It is believed that some of the wheat crop of Tom Kerr, of Juniper Canyon, will yield 40 bushels per acre and the quality is known to be excellent. Ora and Frank Holdman have cut their 400 acres of wheat. Nothing conclusive could be learned about the yield, further than that it is good, both as to quality and yield. Simpson & Schubert are operating their harvesting plant in the Juniper country, beginning operations on Mr. Simpson's crop, which is said to be extra good. Estimates on Mr. Simpson's crop generally agree that a large portion of the acreage will yield 40 bushels per acre.

SMALL WHEAT FIRE.

Henry Lorenzen Loses Four Acres on the Reservation.

At 12 o'clock yesterday Henry Lorenzen, a tenant of Amos Pond, whose farm adjoins the Presbyterian mission on the reservation, lost between four and six acres of standing wheat by fire.

The fire originated with sparks from Mr. Lorenzen's thresher engine, which had just gone by, removing from one stand to another in the field where the fire took place.

A large number of people assembled immediately, including those who were attending the mission services, but their efforts availed almost nothing. Had it not been for the summer fallow which the fire reached after about burning over 15 acres of stubble, there is no question but that the fire would have been widespread and disastrous, as it had in line several of the finest grain properties on the reservation, and was driven before a north wind.

The loss is fully covered by insurance written by Major Moorhouse.

DEATH OF AN INFANT.

Funeral Will Be Held Tomorrow at Presbyterian Church.

The infant son of Puri Bowman and wife, of 213 West Court street, died at the family home at 10:30 last night of some obscure bowel trouble. The child had been ill from birth, and nothing could be done for it that was of permanent effect. Mrs. Bowman took the babe to Meacham a week ago in hopes that it would be benefited by the mountain air, returning yesterday in a buggy, and arriving in the early evening. The funeral will be held at 10 a. m. tomorrow at the Presbyterian church, conducted by Rev. Van Nuys.

The Cheerful Idiot.

"When the prettiest girl of the town," began the Cheerful Idiot, "goes to the beach and gets so sunburned that the skin comes off her face and arms, what part of a church service does that shedding performance represent?"

Everybody ate on in silence and paid not a particular attention to the question.

"Why," said the Cheerful Idiot, as if they had all taken the liveliest interest in his questions, "the peeling of the bell, of course."—Baltimore American.

To the Blue Mountain Eagle he stated that he met with an excellent sale of all his animals that were in good flesh, and that before returning home he put a few head in pasture, which will be sold as soon as they have increased some in flesh.

Brewery Trust Sued.

The town of Mt. Vernon, Wash., has brought suit in the superior court against the Seattle Brewing & Malt Co. to force it to pay two years' license, amounting to \$1000. The complaint alleges that the brewing company has failed to pay the \$500 annual license for a saloon in that place since January, 1902.
