### GENERAL NEWS.

The Krupp gun works are working overtime to turn out immense war orders for the Russian government.

Rear Admiral Philip H. Cooper, commander of the Asiatic squadron, will be retired by age, on August 4.

The arid land reclamation fund set aside under the national irrigation law, now amounts to about \$25,000,000.

The last report on the William C. Whitney estate, which was filed in New York, Thursday, shows the total value to be \$21,334,101.

The packers of St. Joseph have established a relief bureau for the benefit of dependent families of the striking packing house employees.

The textile mill owners say if the employes striking do not accept the reduction and return to work immediately, they will not start the mills before the first of October.

From January 1 to July 26, there have been received at the United States mint at San Francisco, 77,825,856 Japanese yen, which were received into money of the Philippines.

Drought in Germany is severely injuring the crops, all kinds of grain having fallen off one point in the past 10 days. Sugar beets are especially susceptible to injury in the empire, owing to the sandy soil.

General Frederick Funston, commanding the department of the Columbia, has gone to Alaska to review the military posts of the territory, the trip entailing thousands of miles of inland travel, will require all summer.

### NORTHWEST NEWS.

No president has yet been elected for the Lewis and Clark fair corporation, following the resignation of H. W. Scott.

One man who refused to give a right of way, is now blocking the progress of the new electric road from Portland to Salem.

In a drunken fight, Thursday, Fred Wycoff, of Albany, cut Luther Heyne with a knife so badly that a dozen stitches were necessary.

Mrs. Lydia C. Turner, of Portland, has just received \$5000 damages from the Portland street railway for injuries received in a runaway car.

Clackamas county will take up the matter of having an exhibit at the Lewis and Clary fair the county court expressing willingness to appropriate for that purpose.

Canada has promised Colonel H. E. Doseh, superintendent of the Oregon exhibit at St. Louis, and for the Lewis and Clary fair, also that she will exhibit in a fitting manner at Portland next year.

In digging through old records in the state house Thursday, Attorney General Crawford discovered an old mortgage held by Mayor George H. Williams, of Portland, upon the property of L. H. Taffe, of The Dalles, the property now in controversy in the portage road right of way. The mortgage was outlawed years ago.

Frederick Repke, a Russian, who arrived from Russia, Thursday, at Oregon City, says it is necessary to buy a passport out of the country now as the authorities desire to keep every able-bodied man at home to fight. The Russian government tells intending emigrants to this country that people in the United States are now starving to death, because of the density of population.

If you want to buy wheat land, a stock ranch, town property, vacant lots or anything in the real estate line, just drop in and see us.

## BUREAU EXHIBITS

MR. LEROY MEETS WITH A CORDIAL RECEPTION.

Beautiful Products of the Field, Garden and Orchard Are Gathered and Shipped to Portland, and More Will Be — Milton, Freewater and Echo the Principal Contributors so Far.

A. Leroy, representative of the Oregon Information Bureau, returned last evening from Milton and Freewater, where he went to secure an exhibit for the headquarters of the bureau in the Union depot at Portland. He met with great success, and as a result of but one day's canvass among the progressive people of those burgs, has now on the way to Portland several hundred pounds of fruits, vegetables and grains. Those who co-operated most effectively with Mr. Leroy were Mr. and Mrs. E. J. Davis and H. S. Shangle.

Among the features of the Milton-Freewater exhibit which Mr. Leroy values most highly, is the corn exhibit. In that exhibit is a bundle of corn pulled in the field, showing a marvelous development of stalk, foliage and roots. There are many thousands of Oregonians who must yet be shown on the corn question, and to them the corn exhibit will be of particular and convincing interest. Those stockmen and others who are interested in a higher development of the hog and mule industries in Umatilla county know the value of corn as contributing to those industries, and will take advantage of the testimony offered and accepted as a stimulus to further effort. It should be remembered that not a stalk of corn or alfalfa from the Milton-Freewater district in the Portland exhibit was grown by irrigation. Every inch of their startling luxuriance was developed by the natural rainfall.

