Left at Early Hour for Mountain Resort.

Three stageloads of Pendleton people, left this city at 4:30 o'clock this morning for Lehman and Hidaway Springs, on the Downey stage line. The continued hot weather is sending many persons to the shade of the mountains and before the week is ended the popular resorts will be crowded.

Those who departed this morning for Hidaway on the Downey stages are: Mrs. Smith and four children, Mr. and Mrs. John McCourt and son, Mr. Fishman and wife, Mr. Wilson, of the Peoples Warehouse, Mr. and Mrs. William Baker and son, Mr. Lehman Springs, Mr. and Mrs. Joe Basler and children, Mrs. William Black and Mrs. W. C. E. Pruitt.

DIVORCE GRANTED.

Mrs. Cheney Also Gets the Children and Four Thousand Dollars.

A conclusion has been reached by agreement in the Cheney divorce case by the granting of Mrs. Cheney's petition for a divorce, granting her also the custody of the two minor children, and dividing the property. The decree and other decisions were rendered yesterday afternoon by Judge Ellis. Mrs. Cheney receives \$4000, of which \$1000 is cash and \$3000 is secured to her by a mortgage on what is commonly known as the Fanning place, near town. Half of the entire amount remains Mrs. Cheney's individual property, the remainder is to be managed and held in trust by her for the children.

DR. CHRISTIE OBJECTS.

Says the Article Copied From Pacific Homestead Was Misleading and Unjust.

Dr. J. Christie, deputy state veterinarian, takes exceptions to an article

AVOID CHAPS

If we knew anything better than

F. & S. TOILET CREAM, for healing chaps, cracks and roughness, and keeping the skin smooth, soft and fair, we would have it. Those who try it say our Toilet Cream is the best proposition they ever used and we believe they are right.

Keep F. & S. Toilet Cream on hand and use it, and your face and hands will be free from summer skin discomfort. Daintily perfumed, pleasant to use, heals quickly, and costs little.

TO CELEBRATE LABOR DAY

PENDLETON UNIONS WILL ARRANGE PROGRAM.

Trades Council Will Take Steps at Next Meeting Looking to the Proper Observance of Labor's Annual Holiday—Business Men Will Be Asked to Assist in the Matter—Success of Last Labor Day Celebration Is Remembered.

While no definite arrangements have been made, it is an assured fact that the Pendleton Trades and Labor Council will observe Labor Day. The first Monday in September is the date of this holiday of the labor unions.

President E. D. Trampleasure, of the council, and Vice President Ed Eben, are both out of the city. Secretary Lou Wenham said:

"I don't know just when the next meeting of the council is to occur. Delegates are to be chosen by most of the unions before the next session. That we will observe Labor Day is assured, but no plans have been mapped out. The occasion will be observed by a parade, sports and speaking."

There are in the neighborhood of 400 members of the various Pendleton labor organizations. The business houses will be asked to assist in the celebration and it is expected that many of them will close and display decorations.

The success of the celebration last held by Pendleton unions gives an impetus to the movement now on foot.

FIRE IN THE FIELDS.

A. C. Friedley Has Narrow Escape From Serious Grain Loss.

A very destructive fire was yesterday afternoon narrowly averted on the A. C. Friedley farm, nine miles northwest of Pendleton. The threshing crew on the Temple place adjoining, saw fire in the stubble and trash near the sack pile on the Friedley place, where was stored the product of several hundred acres of wheat. They immediately ran over to the Friedley place and after a vigorous struggle extinguished the fire after it had burned within three feet of the sack pile—an extremely narrow escape from a heavy loss.

The fire is known to have started in the embers left from threshing operations of the day before, the machine having been moved Monday evening to a neighbor's place. The outfit is owned by a man named Snyder.

Mr. Friedley has threshed only a portion of 900 acres of wheat, and the average yield from the acreage so far threshed is known to be from 28 to 35 bushels per acre, and the quality is first-class.

In the immediate neighborhood are the Temple and Perkins wheat fields, the former comprising 1200 and the latter 200 acres. Therein the yield is known to be, so far as threshing has proceeded, as heavy as in the Friedley fields, and the quality as good.

ECHO'S DELEGATES.

Mayor and Commercial Body Appoint Twenty Representatives to Portland Meeting.

Mayor L. A. Esch, of Echo, is determined that his little city shall be in the forefront at the organization of the Oregon Development League at Portland, August 2, and accordingly has appointed the following well known citizens as delegates: W. H. Boyd, F. B. Van Cleave, H. G. Newport, W. E. Brown, Fred Andrews, O. D. Teel, William Glasson, Cloyd Oliver, Jerome Gulliford, Joe Cunha, with the mayor as a delegate at large.

The Echo Commercial Association and push club has also appointed 10 delegates as follows: W. O. McCarty, Asa B. Thompson, R. N. Stanfield, R. B. Miller, R. C. Judson, Frank Spike, Harry Rogers, D. C. Brownell, J. B. Saylor, with R. B. Stanfield, chairman.

Most of these delegates will attend the meeting and hope to assist in organizing a league which will be of especial benefit to the country districts of Oregon, Echo and vicinity included.

NEW MERCANTILE AGENCY.

A. R. Morgan & Co., of Portland, Establish a Branch Office Here.

Alba R. Morgan, of the firm of A. R. Morgan & Co., Portland, Oregon, general managers of the Northwest for the Van Alstine, Gordon & Co. Mercantile Agency, is here for the purpose of establishing a branch office in this city.

