Jack Brigham, whose place is on the Reservation, about eight miles from town, has in 500 acres of wheat which is threshing out 25 bushels, and the quality is fine. Mr. Brigham cut with a header and threshed with a stationary of his own.

R. M. Alcorn, who lives 12 miles northwest of Pendleton, has just threshed 300 acres from which he harvested 3700 sacks, averaging 135 pounds. Ed Terney and Al Norton of the same neighborhood, have enjoyed about the same yield.

Robert Manning, who is farming the William Temple place, on Middle Cold Springs, about nine miles north of town, is today finishing cutting 240 acres of wheat with combines. The average yield is 25 bushels per acre, and the quality is excellent.

The vestry is in correspondence with several eligible candidates for the rectorship of the Church of the Redeemer and believe that a choice will be made before many weeks. There will be no services at the Church of the Redeemer tomorrow.

During the absence of Mrs. Rose Campbell her assistants are having the millinery store overhauled, a process which involves putting in additional shelving and show cases, and a general rearrangement. All of which makes a striking change in the interior.

The CHURCHES

Baptist Church—The pastor has chosen for his theme Sunday morning, "Elijah." Remember, the Sunday school meets at 10 o'clock. Although the season has been so warm, the attendance has been encouraging. Are your children in Sunday school? We will join in the union services in the South Methodist church Sunday evening.

South Methodist Church—In the absence of the pastor, at our Sunday morning service, we will have with us Rev. Jonathan Edwards of the Congregational church. Let there be a good attendance to greet Brother Edwards on Sunday. This church is the meeting place for the union services on Sunday evening. Young people's meeting at 7 o'clock and preaching at 8, sermon by Rev. G. L. Hall.

M. E. Church—Services for Sunday are as follows: Sunday school, 10 a. m.; A. J. Owen, superintendent; preaching service, 11 a. m.; class meeting 12 m. All are cordially invited to these services. Owing to the union services at the Southern Methodist church there will be no services in our church in the evening.—B. F. Brown, local preacher.

Showers of Grasshoppers.

Countless numbers of grass hoppers began dropping in the streets last night and this morning the sidewalks and store entrances were covered with thousands of the insects, dead and alive. This reason for this strange phenomenon is not known. The clouding of the sky and the approach of a storm is thought may have caused the hoppers to seek shelter. Around arc lights the insects were the thickest and within the globes and on the ground beneath were myriads of dead.

Building Machine Sheds.

J. Peters, who lives between Cold Springs and Middle Cold Springs, is having a 12-foot windmill erected to replace the mill which blew down some time ago. Mr. Peters has just broken ground for a combined granary and machine sheds, which will cost \$500, and is to be completed some time this fall. Lewis Ladeux has the contract for the stone work, including the foundation, and George Riordan has the contract for the carpentering.

Will Move to Pendleton.

W. E. Davidson, formerly of Sumpter, was here between trains today. Mr. Davidson, who has been conducting a general brokerage business in Baker City, has purchased the real estate and insurance interests of the late E. B. Boyd, of Pendleton, and will move his office there the middle of the month. Mr. Davidson thinks Pendleton one of the best towns in Eastern Oregon.—Sumpter Miner.

Digging 50 Acres of Potatoes.

L. G. Pell and John Ferguson have begun digging their 50-acre field of potatoes on the Armstrong place adjoining town directly on the south. The yield is known to be unusually heavy, but the work has not progressed far enough to determine how much it will be per acre.

Daily Average 410 Sacks.

Alva Pierce, who lives near the state line, about 25 miles northwest of Pendleton, is cutting 800 acres of wheat with his own combine, and it is threshing out between 30 and 35 bushels per acre. One day this week this combine turned out 447 sacks of grain, and its daily average has been 410 sacks ever since cutting began.
