DEMOCRATS OF HOOSIERDOM

INDIANA DEMOCRATS NOMINATING TODAY.

Lively Contest for Various Places on
the Ticket—National Election Gives
Some Interest to the Local Cam-
paign—Hearst Manager Will Prob-
ably Be Named for Secretary of State.

Indianapolis, Ind., August 3.—The
democratic state convention was called
to order in Tomlinson Hall at 11
o'clock this morning. The conven-
tion will nominate candidates for gov-
ernor, secretary of state, treasurer of
state, auditor, attorney general, re-
porter of the supreme court, state sta-
tistician, superintendent of public in-
struction and two judges of the su-
preme court.

The convention opened with a pros-
pect of lively contests for the various
places on the ticket. Prior to the St.
Louis convention there appeared to be
a dearth of aspirants for places on
the democratic state ticket, but with
the nomination of Parker and the
selection of Thomas Taggart of this
state for chairman of the national
committee the party leaders believe
they will be able to swing Indiana
into the democratic column this fall.

Those most prominently mentioned
for the various nominations are: For
governor, G. V. Menzies of Mt. Ver-
non, W. W. Stevens of Salem, Judge
Samuel N. Hench of Fort Wayne, W.
A. Cullop of Vincennes, Nelson J. Bo-
zarth of Elkhart, Samuel Ralston of
Lebanon, and Thomas H. Dillon of
Petersburg; for lieutenant governor,
F. E. Herring of South Bend, and U.
S. Jackson of Greenfield; secretary
of state, J. O. Henderson; treasurer
of state, Henry C. Berghoff of Fort
Wayne, and E. W. Mennau of Salem;
auditor of state, James R. Riggs of
Sullivan; superintendent of public in-
struction, Samuel E. Scott of Jeffers-
on; reporter of the supreme court,
Henry C. Yergin of Newcastle.

Strong efforts are being made to
have J. O. Henderson nominated for
secretary of state. Henderson was
the Hearst manager in Indiana previ-
ously to the democratic national con-
vention, and it is argued that his nom-
ination would go far toward bringing
about a complete reconciliation of the
two factions of the party in Indiana.

MILLIONAIRE BY CHANCE.

Unknown Young Man Made Legatee
for a Million on His Birthday.

New York, August 3.—This was a
happy day for Alfred C. Bourne, son
of Frederick G. Bourne, whose home
is at Oakdale, L. I. The young man
became of age today and as a birth-
day present he received \$1,000,000 left
to him by Corman Clock, who acted
as sponsor at young Bourne's baptism.

Mr. Clock was president of the
Singer Sewing Machine Company, of
which Frederick G. Bourne was also
an official. The latter, upon the
death of Mr. Clock, assumed the of-
fice of president of the company,
which he still retains.

The fortunate young man who be-
came a millionaire over night cele-
brated his good luck by giving a re-
ception today at his parent's home,
Indian Neck Hall.

state convention here today for the
nomination of candidates for govern-
or and other state officers. The
Bryan element insists that only a
"regular" democratic or, in other
words, one who supported the national
ticket in 1896 and 1900, should
head the state ticket, but as the con-
servative wing of the party, headed
by D. J. Campau, is in supreme con-
trol of the convention the demands of
the Bryan men are likely to receive
but scant consideration. Edwin F.
Sweet, mayor of Grand Rapids, Jus-
tus S. Stearns of Ludington, and Geo.
D. Jackson of Bay City, are among
those whose names are mentioned in
connection with the gubernatorial
nomination.

Grazing Commission Meets.

Denver, Col., August 3.—The spe-
cial land commission appointed by
President Roosevelt last December
began a three days' meeting in Den-
ver today to discuss the question of
grazing on arid lands and forest re-
serves, with a view of making a re-
port to the president which will be
the basis for a bill to be presented to
congress to settle these questions.
The commission consists of W. A.
Richards, F. H. Newell and Gifford
Pinchot. Before presenting its re-
port to the president the commission
will consult with a number of repre-
sentative stockmen who have been in-
vited to attend the present meeting.

OREGON'S INSANE

INCREASE FOR AUGUST
WAS SIXTEEN PATIENTS.

Total Number Now in the Asylum,
1,371—Fifty-Five Patients Received
During July. Largest Month's Record
in the History of the Institution
—Eleven Discharged as Recovered.

Salem, August 3.—Superintendent J.
F. Calbreath of the Oregon Insane
Asylum yesterday made his report to
the asylum board of trustees of the
work and business of the institution
for the month of July. Dr. Calbreath
summed up conditions as follows:
"The general health of the institu-
tion has continued to be good
throughout July.

The number of patients received
this month has been the largest in the
history of the asylum, being 55—51
of which were new commitments, and
four readmissions. Number discharg-
ed, 27; died, 10; eloped, 2; making
an increase in population of 16.

