After spending over \$5000 in elegant new furnishings, George Cruise will give a grand opening of the new Hotel Cruise in the Martin building, at the corner of Webb and Cottonwood streets, on Monday night, August 8.

The furniture is now in place, the painters, paper hangers and carpenters are putting the finishing touches on the elegant apartments this afternoon and on Monday evening at 8 o'clock the doors will be thrown open to the public.

Everybody is invited to visit the hotel on the occasion of the opening and inspect it throughout. Mr. Cruise has spared neither money nor pains to make this a first-class hostelry and that he has succeeded will be proved on a visit to the house.

There is an elegant office at the foot of the stairway, where patrons will be registered and where Mrs. Cruise will reside. The main parlors are on the second floor on the Webb street front, one of them furnished in Flemish oak of unique and beautiful design, the other front parlor being furnished in mahogany.

HEAT IS TERRIBLE

HOTTEST DAY EVER RECORDED HERE WAS FRIDAY.

Combined Harvesters Lying Idle for Fear of Horses Being Killed by the Heat—Usual Cool Temperature of the Nights Did Not Make Its Appearance But Mercury Hovered Around 88 All Night.

The hottest day ever experienced in Pendleton, is the way the old-timers refer to the weather of Friday. During the day the thermometer reached 109 degrees, and during the night it refused to leave the eighties and ranged close to 88 for several hours after midnight.

Generally in the early hours of the morning there was no aenatment and when the sun arose it casts its burning rays down upon a town not yet recovered from the heat of the day before.

"During the quarter of a century I have been a resident of Pendleton," remarked A. W. Nye, this morning, "I never experienced such a warm night before."

Northeast of Pendleton on the Hudemans ranch, it has been so hot for the past three days that two combined harvesters are lying idle. Horses are used as motive power and the proprietors are fearful of working them, lest the animals be over-come by the heat.

Carpenters at work on the north side of the river in this city were obliged to lay off this morning.

Unofficial thermometers in various parts of town this morning gave the temperature in the shade at from 97 to 100 degrees.

REV. POTWINE'S WORK.

Private Letter From Honolulu Tells of His Present Field.

A private letter speaks of the new work of Rev. W. E. Potwine, the former rector of the Church of the Redeemer in Pendleton, in a way that may be of interest to many of the readers of the East Oregonian.

Mr. Proctor, of Cincinnati, O., supports the mission of St. Elizabeth's House, at Honolulu in memory of his wife. Mr. Potwine's work is among the Chinese at this mission, and the ground has been purchased for the building of a beautiful new chapel and also a new rectory for the use of a missionary.

This will add greatly to the pleasure that Mr. Potwine already has in his work in Honolulu, where missions among the Chinese are counted the most satisfactory of all.

The teachers, clergy and bishop speak in glowing terms of the characteristics of the Chinese as they know them there, and Mr. Potwine is no less enthusiastic.

THREW OUT HIS GOODS.

Martin Compton Evicts Steve Borsch From a Residence.

The fact that Martin Compton failed to convict Steve Borsch of calling him vile names and threatening to knock his head off, did not end the trouble between the two, and now Borsch is seeking aid of the courts.

Borch occupied a house in College street, the property of Compton. It is alleged he failed to vacate when Compton desired the place, and the latter then placed a padlock on the door. Borch coming home the other evening, found the door fastened and broke the lock and entered. When Compton remonstrated, he declares Borch called him names. But this he was unable to prove in court the next day.

This morning Borch complained to the police that Compton had thrown his belongings out in the street. Both the city attorney and his deputy being absent from the city, and the regular justice gone, the matter is in abeyance.

CANDIDATE FOR INSPECTOR.

John Rust, of Butter Creek, Will Have Petition Before the County Court.

In addition to the petitions of A. H. Sunderman, J. E. Bean, James Hackett and S. P. Gould for stock inspector, to be presented to the county court, at the next term, the people of Butter creek will present the name of John Rust, backed by a large petition of representative stockmen.

Mr. Rust is a well known citizen and is said by his friends to be highly qualified for the position he seeks. His supporters are making a hard fight for his appointment and will come to the county court with what they consider the strongest petition to be presented by any candidate for the office.

Abe Miller of Pilot Rock, has scoured the southern portion of Umatilla county with J. E. Bean's petition and has secured a heavy support for the present incumbent, who is making a hard fight for the retention of the position.

OFFICERS WILL INVESTIGATE.

Case of Cruelty Reported From McKay Which Demands Attention of the Courts.

A correspondent writing to the East Oregonian from McKay Creek, recites a case of unparalleled cruelty from that locality, which will probably be investigated by the officers.

The step-father of a 5-year-old girl, is said to have beaten the little child into insensibility, in a fit of anger, threatening to deal a like treatment to his older sister, who interfered. The matter will be reported to the sheriff's office and an investigation may be looked for at once.

SUIT CAUSED FIGHT.

Athena Citizens Engage in a Fistic Encounter Over a Note. The latest chapter to be added to

the troubles of Moses Taylor since his wife sued for divorce, occurred in Athena Thursday afternoon, when the farmer and R. J. Boddy, a butcher, against whom he has brought action to recover on a promissory note, met in a fistic battle. Just what passed between the two men is not known, but they suddenly began fighting. Friends stopped the fracas before either man was injured.

