#### Bride of Two Months Brings Suit for Divorce Against Lyle Calvert, of Weston.

Married less than two and one-half months, the girl wife of Lyle R. Calvert, of Weston, is seeking a divorce. The defendant and husband has not yet reached his majority, yet he is accused of cruel and inhuman treatment toward his wife, and is alleged to have called her vile names and accused her of immoral conduct.

Lyle R. Calvert and Alma Hall were married in this city May 16, 1904. Soon after their marriage the plaintiff alleges that her husband began a series of abuses against her, such as accusing her of unlawful relations with other men before and after she took her marriage vows. In the presence of the plaintiff and her mother, it is alleged, Calvert called the former's sister vile names.

The complaint states that the defendant is the owner of 160 acres of wheat land near Weston, valued at \$8000, has money and personal property to the amount of over \$2000, and has a valuable wheat crop, yet to be harvested.

The plaintiff, who is but 17 years of age, declares she is destitute and in a delicate condition. She desires an absolute divorce and \$50 a month during the pendency of the action. Mrs. Calvert believes that a one-third interest in the real property of the defendant and \$1000 in money should be hers, and that she be allowed \$400 for attorney and witness fees.

Nellie M. Ricumond, who holds the property of Lyle R. Calvert in trust for him, is named as defendant in the suit. The complaint was filed in the state court this morning by Carter & Raley.

commission of the Lewis and Clark and St. Louis fairs to renew the Oregon exhibits at the Louisiana Purchase Exposition, and Commissioner A. F. Miller, of Sellwood, is at present engaged in making the collections. Mr. Miller will be sent to this morning and has gone to Cayuse, accompanied by Major Lee Moorhouse, the well known photographer, for the purpose of taking a picture of a section of growing wheat.

"I am securing photographs wherever possible," said Mr. Miller, this morning. "These will be hung alongside the exhibits to show just where the grains and grasses came from. I expect to secure a picture today of two combined harvesters at work in the 5000 acre grain fields of W. P. Temple, near this city."

The new exhibits will be sent to St. Louis this fall and at the close of the exposition will be brought back to Portland for display at the Lewis and Clark fair.

Mr. Miller is making a collection of grains and grasses, for the most part. He has a wagonload awaiting shipment at Echo.

### SUPPLYING THE DEMAND.

#### Daily Output of Weston Brickyards is Fifty-five Thousand.

Clark Nelson, manager of the Weston brickyards, was in town yesterday and today. For the first time in several years the yards are able to supply all demands and has, in fact, 1,500,000 surplus now on hand. Rather, these brick are not surplus, but are stock in hand.

The output now is 25,000 pressed brick daily and 30,000 plain brick, and 45 men are at work continually.

### Will Camp in the Woods.

P. P. Collier and wife, J. P. Winter and wife and P. E. Collier and wife will all leave Monday next for Meacham. From that point they will go south for about seven miles and camp out for about three weeks. Either Mr. Collier or Mr. Winter will return after three or four days' absence to resume charge of their law business, the others remaining in the woods.

### Visiting J. M. Bentley.

J. W. Tulloch, a prominent farmer and capitalist of Oakeside, Cal., is in the city visiting J. M. Bentley and looking over the country. Mr. Bentley and Mr. Tulloch were old acquaintances in California, but had not met since 1870, until Mr. Tulloch's arrival here. Mr. Bentley will accompany his friend through the Umatilla county wheat belt, and it is possible Mr. Tulloch will invest here.

## DEATH DUE TO CARELESSNESS

### HAINEY KILLED BY DRUNKEN MAN'S AWKWARD ACT.

Revolver Dropped From Scabbard to the Sidewalk and was Discharged—Hainey Thought He Was Being Fired Upon and Grabbed the Smoking Pistol to Defend Himself—Holverson and Johnson Under Arrest—Funeral Arrangements.

Carelessness on the part of Gus Johnson, while in an intoxicated condition, resulted in the death of Lehman Springs Wednesday night, of Arthur E. Hainey, is the verdict of the coroner's jury.

The inquest was held at Lehman Springs yesterday afternoon by Coroner T. M. Henderson, of this city. The coroner returned home early this morning, and Sheriff T. D. Taylor, having in custody Johnson, and his companion, Neils Halverson, who will be held pending further investigation, will arrive late this afternoon. The body of Hainey was brought to Pendleton last night, and is at Baker & Folsom's undertaking establishment.

A peculiar incident of the shooting of Hainey was brought out at the inquest. Johnson and his companion arrived at the springs early in the evening. They had been drinking, and left a bottle of whiskey at Hainey's stable. About 8 o'clock Johnson started down to the barn to give Hainey a large revolver for safe-keeping.

He carried the weapon, a 44-calibre Colt's, which was in a scabbard, in his right hand. The top of the scabbard was unfastened, and as he walked Johnson swung his arms and the gun dropped out. He was within a few feet of Hainey when the weapon struck the ground and was discharged.

The gun fell behind Johnson and the bullet passed through his left trousers' leg, setting the garment on fire, and then struck Hainey in the abdomen. Both men thought they were being fired at from the stable door and Johnson started to run.

Hainey pitched forward when the bullet entered his body, and seeing the revolver in front of him, grasped it in his hand and raised himself to face what he supposed was an ambush. When picked up and carried into the house, Hainey still held the smoking weapon in his hand.

"The shooting was undoubtedly an accident," said Coroner Henderson, this morning, "but just what action will be taken by the courts in regard to the matter I am not in a position to state. I did not hold an autopsy, the jury not considering it necessary. The bullet that caused Hainey's death entered the left side of the abdomen low down and ranged upward, evidently piercing the smaller intestines and finding lodgment in the back."

The coroner's jury was composed of the following: W. W. Campbell, W. M. Scott, J. D. Shipp, Frank O'Hara, James H. Wood and Edward Besthorn.