The fruit exhibit was prepared with a view to making it permanent, as the depot is no place for articles of a really perishable nature. On this account the fruits are all canned. Mr. Leroy says pointedly that not between the oceans, during a long lifetime of travel and observation has he seen anything that will compare with this exhibit and "that all there is to it." He hopes that other localities will equal it when they have their exhibits all in, but it is plain to see that he does not expect any other neighborhood in the state to surpass it.

Mr. Leroy says that one of the prettiest "one things" of the kind that he ever saw anywhere is a five-foot stalk of alfalfa in full bloom, with the full growth of roots appended. This, like the corn, was raised without irrigation.

There is also wheat and rye in the exhibit and nothing finer can be gathered in any wheat and rye district in the United States.

The Echo people have prepared and already forwarded an exhibit about which Mr. Leroy has less personal knowledge, but as it was "worked up" and packed for shipment by H. C. Willis and wife and John Dorn, the Echo postmaster and his wife, and W. W. Wolfe, it is a certainty that it will be fine—undoubtedly as attractive as the Milton exhibit, and essentially of the same character. The people named took an immediate and sympathetic interest in the project, and responded with energy and effectiveness.

Mr. Leroy finds an increasing and intelligent interest in the work of the bureau wherever he goes, and everywhere meets with the most cordial reception as soon as he makes known the character of the work he is engaged in.

### REDMEN ADJOURN.

Roy Ritner Is Re-elected Great Keeper of Records.

The grand lodge of Redmen concluded their sessions at Seaside, Wednesday night, after a harmonious and pleasant meeting. The delegates present were the jolliest and hardest merrymakers at the old seaside resort, and during their stay there, all other crowds and parties surrendered the pennant to the Redmen.

Little outside of routine business was transacted, but life and snap marked the proceedings and even the most prosaic detail of the session was fraught with interest.

The next session of the grand lodge will be held in Portland next year. Most of the delegates remained at the coast for a few days to enjoy the climate and take side trips with friends. The following officers were elected for the ensuing year:

Great sacheem, H. L. Henderson, of Astoria; great senior sagamore, W. H. Conyers, of Clatskanie; great junior sagamore, Marion Irwin; great prophet, George W. Orton, of Portland; great saganap, L. Jacobs, of Ashland; great mashaaway, A. A. Keller of The Dalles; great keeper of the wampum, Jacob Reisch, of Portland; great guard of the wigwam, A. E. Miller, of Seaside; great guard of the forest, M. M. G. Lynn, of Sumpter; great chief of records, Roy Ritner, of Pendleton. Judiciary board, C. E. Foster, of Astoria; L. Breder, of Portland; John Michelle, of The Dalles.

A committee will be appointed soon to revise the constitution, several important changes now being under consideration.

### Good Fight Promised.

Mariboro, Mass., July 29.—There bids to be some fair whirlwind boxing at the opening show of the Highland Athletic club tonight. The main event is to be furnished by Al Delmont of Medford, and Eddie Carr of South Boston. In addition to this bout the club has arranged several promising preliminaries.

### LEVEE REPAIRING.

Two Faulty Places Will Be Mended Early in September.

Councilman Wells estimates the cost of repairing the levee at not to exceed \$150 for both labor and material this fall. The work will probably be done in September—early in the month, from present prospects.

On Water street, close to the Falling building, the facing has been undermined and slipped off for a distance of about 15 feet. The rock lies in the river directly under where it fell from the levee. Six blocks west of main the channel has scoured several feet deeper, close to the levee, than it has ever before done, leaving a place where the levee must be extended directly downward several feet, to prevent its being sooner or later undermined unless the channel should shift away from it, which is not likely, as the tendency of the current is to hug the levee.

It is not likely that either place would accomplish an actual break in the levee inside of a year, or at least many months, unless a violent and persistent flood should come down, but the city authorities seem to be alive to the chances, and will look after the matter assiduously.

### AT THE FRAZER NEXT WEEK.

Howards Will Give Specialties Between Acts of the Fischer Plays.

Commencing on Sunday night, the three Howards will give specialties between the acts of the plays given by the Margarita Fischer company at the Frazer theater.

