### FOR INLAND TRADE

WALLOWA PEOPLE CRY FOR OUTLET TO MARKET.

Rich Valley is Hemmed in Behind Almost Impassable Mountains, and Products Cannot Be Hauled to Market Profitably—Lewiston is Appealed to to Build a Road to Reach a Boat Landing on Snake and Thus Give an Outlet for Wallowa Trade.

F. S. Johnson of Flora, Or. is in the city, having delivered a bunch of fat hogs to Lewiston buyers, says the Lewiston Tribune. Mr. Johnson has been a resident of the Wallowa country for the past 15 years and has seen the stock and agricultural industry develop to its present prominence.

Fifteen years ago when Mr. Johnson settled in the Wallowa valley there were no settlers in that part of the country. The country is now giving a large business each year to Lewiston and Astoria merchants.

There are 100 voters in the four precincts and the population is increasing very rapidly each year. The trade of this section has reached such importance that Elgin is offering inducements for the patronage.

"The road question is a serious one with our people," said Mr. Johnson, "but we have always dealt largely with Lewiston and it seems the most logical point for our business to come to."

"The only possible chance for the business to be diverted from Lewiston would be the building of good roads out to the railroad at Elgin. The roads to Lewiston are now almost impassable and all freight is handled at a great expense.

"There is one logical way for Lewiston and Astoria to serve our country and that is to assist in the building of a road to the mouth of the Grande Ronde river to connect with the boat line that could be operated to that point any time a steamer can reach Lewiston."

OREGON AT ST. LOUIS, Exhibit and Building Do Great Injustice to the State.

"I am almost ashamed to admit that I am an Oregonian," When George E. Chamberlain, governor of the state of Oregon, a few days ago walked forth from the state building at the Louisiana Purchase Exposition, he is said to have so expressed to his companions.

"The Oregon building at the St. Louis fair," said a prominent Umatilla county resident, who was with the governor when he so declared himself, "is the cheapest looking structure at the exposition.

"An old log cabin such as may occasionally be seen way back where the touch of civilization has not been felt, is where Oregon holds forth. With its old stockade around it, the scene is such as to give the uninitiated Easterner the impression that we of the Weibfoot state are still living among savages and that the reproduced old Fort Stevens is typical of the average Western home.

"Briefly to sum up Oregon's exhibit," and the speaker grinned, "it consists of a few sheaves of wheat, Major Lee Moorhouse's Indian pictures and Colonel H. E. Dosch.

"When I reached the exposition grounds, of course, I wanted to see our building, and I must confess it was a bluish that mantled my brow when I caught a glimpse of the place. There was scarcely anyone at the little house. The little party of Oregonians, of which I was a member, entered the place and there alone in his splendor sat Colonel Dosch, commissioner extraordinary. He looked lonesome, and we felt embarrassed.

"A sigh of relief escaped us when we again reached the outside air and the welcome sounds of the Pike reached our ears."

WHITMAN PROSPECT. Prof. W. D. Lyman Returns From a Tour in Interest of the College.

The fall attendance at Whitman college at Walla Walla, is expected to be larger than ever before in the history of the institution. W. D. Lyman, professor of history at the college, arrived in Pendleton this morning from Pocatello, Idaho, where he has been in the interests of the school.

"We expect to enroll 450 students at the college this fall," said Dr. Lyman. "Last season there were 355 registered. I have been away from Walla Walla for three weeks in the interests of the college and have been successful in securing a large number of new students. I will be in Pendleton until Tuesday."

Dr. Lyman has promised to deliver a sermon Sunday morning at the First Presbyterian church. The service will begin at 11 o'clock. In the evening Mr. Lyman will speak at the union services at the First Baptist church, beginning at 8 o'clock.

Mrs. Atchinson Called East. Mrs. W. S. Atchinson was called to Wellington, O., Thursday, by a message announcing the serious illness of her sister, Mrs. C. H. Allen, who visited here last summer. Mr. and Mrs. Allen spent several weeks at the home of Mr. Atchinson, about a year ago, and made many acquaintances in the city during their stay.

New York Rural Letter Carriers. Ithaca, N. Y., July 30.—The New York State Rural Letter Carriers' Association is holding its annual convention here today with Warren E. Deafness Cannot Be Cured. By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

An Honest Confession. People of The Dalles were compelled to blush when the Goldendale brass band appeared on the street here Sunday. When a town the size of Goldendale can support a band of 14 pieces that discourses excellent music, and The Dalles cannot boast of any bands at all, it looks like we ought to be ashamed of ourselves.—Times-Mountaineer.

No Pity Shown. "For years fate was after me continuously," writes F. A. Gullledge, Verbena, Ala. "I had a terrible case of piles, causing 24 tumors. When all failed Bucklen's Arnica Salve cured me." Equally good for all aches and pains. Only 25c at Tallman & Co.'s drug store.

### "The Breakers"

Where to Stop at North Beach

The Breakers Hotel is conducted to attract the best patronage, and is a summer hotel that is unsurpassed on the Pacific Coast north of the famous California beach resorts.

The building has an ocean front of 100 feet, is 76 feet wide and four stories high, or 73 feet from the ground floor to the top of the observatory.

It has handsomely furnished rooms, single or en suite, for 250 guests, each room being carpeted.

The house is lighted by electricity with electric lights and electric call bells in every room, and these lights make it one of the most brilliant beacons on the entire coast.

The entire lower floor is thrown open to the public, and, being beautifully carpeted, the spacious reception room and large, airy halls always form favorite gathering places for guests. The billiard and pool room is also quite popular for merry gatherings.

An Aeolian and Pianola in the commodious parlor furnishes delightful music at all times, and musicals are pleasant features during the entire season.

The Breakers has a regular orchestra which furnishes music for informal dances and balls, and the large dining room, with its smooth, hard floor, makes an ideal hall for regular dancing parties.

An abundance of fresh and salt water fish, clams, oysters, crabs and other sea food is always on our menu; our entire supply of milk, butter and cream comes from our own herd of Jersey cows, and poultry and eggs are supplied from the hotel farm adjoining the grounds.

There are hot and cold, fresh and salt water baths in the house, with private baths and toilets.

The waves of the ocean at high tide roll within 200 feet of the hotel, and the beach in front is superb for surf bathing.

On the grounds are bowling alleys, golf links, tennis courts and croquet sets; on the lake, just back of the hotel, is a fleet of sail and row boats, and on Shoalwater bay, just east of the lakes, is a gasoline launch for parties of fishermen, picnickers or others who prefer the warm, still-water bathing to the tumbling of the surf.

All trains stop at the railroad station in the hotel grounds, and no crowding into hotel omnibuses or walking in sand is necessary, since the hotel ground is a perfect velvety lawn, where the guests are practically lauded at the hotel door.

The Breakers Hotel is located at Breakers Station, a regular ticket office, where all trains stop. It is one and a half miles north of Long Beach Station.

In purchasing tickets see that they read to Breakers, Wash., and have baggage checked through to that point.