Taylor filed suit against Boddy and his wife in this city Wednesday, to collect \$1624.38 and costs.

More Wheat to Be Sown.

Narcisse Bushman believes that considerably more wheat will be sown on the reservation this fall than last. In the first place, the unusually heavy yield for the reservation this year is a great encouragement; second, a large acreage of reservation land lay fallow this summer because the early rains forestalled its being cropped this season, and it is probable that very nearly all this fallow land will be sown to wheat this fall instead of waiting to put it into spring crops next year.

HIS AGE SAVED HIM

GLENN WHITE ROBBED ROOMMATE LAST NIGHT.

Young Lad Stranded Receives Money and Ticket From Home, Blows in the Money and Robs G. Wyant at Hotel Eastern—Because of His Tender Age He Will Be Sent Home to His Mother Tomorrow Morning.

Although by his own confession he is guilty of robbing a sleeping man of his purse and money, Glenn White, a 16-year-old boy will not be prosecuted. White was arrested this morning upon complaint of G. Wyant, who accused the boy of stealing \$6.55 from him last night at the Eastern Hotel in Webb street. The hearing was to have been held at 1 o'clock this afternoon, but upon the boy's confession and the willingness of the prosecuting witness to drop the matter, the action was dismissed.

Young White yesterday received a ticket from his mother in Milwaukee, Wis., and he will be taken to the depot tomorrow morning and placed aboard the train by the marshal.

The boy has been in Pendleton for several weeks, working at odd jobs. When arrested he was at the depot awaiting a train. White has been away from home a little over a year. Recently he wrote home for money and his mother sent him \$5 and the ticket. The money arrived yesterday, but the lad spent it.

Last night he secured a bed at the Eastern Hotel. Wyant was the other inmate of the room and when the latter rose this morning he missed his purse and \$6.55. He suspected the boy and secured his arrest. When taken, White had a purse which Wyant identified as his own, and \$6.55 in money. The boy declared that the \$5 was the one sent him by his mother. Later he confessed and said he was stranded and needed the money.

"To convict the boy," said acting Justice John Halley, Jr., "would mean a term in the penitentiary, and would not help to improve his morals any. Inasmuch as he has a ticket home, and says he wants to get back to his mother, I believe we are doing the right thing in allowing him to go. I hope he will profit by the lesson."

Large Camping Party.

A party has left town and will camp on Meadow creek, above Starkey prairie in the neighborhood of A. B. Noble's ranch. They will be absent for a couple of weeks. It is one of the largest single camping parties that has left town this season. It is composed of A. D. Noble and wife, Miss Lizzie Noble, Adam Noble, Alfred Horn, Charles Bloom, Stella Gilliland and Gladys Rahe.

Cutting Partnership Wheat.

J. Peters and Eugene McColey are cutting 500 acres of partnership wheat between Middle Cold Springs and North Cold Springs, which is averaging 30 bushels per acre, and the quality is fine. Progress in it is slow on account of the rains and winds of some time ago having lodged the grain considerably.

Miss Danner Returned.

Miss Josie Danner returned this morning from Newport, where she has been for some time on her vacation. Miss Danner reports the weather at Newport as delightful, and the Pendleton colony as enjoying themselves greatly.

Grain Was Lodged.

D. Richmond, near Warren Station, and George Ness, near South Cold Springs, had considerable trouble cutting their wheat because it had been lodged by the rain and winds. However, their average was 25 bushels per acre, and the quality is fine.

Case of Typhoid Fever.

Blanche, the 3-year-old daughter of E. W. Prettyman, who lately came from Custer county, Nebraska, is ill with a mild form of typhoid fever. The family resides on East Webb street.

Thirty-five Bushels to the Acre. Herman Soule, whose place is about 10 miles north of Pendleton, has finished cutting and threshing 320 acres of fine wheat which averages 35 bushels to the acre.

Marriage Licenses.

License to marry was issued today by County Clerk Frank Saling to Oscar Shirkey and Miss Asneath Patterson, both of Umatilla county.

Born to the Brigham's.

There was born to Jack Brigham and wife of the reservation August 2, a daughter.

CATTLE FROM HEPPNER.

Eight Hundred Head Bought for Utah Ranges.

Heppner, Aug. 6.—E. H. Clark, the Utah stockbuyer, shipped this morning about 400 head of cows, with calves by their side, making a total of some thing like 800 head of cows and calves, from the Heppner yards.

This stock was all bought in Morrow and Grant counties, John Kinsman in Morrow, and H. A. Murphey in Grant, each buying 200 head of cows and calves.

The stock will be shipped to Utah and Colorado and placed on the range. The prices paid for the stock ranged about as follows: Two-year-old cow and calf, \$18; 3-year-old, \$20.

Hot Weather for Hoboes.

Almost choked with the heat and dust, two tramps emerged from beneath the Pullman coach of the passenger train from Spokane last night and without waiting to shake the dirt from their clothing, dodged out of sight behind the long string of freight cars standing on the side track. It is presumed the men boarded the train at Walla Walla.