This agency has a world-wide reputation, having been before the public for the past 28 years. Their system of doing business is somewhat different to that of Dun, or Bradstreet agencies, as they handle not only the business of jobbers, manufacturers and wholesale dealers, but also look after the affairs of the retail merchants as well.

Their office will be at 119 East Couprt street. H. V. Lipe will be the local manager.

EYE BADLY INJURED.

Possibility That the Sight Will Be Lost and Eye Amputated.

John Kelly, a harvest hand working in the D. K. Bell threshing outfit on Mr. Bell's place on Tutulla, about three miles southeast of town, had his left eye badly injured yesterday while at work about the machine. He slipped and fell, and a projecting hook caught him squarely across the eyeball. The cornea and the iris were

both torn entirely across, but not so badly mutilated as to necessitate blindness, though that is very liable to be the result should inflammation set in, which can hardly be avoided. It is also an even chance, when all the conditions are measured, that the eyeball will have to be eventually taken out.

Mr. Kelly suffered extremely from the time of the accident until after the wound was dressed. Mr. Kelly is quite well known among the wheat raisers, being a valuable and steady hand. He is about 30 years of age.

HAND HORRIBLY CRUSHED.

Will Wyrick Loses Thumb and Two First Fingers on Left Hand.

Will Wyrick, the well known young farmer who resides in town, was badly hurt Monday evening at 7 o'clock, on the Prospect ranch, of which he is the lessee, near Echo.

Mr. Wyrick was oiling the separator while it was in operation, at the same time resting his left hand on the machinery. The very edge of his blouse sleeve caught in a set of cogs and his left hand followed the sleeve before he could make the slightest effort to extricate himself. He partly jerked himself loose before the machinery could be stopped, but not quickly enough to save the hand, which was crushed and torn.

Mr. Wyrick came immediately to town, to St. Anthony's hospital, and the wounded member was attended by Dr. Cole. It was found necessary to amputate the thumb and the first two fingers back of the knuckles. The third finger was badly torn and bruised, and the little finger was also mutilated. It is possible that the two fingers yet upon the hand may be saved and yet be serviceable. The lacerated parts were, as is usual in such cases, filled with dust, machine oil and other foreign matter, increasing the liability of blood poisoning. Mr. Wyrick is 23 years of age.

Prof. Nowlin's Residence.

Prof. J. F. Nowlin's new residence at 612 Willow street, will probably be ready for occupancy by September 1. It is a two-story structure with a full basement and will have all the modern improvements and finishing touches. Finished the structure will cost about \$4000. J. W. Horn is the contractor. An unusual detail in its construction is that it will not be plastered in any part, but will be lined throughout with shiplap, which will be covered with cloth and painted.

Seaside Resorts.

Among the seaside resorts advertised in the columns of the East Oregonian are the Seaside House, Seaside, Oregon; The Breakers, Long Beach, and Locksley Hall, and Pendleton people visiting the coast are cordially invited to patronize any of these popular resorts.

Final Settlement September 2.

The last report of Mrs. Maggie Taylor, administratrix of the estate of Samuel Rose, deceased, of Weston, was filed this afternoon. The hearing of the report and final settlement of the estate will be made in the probate court September 2.

New City Editor.

Fred L. Earp, of Walla Walla, a well known young newspaper man, has accepted a position as city editor with the East Oregonian, and is cheerfully commended to the people of Pendleton as an affable, efficient young man.

Final Title Received.

Bernard O'Reilly has received his final title from the state school land commission to the south half of section 16, township 3 north, range 31. The land lies five miles north of Barnhart station.

O'Garra-Robbins Building.

The expectation is that the new O'Garra-Robbins building, at the corner of Johnson and Court, will be ready for occupancy by the first of September—possibly a little later. The work is being prosecuted vigorously.

Ill With a Carbuncle.

Peter Rudio is ill from the effects of a carbuncle upon his face. The ailment cannot be but temporary and in no wise dangerous, but it is very painful and annoying.

Jack Matthorn, a 17-year-old boy, was drowned in Snake river near Pittsburg Landing, Tuesday.

"WOODMEN DAY."

State Fair Has Set Aside September 13 for Prize Drill Contests.

Woodmen of the World and members of the Women of Woodcraft will be at Salem, Ore., September 13, to compete for prizes. The Oregon State Fair Association has set aside September 13 as "Woodmen Day," and has hung a purse of \$500 for the best drilled team from either the Woodmen camps or the Woodcraft circles of the state.

The lodge men themselves have offered prizes to the camp and circle bringing the largest number of candidates for initiation. It is estimated that fully 500 tyros will be escorted into the mysteries of the order.

Sold Many Horses.

E. J. Couper, of Union, has returned home after having sold about 45 work horses in this city during the past month. He believes Pendleton is the best horse market in the Northwest, and will hereafter make regular trips here with work horses for sale in harvest time. Mr. Couper owns a fine stock farm and raises a superior grade of farm horses.

If you have to use tell you some mighty interesting things. They will prove book from shriveling up. Write us.

The Elaterite Roofing Co., 10 Worcester Block, Portland, Ore.

Shoe Repairing

I have moved my shop to the second door east of the Sa Ings Bank. Repairing of all kinds done in a workmanlike manner at reasonable rates. As I have been in business here 17 years, I need not speak of the quality of my work for it speaks for itself. My stock of shoes was somewhat damaged by water and the insurance company told me to sell them for what I could get, so I will sell them for less than wholesale price.

CHRIS RANLEY.