Next week this sterling company will present some of the strongest bills ever seen in repertoire. Those who have not seen Miss Fischer's work, should do so as she has no equal of her age upon the stage today.

This company is absolutely the best repertoire organization ever seen in Pendleton. They will remain at the Frazer all next week.

### REPAIRS AT CITY JAIL.

Steps Taken to Improve the Sanitary Conditions by Commissioner Brown.

The sewer connections for the city jail have been badly out of order for some time and the place had become very offensive. In consequence, Commissioner Brown has taken the matter in hand, and yesterday overhauled the pipes, putting them in working order and then thoroughly flushed them. Passersby as well as those whose business necessitates close geographical relations with the city jail, will appreciate Mr. Brown's action. It can be easily believed that the prisoners in the jail will be downright thankful.

### Notice.

Billy Leather's express wagon is now at Howard's cigar store. Phone main 2841. Residence, red 333.

The capital stock of the railroads in the United States is more than \$6,150,000,000.

## Through the Skin TO THE BLOOD.

Some of the most stubborn diseases enter into the system through the pores of the skin. The juices of Poison Oak and Ivy and other noxious wild plants, when taken into the circulation, break out afresh each season, and linger on for years unless antidoted and driven out of the system.

Dye Poisoning from wearing colored under-clothing and hosiery is of frequent occurrence.

Workers in Lead, Brass, and other metals are often poisoned by the chemicals and acids used in polishing.

and the dust and filings settling upon the skin. The diseases that enter the system by absorption or through the pores are as deep-seated and dangerous as any, and cannot be reached by washes, salves, or other external remedies. The blood must be purified before getting permanently rid of the disease. S. S. S. acts upon the blood, ridding it of the original poison and restoring it to a healthy, normal condition.

S. S. S. is guaranteed entirely vegetable, and an unrivaled blood purifier. With all impurities removed from the blood, the sores and eruptions disappear from the skin. Write us should you desire medical advice or any information about your case; this will cost you nothing.

### POISON OAK FOR EIGHT YEARS.

When eight years old I was poisoned by handling poison oak, and it would break out on me every spring for eighteen years. Some one recommended S. S. S., which cured me completely, and I have seen no signs of the eruptions for several seasons. Toocosa, Georgia.

MRS. A. N. BENNETT.

Clothing at big reductions.  
Shirt Waists cut 20 per cent.  
Shoes of all kinds reduced 10 per cent.  
Special prices all over the store.

## THE FAIR

### How to Judge Beer

## PURITY

Impossible to find it in most bottled beers, because their preservation is gained through chemical adulteration.

Bottled beers, as well as food products, are often adulterated with chemical preservatives, etc., which for awhile keep them from souring, but are injurious to the stomach. A. B. C. BEER is guaranteed to be absolutely pure and free from any adulterant whatever. It is never exposed to the air (which is germ-laden) but is brewed, fermented and aged for eight months in air-tight compartments, then piped in tin-lined pipes direct to the air-tight bottling machines, where it is bottled, sealed, pasteurized and packed for shipment.

## A. B. C.

The only beer bottled exclusively at the Brewery, therefore the only bottled beer that can be absolutely guaranteed.

The American Brewing Co., St. Louis, U. S. A.

## FIRE ON COURT STREET

Last Friday on the corner of Court and Cottonwood streets I gave an exhibition of what my fireproof paint will do. On a roof that had been painted with "Downer's Everlasting Fireproof Paint," I placed two sacks of shavings and on them poured half a gallon of coal oil and lit it. The fire burned fiercely but did not burn through the shingles. This test should prove the merit of my paint. To those who are interested I will give full information. I can be found at the Alta House evenings or during the day. I can be found for this week at the residence of James Crawford, where I am painting his roof. I am making a special rate to introduce this preparation, and if you want to protect your home from fire and preserve your roof from rotting from the weather, you can save money by using "Downer's Everlasting Fireproof Paint."

Care Alta House,

Address H. DOWNER,  
Pendleton, Oregon.

## The Columbia Lodging House

Well ventilated, neat and comfortable rooms, good beds. In connection, where the goods are served.

Main street, center of block, between 13th and 14th streets.