The remains of Hainey have been embalmed and will be shipped Sunday to Kansas for interment. Definite funeral arrangements have not been perfected, but it is the intention of the members of the I. O. O. F. and Modern Woodmen of America lodges, of which Hainey was a member, to escort the body to the train.

### CHINESE RESIDENT DEAD.

#### Funeral Conducted After True Oriental Custom Today.

Shoey Ying, a Chinese resident of Pendleton, aged 85 years, was buried this afternoon at 2 o'clock from his late residence in Garden street. Shoey Ying's death occurred Wednesday night and was due to dropsy.

The deceased had lived in this city for several years and his funeral was attended by nearly all the Chinese residents of Pendleton. The funeral was under the direction of Baker & Folsom, but was conducted in true Oriental fashion and according to the rites of the Chinese.

The ever present roast pig was in evidence during the ceremonies. Preceding the hearse to the grave rode a Chinaman who threw away bits of brown paper, punched with holes. It is a Chinese belief that the devils that always pursue the unburied dead must pass through the holes in these papers and are thus delayed in reaching the corpse until it is safe in the soil.

At the grave the personal effects, such as clothing and bedding of Shoey Ying, were burned. Then the mourners returned to their homes, after first leaving the foot on the grave to appease the wrath of the evil ones, who had been cheated of their prey.

### BYERS MAKES A DEED.

#### School District Becomes Owner of Land For East End Building.

The papers whereby the board of directors of the Pendleton schools acquire title to the Byers site, where the east end school is to be located, were signed yesterday afternoon. The work of excavating and laying the foundation for the building will begin as soon as convenient for the contractors.

By the articles of agreement, W. S. Byers, from whom the site was purchased, will fill all sloughs on the property and get the land in condition for the builders.

Excavation work on the west end school foundation is progressing rapidly and it is thought the lay out

the masonry will commence early next week.

### Surveying a New Road.

County Surveyor Kimbrell is at Athena today, and in company with F. H. Beathe and Robert Jameison will view a road petitioned for around the hill about a mile and a half east of Weston. The road now runs over the hill, and it is a difficult and unprofitable route. The proposed road will be approximately a mile and a half long, and while considerable grading and occasional filling will be necessary to get it ready for travel, it is believed it will be a profitable investment in the saving of horse flesh and of wear and tear to vehicles.

### Valuable Threshing Outfit.

R. Raymond, of Stanton Station, has bought an entirely new \$5000 threshing outfit, and will begin operations with it at once. He has 600 acres of his own wheat to thresh and 1400 acres of his neighbors' wheat contracted. Mr. Raymond discarded a wornout threshing plant, which he has used for many years. W. G. Holder has just returned from Mr. Raymond's ranch, where he did all the carpentering necessary to put the new threshing plant into commission—such as building a new cook house, new header boxes, etc.

### Will Attend Lecture.

Miss Sadie Baum left on last night's train for the west. At Portland she will take the steamer for San Francisco, and will spend a month or so at Berkeley, attending lectures which are a part of the summer course at the university. During the month she will also take post-graduate studies on the piano of Prof. Mansfield, in San Francisco. She will return by rail and stop at Eugene for a visit of a few days during the early part of September.

### Has 300 Acres Fine Wheat.

J. W. Brock, of Portland, arrived last night and this morning went to Athena. Mr. Brock has 300 acres of very fine wheat near Hillsdale, and will remain in that neighborhood for a month or more, or until the crop is out of the way. Mr. Brock was a resident of Walla Walla for 20 years and was superintendent of the city schools there when graded schools were instituted. His son, W. F. Brock, is circulation manager of the Oregonian.

### Looking for Location.

H. C. Thomas, of Colusa, Cal., is in town today. This is his first trip into the district, and he is highly pleased with the business outlook generally. He is looking for a location for a saloon and is already the proprietor of two saloons in California. From here he will go to Walla Walla, and may invest in that place, as it has been highly recommended to him.

### Good Wheat Around Here.

C. T. Walker and wife, of Ione, were the guests yesterday of S. P. Hainey and wife, of South Main street. Mr. Walker is engaged in the general merchandise business at Ione. He states that the wheat crop in that district is much better than last year. The range in the neighborhood is badly eaten off. Mr. and Mrs. Walker have just returned from a visit to Spokane.

### Insurance Adjuster Goes Home.

H. Bryant, a special fire insurance adjuster, left last night for Albany, Or. He came to Pendleton to adjust the fire loss of L. L. Rogers, whose grain field near Adams, was destroyed by fire a day or two ago. While here he also adjusted the loss of J. F. Thompson, whose residence at Bingham Springs was burned Tuesday.

### Has Bought on North Side.

Superintendent-elect F. K. Welles has bought of Prof. Nowlin the latter's north side residence on Garfield street, and will occupy it as soon as it is vacated, which will be when Mr. Nowlin's new residence is completed. Mr. Welles' family consists of himself, his wife and his aged father.

## LABOR PLENTIFUL.

### J. C. Spoonemore C /s There Are Four Men to Each Job.

"There are four men to every job," remarked J. C. Spoonemore, a local employment agent, but he explained the labor situation fully, by adding that of the four men for every job, only three of them would work when positions were offered them.

"The farmers," he continued, "are experiencing but little trouble in securing all the help they need, and on the other hand, most of the men who desire employment are not disappointed."

## Shoe Repairing

I have moved my shop to the second door east of the Savings Bank. Repairing of all kinds done in a workmanlike manner at reasonable rates. As I have been in business here 17 years, I need not speak of the quality of my work for it speaks for itself. My stock of shoes was somewhat damaged by water and the insurance company told me to sell them for what I could get, so I will sell them for less than wholesale price.