"I find it necessary to furnish and
equip the upper ward of the new cot-
tage, which we hope to do within the
next two or three weeks.
"We are getting along quite well
with harvesting, and, while the yield
of both hay and grain will be short,
we will have enough to supply our
own needs for the coming year."

The average daily number of pa-
tients at the asylum during the
month of July was 1369 26-31, and
there were 168 officers and employes,
making the total daily number of
boarders at the institution 1537 36-31.

Heavy Growth of Grass.

Reports from the Ize country state
that the oatmeal meadow and timothy
hay has grown larger than for many
years. The height of the grass is in
some instances, as high as a man's
head, and almost hiding him even
when riding through it on a fair-sized
horse. The section may be expected
to turn out some choice fat stock by
the end of the season.—Grant County

Miss Booher is Recovering—Death of
Child Caused by Green Apples—
Child Ill With Dropsy—Blackleg
Among Cattle—Huckleberry Crop is
a Failure—Coyotes Numerous and
Troublesome.

Briggson, August 1.—Mrs. Booher
was called to Athena last week by
the illness of her daughter, Ella. At
the present writing she is very much
improved.

Henry Golberg is erecting a very
neat and substantial log house on his
recently purchased farm.

Julius, youngest son of Mr. and Mrs.
Pomburn was buried at Athena last
Friday. Death was due to eating
green apples, which caused cholera
morbus.

Mr. and Mrs. C. Ross' baby is very
low with dropsy, and is not expected
to live. It was taken to Weston Sat-
urday, where it is hoped it will soon
recover.

Mat Mattson is erecting a large
barn on his ranch. When completed
it will be one of the finest and largest
barns in this vicinity.

Blackleg is making its appearance
in this community, L. J. McAtee hav-
ing lost one young calf, and C. A.
Brucher, four yearlings.

The youngest child of Mr. and Mrs.
Ira Henderson, is recovering very
rapidly from its recent illness.

On account of showers interfering
with logging Mr. Smith was compelled
to shut down his sawmill for a few
days last week.

John Falk is hauling lumber for a
barn, which he is intending to erect
this fall.

On account of late frosts the huck-
leberry crop will be a complete failure
around this place.

Coyotes are becoming too numer-
ous and of late have been making the
nights hideous with their serenading.
Several farmers report having lost
a number of chickens by them.

Mrs. James Compton is able to be
up and around again. She was ill for
a few days with a severe cold on her
lungs.

There is more Catarrh in this section of
the country than all other diseases put
together, and until the last few years was
supposed to be incurable. For a great
many years doctors pronounced it a local
disease and prescribed local remedies, and
by constantly failing to cure with local
treatment, pronounced it incurable. Sci-
ence has proven Catarrh to be a constitu-
tional disease and therefore requires con-
stitutional treatment. Hall's Catarrh
Cure, manufactured by F. J. Cheney &
Co., Toledo, Ohio, is the only constitu-
tional cure on the market. It is taken inter-
nally in doses from 10 drops to a tea-
spoonful. It acts directly on the blood
and mucous surfaces of the system. They
offer one hundred dollars for any case it
fails to cure. Send for circulars and tes-
timonials.

The hedgehog runs the roads in Eng-
land freely. He is a quaint little fel-
low, our hedgehog, having far more
intelligence than people give him credit
for. It is curious, as you stand per-
fectly still in the middle of the road, to
see him come running along, then stop-
ping to sniff and whine and examine the
high, strange object that hardly
breathes lest he startle the little crea-
ture. Then, with a gentle grunt, he
will pass you by. A very low yet de-
cided grunt he gives, and he whines as
well.—Blackwood's Magazine.

A most painful custom at French
funerals is the posting at the exit door
of the church wherein the ceremonies
take place of the male head of the de-
ceased person's family, the widower
or the eldest son or brother, whose
duty it is to shake hands with every
person who has been present at the ob-
sequies when once they are over and
people are going away. It is not et-
quette for the gentleman to speak to
anybody, but if he is moved to tears
his weeping is considered a most ap-
propriate action.

Mr. Deepe—I want you to sit right
down and write to Mrs. Jenks invit-
ing her to view the parade from our house.
Mrs. Deepe—I thought you said the
route was almost sure to be changed,
so that our house will be cut out?

Mr. Deepe—It will be changed, and
the parade will pass her house now.—

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now
Facts of Science.

It is the rarest thing in the world for
a man to be necessarily bald. No man
whose hair is not dead at the roots, need
be bald if he will use Newbro's Herp-
icide, the new scalp antiseptic. Herp-
icide destroys the germ that cuts the hair
off at the root; and cleans the scalp of
dandruff and leaves it in a perfectly
healthy condition. Mr. Mannett, in the
Maryland Block, Butte, Mont., was en-
tirely bald. In less than a month Herp-
icide had removed the enemies of hair
growth, and nature did its work by cov-
ering his head with thick hair an inch
long, and in six weeks he had a normal
suit of hair. Sold by leading druggists.
